Federal Energy Regulatory Commission

[Docket Nos. RM20-10-000; AD19-19-000]

Electric Transmission Incentives Policy Under Section 219 of the Federal Power Act; Notice of Workshop

Take notice that Federal Energy Regulatory Commission (Commission) staff will convene a workshop to discuss certain performance-based ratemaking approaches, particularly shared savings, that may foster deployment of transmission technologies. Commissioners may attend and participate in the workshop.

Transmission technologies, as deployed in certain circumstances, may enhance reliability, efficiency, and capacity, and improve the operation of new or existing transmission facilities. The workshop will discuss issues related to shared savings approaches¹ for transmission technologies seeking incentives under Federal Power Act section 219.² The workshop will focus on how to calculate *ex ante* and *ex post* benefit analyses for transmission technologies seeking incentives. Specifically, the workshop will explore the maturity of the modeling approaches for various transmission technologies; the data needed to study the benefits/costs of such technologies; issues pertaining to access to or confidentiality of this data; the time horizons that

should be considered for such studies; and other issues related to verifying forecasted benefits. The workshop may also discuss other issues, including whether and how to account for circumstances in which benefits do not materialize as anticipated. The workshop may also explore other performance-based ratemaking approaches for transmission technologies seeking incentives under Federal Power Act section 219, particularly market-based incentives.³

The workshop will be held on September 10, 2021, from approximately 9:00 a.m. to 5:00 p.m. Eastern Time. At this time, the workshop is expected to be held remotely. A supplemental notice will be issued prior to the workshop with further details regarding the agenda and organization, as well as the details for accessing the workshop.

Individuals interested in participating as panelists should submit a self-nomination email by 5:00 p.m. on May 21, 2021 to Samin.Peirovi@ferc.gov. Each nomination should indicate the proposed panelist's name, contact information, organizational affiliation, and what topics the proposed panelist would speak on.

The workshop will be open for the public to attend electronically. There is no fee for attendance.

Commission workshops are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to accessibility@ferc.gov or call toll free 1-866-208-3372 (voice) or 202-208-8659 (TTY) or send a fax to 202-208-2106 with the required accommodations.

Federal Energy Regulatory Commission

[Docket No. CP21-94-000]

Transcontinental Gas Pipe Line Company, LLC; Notice of Waiver Period for Water Quality Certification Application

On April 5, 2021, Transcontinental Gas Pipe Line Company, LLC submitted to the Federal Energy Regulatory Commission (Commission) a copy of its application for a Clean Water Act section 401(a)(1) water quality certification filed with the Pennsylvania Department of Environmental Protection (PA DEP), in conjunction with the above captioned project. Pursuant to 40 CFR 121.6, we hereby notify the PA DEP of the following:

Date of Receipt of the Certification Request: March 31, 2021.

Reasonable Period of Time to Act on the Certification Request: One year.

Date Waiver Occurs for Failure to Act: March 31, 2022.

If PA DEP fails or refuses to act on the water quality certification request by the above waiver date, then the agency's certifying authority is deemed waived pursuant to section 401(a)(1) of the Clean Water Act, 33 U.S.C. 1341(a)(1).

Dated: April 13, 2021.

Kimberly D. Bose,
Secretary.
