

course of dealings reasonably calculated to contribute to the maintenance of a fair and orderly market and their other Market-Maker obligations. Therefore, the Exchange also believes the proposed rule change furthers the objectives of Section 6(c)(3) of the Act,¹² which authorizes the Exchange to, among other things, prescribe standards of financial responsibility or operational capability and standards of training, experience and competence for its Trading Permit Holders and person associated with Trading Permit Holders. The Exchange believes that the proposed rule change will generally protect investors as it is designed to support the overall purpose of the rule in permitting open outcry Market-Makers to continue to conduct their business as intended—providing liquid markets on the Exchange's trading floor without having to quote electronically.

Finally, the Exchange believes that the proposed rule change to remove the rollout provision for new classes will remove impediments to and perfect the mechanism of a free and open market and national market system because it removes a provision that is no longer necessary as a result of the full transition of all classes listed on the Exchange to trading on the Exchange's System. All Market-Makers in new classes, and likewise all new Market-Makers, will continue to have the opportunity to acclimate to their market making obligations in newly appointed classes as they will be equally subject to the electronic volume threshold pursuant to Rule 5.52(d)(1) and (d)(2) upon starting out.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act, because the proposed rule change will apply in the same manner to all Market-Makers, in that, all Market-Makers that incidentally reach (or have incidentally reached) the Electronic Volume Threshold will have the opportunity to request that Exchange consider a reset of the threshold. In addition to this, the proposed deletion of the new class rollout period would not impose any burden on competition as it merely removes a rollout period related to the

Exchange's prior transition of classes to its former Hybrid System that is no longer necessary. All new classes and all new Market-Makers will be equally subject to the electronic volume threshold pursuant to Rule 5.52(d)(1) and (d)(2) upon starting out.

The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the Electronic Volume Threshold applies only for the purposes of determining when a Market-Maker is subject to certain quoting obligations on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

SECURITIES AND EXCHANGE COMMISSION

[Release No. IA-5696]

Notice of Intention To Cancel Registration Pursuant to Section 203(H) of The Investment Advisers Act of 1940

March 9, 2021.

Notice is given that the Securities and Exchange Commission (the "Commission") intends to issue an order, pursuant to section 203(h) of the Investment Advisers Act of 1940 (the "Act"), cancelling the registration of BWM Advisory LLC [File No. 801-108290], hereinafter referred to as the "registrant."

¹³ 17 CFR 200.30-3(a)(12).

¹² 15 U.S.C. 78f(c)(3).

Section 203(h) of the Act provides, in pertinent part, that if the Commission finds that any person registered under section 203 of the Act, or who has pending an application for registration filed under that section, is no longer in existence, is not engaged in business as an investment adviser, or is prohibited from registering as an investment adviser under section 203A of the Act, the Commission shall by order, cancel the registration of such person.

The registrant indicated on its Form ADV that it is no longer eligible to remain registered with the Commission but has not filed a Form ADV-W to withdraw from Commission registration. As a result, it appears that the registrant is prohibited from registering as an investment adviser under section 203A of the Act. Accordingly, the Commission believes that reasonable grounds exist for finding that the registrant is not eligible to be registered with the Commission as an investment adviser and that the registration should be cancelled pursuant to section 203(h) of the Act.

Notice also is given that any interested person may, by April 3, 2021, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the cancellation, accompanied by a statement as to the nature of his or her interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted, and he or she may request that he or she be notified if the Commission should order a hearing thereon. Any such communication should be emailed to the Commission's Secretary at Secretarys-Office@sec.gov.

At any time after April 3, 2021, the Commission may issue an order cancelling the registration, upon the basis of the information stated above, unless an order for a hearing on the cancellation shall be issued upon request or upon the Commission's own motion. Persons who requested a hearing, or who requested to be advised as to whether a hearing is ordered, will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof. Any adviser whose registration is cancelled under delegated authority may appeal that decision directly to the Commission in accordance with rules 430 and 431 of the Commission's rules of practice (17 CFR 201.430 and 431).

1. *Retaining Employment and Talent After Injury/Illness Network (RETAIN) 0960-NEW*

Background

The Social Security Administration (SSA) and the U.S. Department of Labor (DOL) are undertaking the Retaining Employment and Talent After Injury/Illness Network (RETAIN) demonstration. The RETAIN demonstration will test the impact of early intervention strategies to improve stay-at-work/return-to-work (SAW/RTW) outcomes of individuals who experience work disability while employed. We define "work disability" as an injury, illness, or medical condition that has the potential to inhibit or prevent continued employment or labor force participation.

SAW/RTW programs succeed by returning injured or ill workers to productive work as soon as medically possible during their recovery process, and by providing interim part-time or light duty work and accommodations, as necessary. The RETAIN demonstration is loosely modeled after promising programs operating in Washington State, including the Centers of Occupational Health and Education (COHE), the Early Return to Work (ERTW), and the Stay at Work programs. While these programs operate within the state's workers' compensation system, and are available only to people experiencing work-related injuries or illnesses, the RETAIN demonstration provides opportunities to improve SAW/RTW outcomes for both occupational and non-occupational injuries and illnesses of people who are employed, or at a minimum in the labor force, when their injury or illness occurs.

The primary goals of the RETAIN demonstration are:

1. To increase employment retention and labor force participation of individuals who acquire, or are at risk of developing, work disabilities; and
2. To reduce long-term work disability among RETAIN service users, including the need for Social Security Disability Insurance and Supplemental Security Income.

The ultimate purpose of the demonstration is to validate and expand implementation of evidence-based strategies to accomplish these goals. DOL is funding the intervention approaches and programmatic technical assistance for the demonstration. SSA is
