

financing, expanding research and development to broaden supply chains, addressing risks due to vulnerabilities in digital products relied on by supply chains, addressing risks posed by climate change, strengthening supply chains' ability to promote nutrition security, and any other recommendations. For example, as a part of this assessment, USDA is interested in recommendations that could improve local and regional food production, processing, packaging, and distribution, particularly for small to mid-sized producers and processors; support national nutrition security and health; address agricultural workforce needs; strengthen market transparency (such as traceability); and address disproportionate impacts on socially disadvantaged communities. As USDA implements stimulus relief programs and spending authorized by the CAA and ARPA, we seek public comments on targeting funds toward food supply chain resiliency. USDA's initial thinking includes, but is not limited to, funding, through a combination of grants or loans, needs such as: Supply chain retooling to address multiple needs at once (*i.e.*, achieving both climate benefits and addressing supply gaps or vulnerabilities concurrently), expansion of local and regional food capacity and distribution (*e.g.*, hubs, cooperative development, cold chain improvements, infrastructure), development of local and regional meat and poultry processing and seafood processing and distribution, and food supply chain capacity building for socially disadvantaged communities. USDA notes that we will also consider public comments received during USDA's March 19, 2021, listening session and associated written comments on Coronavirus Response Grants related to CAA funding as part of the information considered for this Executive Order report;

(x) any executive, legislative, regulatory, and policy changes and any other actions to strengthen the capabilities identified in subsection (iii) of this section, and to prevent, avoid, or prepare for any of the contingencies identified in subsection (iv) of this section; and

(xi) proposals for improving the Government-wide effort to strengthen supply chains, including proposals for coordinating actions with ongoing efforts that could be considered duplicative of the work of E.O. 14017 or with existing Government mechanisms that could be used to implement E.O. 14017 in a more effective manner.

USDA encourages commenters, when addressing the elements above, to

structure their comments using the same text as identifiers for the areas of inquiry to which their comments respond. This would assist USDA in more easily reviewing and summarizing the comments received in response to these specific comment areas. For example, a commenter submitting comments responsive to "(i) critical and essential goods and materials underlying agricultural and food product supply chains" would use that same text as a heading in the public comment followed by the commenter's specific comments in this area.

III. Requirements for Written Comments

The <http://www.regulations.gov> website allows users to provide comments by filling in a "Type Comment" field or by attaching a document using an "Upload File" field. USDA prefers that comments be provided in an attached document. USDA prefers submissions in Microsoft Word (.doc files) or Adobe Acrobat (.pdf files). If the submission is in an application format other than Microsoft Word or Adobe Acrobat, please indicate the name of the application in the "Type Comment" field. Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter within the comments. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file, so that the submission consists of one file instead of multiple files. Comments (both public comments and non-confidential versions of comments containing business confidential information) will be placed in the docket and open to public inspection. Comments may be viewed on <http://www.regulations.gov> by entering docket number AMS-TM-21-0034 in the search field on the home page. All filers should name their files using the name of the person or entity submitting the comments. Anonymous comments are also accepted. Communications from agencies of the United States Government will not be made available for public inspection. Anyone submitting business confidential information should clearly identify the business confidential portion at the time of submission, file a statement justifying nondisclosure and referring to the specific legal authority claimed, and provide a non-confidential version of the submission. The nonconfidential version of the submission will be placed in the public file on <http://www.regulations.gov>. For comments submitted electronically containing business confidential

information, the file name of the business confidential version should begin with the characters "BC." Any page containing business confidential information must be clearly marked "BUSINESS CONFIDENTIAL" on the top of that page. The non-confidential version must be clearly marked "PUBLIC." The file name of the nonconfidential version should begin with the character "P." The "BC" and "P" should be followed by the name of the person or entity submitting the comments or rebuttal comments. If a public hearing is held in support of this supply chain assessment, a separate **Federal Register** notice will be published providing the date and information about the hearing.

Bruce Summers,

Administrator, Agricultural Marketing Service.

DEPARTMENT OF AGRICULTURE

Food and Nutrition Service

Agency Information Collection Activities: School Meals Operations Study: Evaluation of the COVID-19 Child Nutrition Waivers and Child Nutrition Programs

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on this proposed information collection. This collection is a revision of a currently approved collection for the School Meals Operations (SMO) Study (OMB control number 0584-0607, expiration date 08/31/2022) with updated survey instruments for school year (SY) 2021-2022. This study will collect data from State agencies and public school food authorities (SFAs), including disaggregated administrative data and data on the continued use and effectiveness of the CN COVID-19 waivers.

DATES: Written comments must be received on or before June 21, 2021.

ADDRESSES: Comments may be sent to: Holly Figueroa, Food and Nutrition Service, U.S. Department of Agriculture, 1320 Braddock Pl, 5th floor, Alexandria, VA 22314. Comments may also be submitted via fax to the attention of Holly Figueroa at 703-305-2576 or via email to Holly.Figueroa@usda.gov.

Comments will also be accepted through the Federal eRulemaking Portal. Go to <http://www.regulations.gov>, and follow the online instructions for submitting comments electronically.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will be a matter of public record.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of this information collection should be directed to Holly Figueroa at holly.figueroa@usda.gov or 703-305-2105.

SUPPLEMENTARY INFORMATION: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Title: School Meals Operations Study: Evaluation of the COVID-19 Child Nutrition Waivers and Child Nutrition Programs (formerly entitled School Meals Operations Study: State Agency COVID-19 Child Nutrition Waivers Evaluation).

Form Number: N/A.

OMB Number: 0584-0607.

Expiration Date: 08/31/2022.

Type of Request: Revision of a currently approved collection.

Abstract: FNS administers the school-based Child Nutrition (CN) Programs (i.e., the school meal programs) in partnership with States and local SFAs. Section 28(a) of the Richard B. Russell National School Lunch Act authorizes the U.S. Department of Agriculture Secretary to conduct annual national performance assessments of the school meal programs. FNS plans to conduct this annual assessment through the School Meals Operations (SMO) Study in SY 2021-2022. FNS will also use the SMO Study to fulfill States' reporting requirements on the nationwide waivers approved by FNS pursuant to section 2202 of the Families First Coronavirus Response Act (FFCRA) (Pub. L. 116-127). This notice covers the second

iteration of the SMO Study, which will collect data from State and local agencies on the CN COVID-19 waivers as well as data on state and local CN program operations during SYs 2020-2021 and 2021-2022. Participation in the SMO Study will fulfill States' statutory reporting requirements for the CN COVID-19 nationwide waivers used in fiscal year (FY) 21 and FY 22, which correspond roughly to SYs 2020-21 and 2021-22, respectively.

The SMO Study is a revision of the previously approved Child Nutrition Program Operations Study II (CN-OPS II, OMB control number 0584-0607). It is designed to collect timely data on policy, administrative, and operational issues in the school-based CN Programs, which contributes to budget preparation, development and implementation of program policy and regulations, and identification of areas for technical assistance and training. Because the COVID-19 pandemic changed the way that school meal programs operated for SY 2020-2021, with other CN programs such as the Child and Adult Care Food Program and the Summer Food Service Program being used in place of or in combination with the National School Lunch and School Breakfast Programs (NSLP and SBP) to provide meals to students, the SMO Study will collect administrative and web survey data from States on each of these programs. Specifically, this study will help FNS obtain:

1. General descriptive data on the characteristics of CN Programs to inform the budget process and answer questions about topics of current policy interest;

2. Data on program operations to identify potential topics for training and technical assistance for SFAs and State Agencies (SAs) responsible for administering the CN programs;

3. Administrative data to identify program trends and predictors;

4. Information on the use and effectiveness of the CN COVID-19 waivers, which will be used to satisfy States' reporting requirements on these waivers under FFCRA.

The activities to be conducted subject to this notice include:

- Collecting disaggregated administrative data for FY 2021 and FY 2022 from 67 State Agency Directors that are currently only reported in aggregate on forms FNS-10, Report of School Program Operations, FNS-418, Report of the Summer Food Service Program for Children, and FNS-44, Report of the Child and Adult Care Food Program (which are approved under OMB#

0584-0594, Food Programs Reporting System (FPRS), expiration date 07/31/2023)

- Conducting two web surveys of 67 State Agency Directors to meet the statutory reporting requirements of the CN COVID-19 waivers separately for SY 2020-21 and SY 2021-22 within the one-year timelines set by the FFCRA
- Conducting one web survey of 1,266 public SFA Directors

The first year of the SMO Study, which sought clearance for data collection in SY 2020-2021, was cleared by the Office of Management and Budget on March 4, 2021 (School Meals Operations Study: State Agency COVID-19 Child Nutrition Waivers Evaluation, OMB control number 0584-0607, expiration date 08/31/2022). The Year 1 collection only included the state-level data collection components (web survey and administrative data collection) because it was repurposed to meet States' statutory reporting requirements for the nationwide CN COVID-19 waivers by gathering information on the use and effectiveness of the waivers from March-September 2020. This notice covers the second iteration of the SMO Study, which intends to collect data in SY 2021-2022 from both States and public SFAs and in SY 2022-23 from States only. The administrative data collection components subject to this notice will cover FY 2021 (October 2020-September 2021) and FY 2022 (October 2021-September 2022), which correspond roughly to SYs 2020-21 and 2021-22, respectively, while the web surveys will ask about program operations and the use and impacts of the CN COVID-19 waivers during SYs 2020-2021 and 2021-2022. The State-level surveys and administrative data collections will be used to satisfy States' reporting requirements on the CN COVID-19 nationwide waivers pursuant to the FFCRA.

Note: Personally identifiable information (PII) will not be used to retrieve survey records or data.

Affected Public: State, Local, and Tribal Governments: Respondent groups identified include: (1) SFA Directors for public schools, and (2) State Agency Directors from all 50 States, 5 territories and the District of Columbia.

Estimated Number of Respondents: The total estimated number of respondents is 1,339. This includes (1) 67 State Agency Directors (in some States, CN programs are administered by multiple agencies); the State Agency Directors are expected to participate in both of the administrative data collections (FY 21 and FY 22) and State

Agency Director surveys subject to this notice (3 of the 67 State Agency Directors are also expected to participate in the pretest, which will only be conducted once), and (2) 1,272 SFA Directors. Six SFA Directors are expected to participate in the pre-test of the SFA Director web survey; these pretest participants are unique respondents and will not be included in the sample for the SFA survey. An additional 1,266 public SFA Directors will be included in the sample for the SFA Director web survey, of which 1,012 are expected to respond. The total number of respondents also includes 254 non-respondents whom FNS expects will not respond to the study activities.

Estimated Number of Responses per Respondent: State Agency Director respondents will be asked to complete an initial telephone meeting and respond to the FNS-10, -418 and -44

administrative data requests one time annually (two times total, in SY 2021-22 and SY 2022-23). SFA Director respondents will be asked to complete their web survey one time in SY 2021-22, while State Agency Directors will be asked to complete two web surveys in SY 2021-22 (fall of 2021 and spring/summer of 2022), each of which will focus on different sets of CN COVID-19 nationwide waivers in order to meet the statutory reporting timeline of one-year for each set of waivers under the FFCRA. In the event of non-response, State Agency Directors may receive reminder emails, a phone call, and a last chance postcard until the target of 67 respondents is reached. Similarly, SFA Directors who do not respond may receive reminders via email, phone, or post card until the target number of 1,012 respondents is reached. FNS estimates that respondents will average 6.65 responses (7,211 responses/1,085

respondents) across the entire collection, with non-respondents averaging 10.71 responses (2,720 responses/254 non-respondents). Across all participants in the collection (respondents and non-respondents) the average number of responses is 7.42 (9,931 responses/1,339 total respondents).

Estimated Total Annual Responses: 9,931.

Estimated Time per Response: The estimated time per response ranges from 3 minutes (0.0501 hours) to 6 hours depending on the instrument, as shown in the table below, with an average estimated time for all participants of 20 minutes (0.34 hours) per response.

Estimated Total Annual Burden on Respondents: 3,408.40 hours. See the table below for estimated total annual burden for each type of respondent.

BILLING CODE 3410-30-P

DEPARTMENT OF COMMERCE
Economic Development Administration

Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

AGENCY: Economic Development Administration, U.S. Department of Commerce.

ACTION: Notice and opportunity for public comment.

SUMMARY: The Economic Development Administration (EDA) has received

petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of the firms contributed importantly to the total or partial separation of the firms' workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

SUPPLEMENTARY INFORMATION:

LIST OF PETITIONS RECEIVED BY EDA FOR CERTIFICATION OF ELIGIBILITY TO APPLY FOR TRADE ADJUSTMENT ASSISTANCE

[3/20/2021 through 4/13/2021]

Firm name	Firm address	Date accepted for investigation	Product(s)
The Albany Distilling Company, Inc	78 Montgomery Street, Albany, NY 12207.	3/25/2021	The firm produces alcoholic beverages.
Vincent Piazza, Jr. & Sons Seafood, Inc	1201 Sams Avenue, Harahan, LA 70123	3/30/2021	The firm processes and distributes seafood.
Advanced Tool, Inc	9169 River Road, Marcy, NY 13403	4/2/2021	The firm manufactures industrial tools.
BNL Technologies, Inc. d/b/a Micronet ...	20525 Manhattan Place, Torrance, CA 90501.	4/2/2021	The firm manufactures computer hard drives.
New England Union Company, Inc	107 Hay Street, West Warwick, RI 02893.	4/2/2021	The firm manufactures metal pipes and metal pipe fittings.

Any party having a substantial interest in these proceedings may request a public hearing on the matter. A written request for a hearing must be submitted to the Trade Adjustment Assistance Division, Room 71030, Economic Development Administration, U.S. Department of Commerce, Washington, DC 20230, no later than ten (10) calendar days following publication of this notice. These petitions are received pursuant to section 251 of the Trade Act of 1974, as amended.

Please follow the requirements set forth in EDA's regulations at 13 CFR 315.8 for procedures to request a public hearing. The Catalog of Federal Domestic Assistance official number and title for the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance for Firms.

Bryan Borlik,
Director.

DEPARTMENT OF COMMERCE
Foreign-Trade Zones Board
[S-59-2021]

Foreign-Trade Zone 18—San Jose, California; Application for Subzone Expansion; Lam Research Corporation; Newark, California

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the City of San Jose, grantee of FTZ 18, requesting an expansion of Subzone 18F on behalf of Lam Research Corporation in Newark, California. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on April 14, 2021.

Subzone 18F consists of the following sites: Site 1 (29.28 acres)—4650 Cushing Parkway, Fremont, Alameda County; Site 4 (14.82 acres)—1 and 101 Portola Avenue, Livermore, Alameda County; Site 5 (7.3 acres)—7364 Marathon Drive and 7150 Patterson Pass Road, Unit G, Livermore, Alameda County; Site 7 (0.91 acres)—6757 Las Positas Road, Livermore, Alameda County; Site 8 (0.44 acres)—7888 Marathon, Drive, Livermore, Alameda County; Site 9 (2.17 acres)—41707 Christy Street,

Fremont, Alameda County; Site 12 (0.98 acres)—7650 Marathon Drive, Livermore, Alameda County; Site 13 (3.49 acres)—6551 West Schulte Road, Tracy, San Joaquin County; Site 14 (8.56 acres)—1201 Voyager Street, Livermore, Alameda County; Site 15 (2.77 acres)—20427 Corsair Boulevard, Hayward, Alameda County; and Site 16 (3.62 acres)—4405 Cushing Parkway, Fremont, Alameda County. The applicant is now requesting authority to expand the subzone to include an additional site (6.2 acres) located at 6753 Mowry Avenue, Newark, Alameda County, which would be designated as Site 17. The expanded subzone would be subject to the existing activation limit of FTZ 18.

In accordance with the FTZ Board's regulations, Qahira El-Amin of the FTZ Staff is designated examiner to review the application and make recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary and sent to: *ftz@trade.gov*. The closing period for their receipt is June 1, 2021. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to June 15, 2021.
