Sections 4812(b)(7) and 4814(b)(1)(B) of the Export Control Reform Act (ECRA), authorizes the President and the Secretary of Commerce to issue regulations to implement the ECRA including those provisions authorizing the control of exports of U.S. goods and technology to all foreign destinations, as necessary for the purpose of national security, foreign policy and short supply, and the provision prohibiting U.S. persons from participating in certain foreign boycotts.

Export control authority has been assigned directly to the Secretary of Commerce by the ECRA and delegated by the President to the Secretary of Commerce. This authority is administered by the Bureau of Industry and Security through the Export Administration Regulations (EAR). The ECRA is not permanent legislation, and when it has lapsed due to the failure to enact a timely extension, Presidential executive orders under the International Emergency Economic Powers Act (IEEPA) have directed and authorized the continuation in force of the EAR.

The collection is necessary under Part 748.11 of the EAR. The BIS-711 or letter provides information on the foreign importer receiving the U.S. technology and how the technology will be utilized. The BIS-711 or letter provides assurances from the importer that the technology will not be misused, transferred or re-exported in violation of the EAR.
