SUPPLEMENTARY INFORMATION:

Description: ACF requested that OMB grant a 180-day approval for this request under procedures for expedited processing. A request for review under normal procedures is now being submitted. Any edits resulting from public comment have been incorporated into this submission under normal procedures. The CSBG Supplemental Annual Reports include modified versions of Modules 1, 2, and 4. Module 1 was modified to align with CSBG Disaster Supplemental and CSBG CARES State Plans and to help reduce the burden to the states. OCS modified

Modules 2 and 4 to collect specific data for the supplemental funding and to reduce burden, including the removal of questions that were not pertinent to the data collection for the Supplemental Reports. OCS made additional technical modifications including minor wording, headings, and numbering revisions. Respondents are only expected to submit Module 3 once through the current CSBG Annual Report; OCS made technical revisions to allow respondents to confirm which funding source they are using—CSBG, CARES, or Disaster.

Respondents: State governments, including the District of Columbia and the Commonwealth of Puerto Rico, and U.S. territories and CSBG eligible entities (Community Action Agencies).

Proposed Information Collection Activity; Community Services Block Grant (CSBG) Model State Plan Applications (OMB No. 0970-0382)

AGENCY: Office of Community Services, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Office of Community Services (OCS) requests a three-year extension of the forms Community Services Block Grant (CSBG) State Plan, CSBG Eligible Entity Master List, and the American Customer Survey Index (ACSI) (OMB #0970-0382, expiration 6/

30/2021). There are minimal changes requested to the State Plan and the Master List. No changes are proposed to the ACSI.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing infocollection@acf.hhs.gov. Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation (OPRE), 330 C Street SW, Washington, DC 20201, Attn: ACF Reports Clearance Officer. All requests, emailed or written, should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: Section 676 of the Community Services Block Grant (CSBG) Act requires states, including the District of Columbia and the Commonwealth of Puerto Rico, and U.S. territories applying for CSBG funds to submit an application and plan (CSBG

State Plan). The CSBG State Plan must meet statutory requirements prior to CSBG grantees (states and territories) being funded with CSBG funds. Grantees have the option to submit a detailed plan annually or biannually. Grantees that submit a biannual plan must provide an abbreviated plan the following year if substantial changes to the initial plan will occur.

OCS proposes to revise the automated CSBG State Plan format for states and territories by revising questions for clarity and system compatibility. OCS does not anticipate that these revisions will cause any additional burden to CSBG grantees as they have completed the automated plan for six years. It is anticipated that the burden will continue to diminish in subsequent years due to improved automation.

In addition to the CSBG State Plan, OCS requests that all grantees revise their CSBG Eligible Entity Master List in year one to add the executive director and website for each agency. Grantees will revise the Master List as necessary in subsequent years. As the CSBG Eligible Entity Master List is already completed and states have the information about their eligible entities (or sub-grantees), the burden will be

minimal to the states to provide the additional requested information.

Lastly, the request includes a survey for the sub-grantees (or CSBG-eligible entities). The survey focuses on the customer service that the CSBG sub-

grantees receive from the CSBG grantees. The survey is optional, and this will be the fifth time that the CSBG sub-grantees that chose to submit will complete it. There are no revisions proposed to the survey.

Respondents: State governments, including the District of Columbia and the Commonwealth of Puerto Rico, and U.S. territories, and local level sub-grantees.

Submission for OMB Review; Follow-Up Study of Coaching Practices in Early Care and Education Settings (OMB #0970–0515)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: This is a primary data collection request for the Follow-up Study of Coaching Practices in Early Care and Education Settings (Follow-up SCOPE), a follow-up to the previously approved Study of Coaching Practices in Early Care and Education Settings (SCOPE) survey (OMB #0970–0515). The study aims to examine, using surveys and qualitative interviews, the practice and processes of coaching and professional development in supporting early care and education (ECE) settings in their provision of care for preschool children and their families as COVID–19 has progressed. The study will focus on both centers and family child care (FCC) homes that serve low-income children, with a primary target of settings that serve children supported by Child Care and Development Fund subsidies or a Head Start grant.

DATES: *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION:

Description: Follow-up SCOPE will examine the practice of coaching and professional development more broadly provided in support of centers and FCC homes. The study will collect information on the following: How coaching and professional development are supporting centers and FCC homes; the perceived value and role of coaching, professional development, and quality improvement; the features of coaching and how they are delivered; and the role(s) of coaches and how they have been supported. The study will also examine the degree to which coaching has been sustained and/or changed compared to before COVID–19. In particular, there will be a focus on understanding the use of remote versus in-person strategies for coaching and professional development. This study aims to explore the implementation of coaching and professional development in ECE settings as COVID–19 has progressed. The study will not allow for statistical generalization to different sites or service populations.

Survey and interview questions will focus on the current status of these activities at the time of the data collection, changes compared to before COVID–19 began, and what has been challenging or worked well. The study will use surveys and interviews with center directors, FCC providers, and coaches. The sample frame will be comprised of respondents to the 2019 survey.

Respondents: ECE center directors, coaches, and FCC providers who responded to 2019 SCOPE surveys.
