

COVID-19 Vaccine Program. Health Centers that sign the agreement agree to adhere to each of the stated requirements.

The PCA weekly survey increases information sharing between health centers, PCAs, and HRSA in order to better support COVID-19 emergency response efforts inclusive of testing and vaccination activities. Data collected from the survey tool is used to track and monitor issues/challenges to program

implementation and assess the need for the delivery/dissemination of targeted training and technical assistance.

Likely Respondents: HRSA-supported health centers, look-alikes, and PCAs.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose

of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS
