

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 571-4366 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION:

The meeting is open to the public via webinar as it occurs. Webinar registration is required. Information regarding webinar registration will be posted to the Council's website at: <http://safmc.net/safmc-meetings/scientific-and-statistical-committee-meetings/> as it becomes available. The meeting agenda, briefing book materials, and online comment form will be posted to the Council's website two weeks prior to the meeting. Written comment on SSC agenda topics is to be distributed to the Committee through the Council office, similar to all other briefing materials. For this meeting, the deadline for submission of written comment is 5 p.m. April 26, 2021.

Agenda Items

The SSC will review the SEDAR (Southeast Data Assessment and Review) 73 Red Snapper stock assessment; SEDAR 66 Tilefish stock assessment; SEDAR 71 Gag stock assessment; and aspects of the Council's Acceptable Biological Catch (ABC) Control Rule. SSC members will also review the Council's Research and Monitoring Plan; Amendment 10 to the Dolphin Wahoo Fishery Management Plan; and a report from the Council's SSC Socioeconomic Panel. The SSC will review the use of the Council's Decision Tree approach to sector allocations, receive an update on the Council Coordination Committee (CCC) Scientific Coordination Subcommittee Meeting, recommend SSC reviewers for the SEDAR 68 Scamp stock assessment and address other topics as needed.

The SSC will provide guidance to staff and make recommendations for Council consideration as appropriate.

Multiple opportunities for comment on agenda items will be provided during SSC meetings. Open comment periods will be provided at the start of the meeting and near the conclusion. Those interested in providing comment should indicate such in the manner requested by the Chair, who will then recognize individuals to provide comment. Additional opportunities for comment on specific agenda items will be provided, as each item is discussed, between initial presentations and SSC discussion. Those interested in providing comment should indicate such in the manner requested by the

Chair, who will then recognize individuals to provide comment. All comments are part of the record of the meeting.

Although non-emergency issues not contained in the meeting agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the SAFMC office (see **ADDRESSES**) at least 5 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: April 8, 2021.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 6355-01-P

DEPARTMENT OF DEFENSE

Department of the Air Force

Exchange of Air Force Real Property for Non-Air Force Real Property

AGENCY: Department of the Air Force, Department of Defense

ACTION: Notice of intent.

SUMMARY: The Department of the Air Force is publishing this Notice to identify Federal real property that it intends to exchange for property that is needed by the Air Force to construct and continue the existing perimeter road that supports the F-35 mission at Nellis AFB, NV.

DATES: Written objections must be filed no later than April 28, 2021.

ADDRESSES: Submit written objections to: Department of the Air Force, AFCEC/CITE, 2261 Hughes Ave., Ste 155, JBSA Lackland, TX 78236-9853; Email: AFCEC.CIT.WORKFLOW@us.af.mil. Include Docket No. [insert docket number] in the subject line of the message.

FOR FURTHER INFORMATION CONTACT: Air Force Civil Engineer Center (AFCEC/CITE), 2261 Hughes Avenue, Suite 155, Joint Base San Antonio (JBSA) Lackland, TX 78236-9853; telephone (210) 395-9478.

SUPPLEMENTARY INFORMATION: In 2018 when the construction for the F-35 Live Ordnance Loading Area (LOLA) project began, it was discovered the new perimeter road associated with the Air Force's project was going to transect Clark County property. On the other hand, Clark County Commissioner Kirkpatrick had expressed a desire to expand Cary Avenue as a means of alleviating traffic on other major thoroughfares by transecting Nellis AFB property on the south side of the base. Consequently, the Department of the Air Force, the Clark County Public Works Department, and Commissioner Kirkpatrick have agreed to exchange land of equal value vice granting one or more easements. The Government is entering into this Agreement pursuant to the authority contained in Title 10, United States Code, Section 2869, Exchange of Property at Military Installations. Clark County, NV, in conjunction with Clark County Regional Flood Control District, is requesting ~12 acres of Nellis AFB property for the Carey Road Alignment Project, which will widen the road to a four-lane road. In exchange, Nellis AFB is requesting ~14 acres of land owned by Clark County Regional Flood District, for the purpose of constructing and continuing

the existing perimeter road that supports the F-35 mission.

On February 22, 2021, the Department of the Air Force notified the appropriate Congressional committees of the terms and conditions of the proposed exchange pursuant to Title 10, United States Code, Section 2869(d)(2).

Adriane Paris,

Acting Air Force Federal Register Liaison Officer.

BILLING CODE 5001-10-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD-2021-OS-0022]

Notice of Request for Comments on Executive Order “America’s Supply Chains”

AGENCY: Office of the Deputy Assistant Secretary of Defense (Industrial Policy), Department of Defense (DoD).

ACTION: Notice of request for public comments.

SUMMARY: On February 24, 2021, President Biden issued the Executive Order “America’s Supply Chains,” which directs several Federal agency actions to secure and strengthen America’s supply chains. One of these directions is for the Secretary of Defense (as the National Defense Stockpile Manager pursuant to the *Strategic and Critical Materials Stock Piling Act*), in consultation with the heads of appropriate agencies, shall submit a report, within 100 days, identifying risks in the supply chain for strategic and critical materials as well as policy recommendations to address these risks.

DATES: The due date for submitting comments is April 28, 2021.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: The DoD cannot receive written comments at this time due to the COVID-19 pandemic. Comments should be sent electronically to the docket listed above.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are

received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Matthew D. Zolnowski, Office of the Deputy Assistant Secretary of Defense for Industrial Policy, at (703) 697-0051 or osd.pentagon.ousd-a-s.mbx.industrial-policy@mail.mil.

SUPPLEMENTARY INFORMATION:

Background

On February 24, 2021, President Biden issued E.O. 14017, “America’s Supply Chains.” The E.O. published in the **Federal Register** on March 1, 2021 at 86 FR 11849-11854 (available at <https://www.govinfo.gov/content/pkg/FR-2021-03-01/pdf/2021-04280.pdf>) (E.O. 14017). E.O. 14017 focuses on the need for resilient, diverse, and secure supply chains to ensure U.S. economic prosperity and national security. Such supply chains are needed to address conditions that can reduce critical manufacturing capacity and the availability and integrity of critical goods, products, and services. In relevant part, E.O. 14017 directs that within 100 days, the Secretary of Defense (as the National Defense Stockpile Manager pursuant to the *Strategic and Critical Materials Stock Piling Act* (50 U.S.C. 98 *et seq.*)), in consultation with the heads of appropriate agencies, shall submit a report identifying risks in the supply chain for strategic and critical materials and policy recommendations to address these risks.

This notice requests comments and information from the public to assist the DoD in preparing the report required by E.O. 14017. In developing this report, the Secretary will consult with the heads of appropriate agencies, and will be advised by all relevant DoD Components.

Written Comments

The DoD is particularly interested in comments and information directed to the policy objectives listed in E.O. 14017 as they affect the U.S. and global supply chains for strategic and critical materials. The Department is seeking input, from both consumers and producers of strategic and critical materials and downstream products containing these materials, as well as from those with relevant expertise, on the following topics:

- i. Increasing transparency in strategic and critical material supply chains;
- ii. Diversifying sources of supply for strategic and critical materials, including domestic sources and foreign allies/partners;

- iii. Diversifying production sources, such as primary extraction, co-production, and to include reclamation from mine, industrial, and end-of-life products;

- iv. Promoting environmental, health and safety, labor, fair trade and a level playing field in global markets;

- v. Establishing and strengthen manufacturing of value-added products, containing strategic and critical materials, which support the U.S. economy;

- vi. Methods to reduce exposure to price volatility and supply shocks in strategic and critical material supply chains;

- vii. Availability of material and manufacturing process substitutes for at-risk strategic and critical materials;

- viii. The availability of skilled labor and other personnel to sustain a competitive strategic and critical materials ecosystem, including the domestic education and manufacturing workforce skills;

- ix. The availability of manufacturing capabilities, such as single points of failure in supply chains or nonexistent, threatened, or single-point-of-failure capabilities, or single or dual suppliers;

- x. The spectrum of risk to supply disruption, taking into account the duration (*i.e.*, short, medium, long), geographic scope (local, regional, global), intensity (magnitude of aggregate supply disruption), ability to meet projected demand at a specific supply chain node, and the probability of the disruption event;

- xi. The spectrum of risk to the development and maintenance of sustainable supply chains, such as violations of human rights and forced labor;

- xii. Research, development, and demonstration priorities to support production or an advanced manufacturing base for strategic and critical materials;

- xiii. Policy recommendations or suggested executive, legislative, regulatory action to foster more resilient supply chains for strategic and critical materials while promoting stewardship of affected communities and the environment;

- xiv. Recommendations for long term research, development and demonstration (RD&D) investments necessary for reimagining a more sustainable and secure US critical materials supply chain of the future; or

- xv. Any additional comments relevant to the assessment of strategic and critical materials required by E.O. 14017.

The DoD encourages commenters, when addressing the elements above, to
