Safer Choice Partner of the Year Awards for 2021; Call for Submissions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Safer Choice program in the Environmental Protection Agency (EPA) is accepting submissions for its 2021 Safer Choice Partner of the Year Awards. EPA developed the Partner of the Year Awards to recognize the leadership contributions of Safer Choice partners and stakeholders who, over the past year, have shown achievement in the design, manufacture, selection, and use of products with safer chemicals, that further outstanding or innovative source reduction. EPA especially encourages submission of award applications that show how the applicant's work in the design, manufacture, selection and use of those products promotes environmental justice, bolsters resilience to the impacts of climate change, results in cleaner air or water, or improves drinking water quality. All Safer Choice stakeholders and program participants in good

standing are eligible for recognition. Interested parties who would like to be considered for this award should submit to EPA information about their accomplishments and contributions during 2020. There is no form associated with this year's application. EPA will recognize award winners at a Safer Choice Partner of the Year Awards ceremony in the fall of 2021.

DATES: Submissions are due on or before May 31, 2021.

ADDRESSES: Please submit materials by email to saferchoice_support@abtassoc.com and copy rutsch.linda@epa.gov. II. Background

As part of its environmental mission, the Safer Choice program partners with businesses to help consumers and commercial buyers identify products with safer chemical ingredients, without sacrificing quality or performance. Toward this end, the Safer Choice program certifies products containing ingredients that have met the program's specific and rigorous human health and environmental toxicological criteria. The Safer Choice program allows companies to use its label on certified products that contain safer ingredients and perform, as determined by expert evaluation. The Safer Choice program certification represents a high level of achievement in formulating products that are safer for people and the environment. The purpose of the Partner of the Year Awards is to recognize the leadership contributions of Safer Choice partners and stakeholders who, over the past year, have shown achievement in the design, manufacture, selection, and use of products with safer chemicals, that further outstanding or innovative source reduction. EPA especially encourages submission of award applications that show how the applicant's work in the design, manufacture, selection and use of those products promotes environmental justice, bolsters resilience to the impacts of climate change, results in cleaner air or water, or improves drinking water quality.

III. How can I participate?

To be considered for a Partner of the Year Award, candidates should notify the Safer Choice program of their interest. They should submit supporting information on their accomplishments and contributions focusing on calendar year 2020. There is no form associated with this year's application. Candidates interested in learning more about the Partner of the Year Awards should refer to the Safer Choice website: <https://www.epa.gov/saferchoice/safer-choice-partner-year-awards>.

FEDERAL COMMUNICATIONS COMMISSION

[DA 21-79; MB Docket No. 21-20, FRS 17583]

Auburn Network, Inc., License Revocation Proceeding for Radio Stations in the Auburn, AL Market

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: This document commences a hearing to determine whether, in light of recent felony convictions, the licensee of stations in the Auburn, AL market is qualified to hold FCC authorizations, and consequently, whether licensee's current license authorizations should be revoked, whether the applications for renewal of various licenses should be granted, and whether the application for an FM translator construction permit should be granted.

DATES: Persons desiring to participate as parties in the hearing shall file a petition for leave to intervene not later than April 23, 2021.

ADDRESSES: File documents with the Office of the Secretary, Federal Communications Commission, 45 L St. NE, Washington, DC 20554, with a copy mailed to each party to the proceeding. Each document that is filed in this proceeding must display on the front page the docket number of this hearing, "MB Docket No. 21-20."

FOR FURTHER INFORMATION CONTACT: Albert Shuldiner, Media Bureau, (202) 418-2721.

SUPPLEMENTARY INFORMATION: This is a summary of the Hearing Designation Order (Order), MB Docket No. 21-20, DA 21-79, adopted February 10, 2021, and released February 11, 2021. The full text of the Order is available online by using the search function for MB Docket No. 21-20 on the Commission's ECFS web page at www.fcc.gov/ecfs.

Summary of the Hearing Designation Order

1. The Order commences a hearing proceeding before the Commission to determine whether multiple felony convictions render licensee, Michael G. Hubbard (Hubbard), unqualified to hold FCC authorizations, and consequently, whether license authorizations should be revoked under sections 312(a)(2) and 312(c) of the Communications Act of 1934 (Act), 47 U.S.C. 312(a)(2) and 312(c) for stations WANI(AM), Opelika, AL, WGZZ(FM), Waverly, AL, W242AX, Auburn, AL, W254AY, Auburn, AL, W294AR, Auburn, AL (Stations). The hearing proceeding will also determine

whether the application filed by ANI for an FM translator construction permit (Application) should be granted. This revocation proceeding and designation of the Application for hearing stems from Hubbard's multiple felony convictions under the Alabama Code of Ethics for Public Officials, Employees, Etc. (Alabama's Ethics Act), which raise a substantial and material question of fact as to Hubbard's character qualifications. ANI also seeks assignment of the Stations' licenses, and requests an exception of the Commission's *Jefferson Radio* policy prohibiting assignment or transfer of a license when character qualifications are pending against the licensee.

2. A broadcast licensee's authorization to use radio spectrum in the public interest carries with it the obligation that the station serves its community, providing programming responsive to local needs and interests. Broadcast licensees are also required to operate in compliance with the Act and the Commission's rules (Rules). Pursuant to section 309(e) of the Act, 47 U.S.C. 309(e), the Commission is required to designate an application for hearing if a substantial and material question of fact is presented regarding whether grant of the application would serve the public interest, convenience, and necessity. In determining whether an applicant is qualified to be a licensee, the Commission considers the character of the applicant. Section 312(a)(2) of the Act, 47 U.S.C. (312)(a)(2) provides that the Commission may revoke any license if conditions present would warrant refusal to grant a license or permit. Because the Commission considers character qualifications in its review of applications, a character defect that would warrant the Commission's refusal to grant a license in the original application would likewise support a Commission determination to revoke a license or permit.

3. Non-FCC misconduct may raise substantial and material questions of fact concerning the licensee's character. The Commission considers evidence of felony convictions because felonies are serious crimes and conviction indicates an applicant's propensity to obey laws and conform to provisions of the Act, Rules, and Commission policies. Hubbard has been convicted of six felonies, raising a material and substantial question of fact as to whether he, and by extension, ANI, possess the character qualifications to operate the Stations in the public interest, or to hold any other Commission authorization. Therefore, a hearing is required to ascertain whether
