

products ship with vulnerable or out-of-date components.

The first meeting of this multistakeholder process was held on July 19, 2018, in Washington, DC.<sup>2</sup> Stakeholders presented multiple perspectives, and identified several inter-related work streams: Understanding the Problem, Use Cases and State of Practice, Standards and Formats, and Healthcare Proof of Concept. Since then, stakeholders have been discussing key issues and developing products such as guidance documents. NTIA acts as the convener, but stakeholders drive the outcomes. Success of the process will be evaluated by the extent to which broader findings on software component transparency are implemented across the ecosystem.

The first set of stakeholder-drafted documents on Software Bills of Materials was published by NTIA in November 2019. Those documents, and subsequent consensus-approved drafts from the community, are available at: <https://www.ntia.gov/SBOM>. The main objectives of the April 29, 2021 meeting are to share progress from the working groups; to give feedback on the ongoing work around technical challenges, tooling, demonstrations, and awareness and adoption; and to continue discussions around potential guidance or playbook documents. This meeting will also feature short presentations and discussions of SBOM-related tools and services to help the community understand the growth of the broader ecosystem. Presentation suggestions and proposals should be 250 words or less and should be submitted to Allan Friedman at [afriedman@ntia.gov](mailto:afriedman@ntia.gov) by April 15, 2021. More information about stakeholders' work is available at: <https://www.ntia.gov/SoftwareTransparency>.

**Time and Date:** NTIA will convene the next meeting of the multistakeholder process on Software Component Transparency on April 29, 2021, from 12 p.m. to 4 p.m. Eastern Time. The exact time of the meeting is subject to change. Please refer to NTIA's website, <https://www.ntia.gov/SoftwareTransparency>, for the most current information.

**Place:** The meeting will be held virtually, with online slide share and dial-in information to be posted at <https://www.ntia.gov/SoftwareTransparency>. Please refer to NTIA's website, <https://www.ntia.gov/SoftwareTransparency>, for the most current information.

**Other Information:** The meeting is open to the public and the press on a first-come, first-served basis.

The virtual meeting is accessible to people with disabilities. Requests for real-time captioning or other auxiliary aids should be directed to Allan Friedman at (202) 482-4281 or [afriedman@ntia.gov](mailto:afriedman@ntia.gov) at least seven (7) business days prior to the meeting.
