

Hybrid Surcharge comparable to or less than rates currently assessed for certain AIM orders submitted in all products (with certain exceptions) and the proposed SPX AIM Hybrid Originator Surcharge is equivalent to the existing AIM Agency/Primary Surcharge which likewise applies to AIM Agency/Primary orders in SPX/SPXW (when the Exchange is operating in a screen-based only environment).

The Exchange does not believe that the proposed rule change in connection with SPX AIM Hybrid Surcharges will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed surcharges apply only to an Exchange proprietary product, which is traded exclusively on Cboe Options, and for orders executed in an auction on the Exchange.
