SUPPLEMENTARY INFORMATION:

I. Introduction

The authority for AGDUFA expires September 30, 2023. Without new legislation, FDA will no longer have the authority to collect user fees to fund the new animal generic drug review process for future fiscal years. Prior to beginning negotiations with the regulated industry on AGDUFA reauthorization, section 742(d)(2) of the Federal Food, Drug, and Cosmetic Act (the FD&C Act) (21 U.S.C. 379j-22(d)(2)) requires FDA to: (1) Publish a notice in the **Federal Register**

requesting public input on the reauthorization; (2) hold a public meeting at which the public may present its views on the reauthorization including specific suggestions for changes to the goals referred in section 742(a) of FD&C Act; (3) provide a period of 30 days after the public meeting to obtain written comments from the public suggesting changes; and (4) publish the comments on FDA's website. FDA is holding a public meeting to gather information on what FDA should consider including in the reauthorization of AGDUFA. FDA is interested in responses from the public on the following two general questions and welcomes other pertinent information that stakeholders would like to share:

1. What is your assessment of the overall performance of the AGDUFA program thus far?
2. What aspects of AGDUFA should be retained, changed, or discontinued to further strengthen and improve the program?

II. Background

FDA considers the timely review of generic new animal drug submissions to be central to the Agency's mission to protect and promote human and animal health. The AGDUFA program began in FY 2009 and is currently in the third authorization (AGDUFA III). FDA has published a number of reports that provide useful background on AGDUFA I, AGDUFA II, and AGDUFA III. AGDUFA-related **Federal Register** notices, guidances, legislation, performance reports, and financial reports can be found at: <https://www.fda.gov/industry/jda-user-fee-programs/animal-generic-drug-user-fee-act-agdufa>.

III. Participating in the Public Meeting

Registration: Persons interested in attending this public meeting must register no later than midnight Eastern Time on May 18, 2021, by emailing complete contact information for each attendee, including name, title, affiliation, address, email, telephone number, and if you need reasonable accommodations due to a disability (e.g., Closed Captioning) to cvmagdufa@fda.hhs.gov. Early registration is recommended. Registrants will receive confirmation when their registration has been received and will be provided the webcast link.

Requests for Oral Presentations: During online registration you may indicate if you wish to make an oral presentation during the public meeting. To facilitate agenda development, registrants requesting to present will be

contacted to provide information regarding which topics they intend to address and the title of their presentation. We will do our best to accommodate requests to make an oral presentation. Individuals and organizations with common interests are urged to consolidate or coordinate their presentations, and request time for a joint presentation, or submit requests for designated representatives to participate. All requests to make oral presentations must be received by May 7, 2021.

We will determine the amount of time allotted to each presenter and the approximate time each oral presentation is to begin, and we will notify participants by May 11, 2021. Selected presenters planning to use an electronic slide deck must submit an electronic copy of their presentation to Lisa Kable (see **FOR FURTHER INFORMATION CONTACT**) with the subject line "AGDUFA Public Meeting Presentation" on or before May 17, 2021. If presenters choose not to use a slide deck, they are requested to submit a single slide with their name, affiliation, title of their presentation, and contact information. No commercial or promotional material will be permitted to be presented at the public meeting.

Dated: April 5, 2021.

Lauren K. Roth,
Acting Principal Associate Commissioner for Policy.
