SUPPLEMENTARY INFORMATION: The Privacy Act of 1974, as amended (5 U.S.C. 552a) provides certain protections for individuals applying for and receiving federal benefits. The law governs the use of computer matching by federal agencies when records in a system of records (meaning, federal agency records about individuals retrieved by name or other personal identifier) are matched with records of other federal or non-federal agencies. The Privacy Act requires agencies involved in a matching program to:

1. Enter into a written agreement, which must be prepared in accordance with the Privacy Act, approved by the Data Integrity Board of each source and recipient federal agency, provided to Congress and the Office of Management and Budget (OMB), and made available to the public, as required by 5 U.S.C. 552a(o), (u)(3)(A), and (u)(4).

Participating Agencies

The Department of Health and Human Services (HHS), Centers for Medicare & Medicaid Services (CMS) is the recipient agency, and the Department of Veterans Affairs (VA), Veterans Health Administration (VHA) is the source agency.

Authority for Conducting the Matching Program

The statutory authority for the matching program is 42 U.S.C. 18001 *et seq.*

Purpose(s)

The purpose of the matching program is to assist CMS in determining individuals’ eligibility for financial assistance in paying for private health insurance coverage. In this matching program, VHA provides CMS with data when a state administering entity (AE) requests it and VHA is authorized to release it, verifying whether an individual who is applying for or is enrolled in private health insurance coverage under a qualified health plan through a federally-facilitated health insurance exchange is eligible for coverage under a VHA health plan. CMS makes the data provided by VHA available to the requesting AE through a data services hub to use in determining the applicant’s or enrollee’s eligibility for financial assistance (including an advance tax credit and cost-sharing reduction, which are types of insurance affordability programs) in paying for private health insurance coverage. VHA health plans provide minimum essential coverage, and eligibility for such plans precludes eligibility for financial assistance in paying for private coverage. The data provided by VHA under this matching program will be used by CMS and AEs to authenticate identity, determine eligibility for financial assistance, and determine the amount of the financial assistance.

Categories of Individuals

The categories of individuals whose information is involved in the matching program are:
