I. Background

The Institute of Museum and Library Services is the primary source of Federal support for the Nation's libraries and museums. We advance, support, and empower America's museums, libraries, and related organizations through grant making, research, and policy development. To learn more, visit www.imls.gov.

II. Current Actions

The Grants to States program is the largest source of Federal funding support for library services in the U.S. Using a population-based formula, more than \$160 million is distributed among the State Library Administrative Agencies (SLAAs) every year. SLAAs are official agencies charged by law with the extension and development of library services, and they are located in each of the 50 States of the United States, the District of Columbia, the five Territories, and the three Freely Associated States.

This action is to renew clearance of the forms and instructions for the IMLS

State Program Reporting System for the next three years. These forms include SPR Reporting System User Documentation; Grants to States Program Report; Financial Status Report; SPR Phase 3 Reporting; State Legal Officer's Certification of the Authorized Certifying Official; and internet Safety Certification for Applicant Public Libraries, Public Elementary and Secondary School Libraries, and Consortia with Public and/or Public School Libraries.
