Food and Nutrition Service

Title: Supplemental Nutrition Assistance Program Requirement for National Directory of New Hires Employment Verification.

OMB Control Number: 0584–0608.

Summary of Collection: This collection is a revision of an expired collection at 84 FR 11928. In 2016, an Interim Final Rule titled "Supplemental Nutrition Assistance Program: Requirement for National Directory of New Hires Employment Verification and Annual Program Activity Reporting," was published in the **Federal Register**. This rule codified section 4013 of the Agricultural Act of 2014, requiring State agencies to access employment data through the National Directory of New Hires (NDNH) at the time of certification, including recertification, to determine eligibility status and correct benefit amount for SNAP applicants. The rule also amended regulations to increase the frequency of the requirement for State agency submission of the Program Activity Statement from an annual requirement based on the State fiscal year to a quarterly requirement.

Need and Use of the Information: Supplemental Nutrition Assistance Program (SNAP) regulations at 7 CFR 272.16 require that each State agency must establish a system to compare identifiable information about each adult household member against data from the U.S. Department of Health and Human Services' (HHS) National Directory of New Hires (NDNH). This comparison will be used to determine the eligibility status of the household and determine the correct benefit amount the household should receive. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate

automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Description of Respondents: State and Local Government, Individuals and Households.

Number of Respondents: 1,180,536.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 521,719.

Ruth Brown,

Departmental Information Collection Clearance Officer.

SUPPLEMENTARY INFORMATION:

Title: Consumer Complaint Monitoring System.

OMB Number: 0583-0133.

Expiration Date of Approval: 9/30/2021.

Type of Request: Revision of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, unadulterated, and properly labeled and packaged.

FSIS is requesting a revision of the approved information collection regarding its Consumer Complaint Monitoring System (CCMS) web portal. The Agency has increased the burden estimate by 575 hours due to increased use of the Agency's updated, more user-friendly web portal that supports more direct communication. The approval for this information collection will expire on September 30, 2021.

FSIS tracks consumer complaints about meat, poultry, and egg products.

Consumer complaints are usually filed when food makes a consumer sick, causes an allergic reaction, is not properly labeled (misbranded), or contains a foreign object. FSIS uses a web portal to allow consumers to electronically file a complaint with the Agency about a meat, poultry, or egg product. FSIS uses this information to look for trends that will enhance the Agency's food safety efforts.

FSIS has made the following estimates based upon an information collection assessment.

Estimate of Burden: The public reporting burden for this collection of information is estimated to average 15 minutes per response.

Respondents: Consumers and organizations.

Estimated Number of Respondents: The CCMS web portal will have approximately 3,000 respondents.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: The total annual burden time is estimated to be about 750 hours for respondents using the CCMS web portal.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Mailstop 3758, South Building, Washington, DC 20250-3700; (202) 720-5627.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.

Responses to this notice will be summarized and included in the request

for OMB approval. All comments will also become a matter of public record.
