

SUPPLEMENTARY INFORMATION:

AmeriCorps Seniors has proposed an electronic collection technique of an online survey as a way to minimize the burden of the collection of the information. The survey will be submitted only once per grantee and estimated time for completion is less than 30 minutes, based on staff testing of the survey. The survey will be submitted electronically, can be completed across multiple technical platforms, and questions have been crafted for ease of reporting and efficient collection. The survey will be complemented with an in-depth set of instructions. Staff will also be available to provide individualized assistance, if needed.

Comments

Title of Collection: AmeriCorps Seniors Alternative Service Plan Reporting.

OMB Control Number: 3045–0035
Type of Review: New Information Collection.

Respondents/Affected Public: Nonprofit organizations that are grantees of AmeriCorps Seniors.

Total Estimated Number of Annual Responses: 1,100.

Total Estimated Number of Annual Burden Hours: 550 hours.

Abstract: The information provided by the survey will enable AmeriCorps to learn if and how current grantees are engaged in service during the COVID–19 pandemic.

Additionally, it provides information to AmeriCorps Seniors about how soon grantees can begin in-person service activities and the likelihood they can do so. This will enable AmeriCorps Seniors to better target training and technical assistance to grantees. Information collected will also influence the decision as to extending the March 31 deadline of the temporary allowance—the small payments made to volunteers who are unable to serve due to COVID–19—in lieu of their traditional stipend.

Dated: March 10, 2021.

Director, AmeriCorps Seniors.

Public Participation

There are three ways to become involved in the Commission's review of this project: You can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The

deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on May 7, 2021. How to file protests, motions to intervene, and comments is explained below.

Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,¹ any person² or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,³ and must be submitted by the protest deadline, which is May 7, 2021. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁴ and the regulations under the NGA⁵ by the intervention deadline for the project, which is May 7, 2021. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the

¹ 18 CFR 157.205.

² Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

⁴ 18 CFR 385.214.

⁵ 18 CFR 157.10.

FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission’s Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before May 7, 2021. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP21–60–000 in your submission. The Commission encourages electronic filing of submissions.

(1) You may file your protest, motion to intervene, and comments by using the Commission’s eFiling feature, which is located on the Commission’s website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on “eRegister.” You will be
