Appendix—Scope of the Investigation

The merchandise covered by this investigation consists of gas-powered, walk-behind snow throwers (also known as snow blowers), which are snow moving machines that are powered by internal combustion engines and primarily pedestrian-controlled. The scope of the investigation covers certain snow throwers (also known as snow blowers), whether self-propelled or non-self-propelled, whether finished or unfinished, whether assembled or unassembled, and whether containing any additional features that provide for functions in addition to snow throwing. Subject merchandise also includes finished and unfinished snow throwers that are further processed in a third country or in the United States, including, but not limited to, assembly or any other processing that would not otherwise remove the merchandise from the scope of this

investigation if performed in the country of manufacture of the in-scope snow throwers.

Walk-behind snow throwers subject to the scope of this investigation are powered by internal combustion engines which are typically spark ignition, single or multiple cylinder, and air-cooled with power take off shafts.

For the purposes of this investigation, an unfinished and/or unassembled snow thrower means at a minimum, a sub-assembly comprised of an engine, auger housing (i.e., intake frame), and an auger (or "auger paddle") packaged or imported together. An intake frame is the portion of the snow thrower—typically of aluminum or steel—that houses and protects an operator from a rotating auger and is the intake point for the snow. Importation of the subassembly whether or not accompanied by, or attached to, additional components including, but not limited to, handle(s), impeller(s), chute(s), track tread(s), or wheel(s) constitutes an unfinished snow thrower for purposes of this investigation. The inclusion in a third country of any components other than the snow thrower sub-assembly does not remove the snow thrower from the scope. A snow thrower is within the scope of this investigation regardless of the origin of its engine.

Specifically excluded is merchandise covered by the scope of the antidumping and countervailing duty orders on certain vertical shaft engines between 225cc and 999cc, and parts thereof from the People's Republic of China. See *Certain Vertical Shaft Engines Between 225cc and 999cc, and Parts Thereof, from the People's Republic of China: Amended Final Antidumping Duty Determination and Antidumping Duty Order*, 86 FR 12623 (March 4, 2021) and *Certain Vertical Shaft Engines Between 225cc and 999cc, and Parts Thereof From the People's Republic of China: Countervailing Duty Order and Amended Final Affirmative Countervailing Duty Determination*, 86 FR 12619 (March 4, 2021).

The snow throwers subject to this investigation are typically entered under Harmonized Tariff Schedule of the United States (HTSUS) subheading 8430.20.0060. Certain parts of snow throwers subject to this investigation may also enter under HTSUS 8431.49.9095. The HTSUS subheadings are provided for convenience and customs purposes only, and the written description of the merchandise under investigation is dispositive.

Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe From the Czech Republic: Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing an antidumping duty order on seamless carbon and alloy steel standard, line, and pressure pipe (seamless pipe) from the Czech Republic.

DATES: Applicable April 26, 2021.

FOR FURTHER INFORMATION CONTACT: Dmitry Vladimirov, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0665.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(c), on March 5, 2021, Commerce published its affirmative final determination in the less-than-fair-value (LTFV) investigation of seamless pipe from the Czech Republic.¹ On April 19, 2021, the ITC notified Commerce of its final affirmative determination that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act, by reason of the LTFV imports of seamless pipe from the Czech Republic.²

Scope of the Order

The products covered by this order are seamless pipe and redraw hollows from the Czech Republic, less than or equal to 16 inches in nominal outside diameter, regardless of wall-thickness, manufacturing process, end finish, or surface finish. For a complete description of the scope of the order, see the appendix to this notice.

Antidumping Duty Order

On April 19, 2021, in accordance with sections 735(b)(1)(A)(i) and 735(d) of the Act, the ITC notified Commerce of its final determination that an industry in the United States is materially injured by reason of imports of seamless pipe from the Czech Republic.³ Therefore, Commerce is issuing this antidumping duty order in accordance with sections 735(c)(2) and 736 of the Act. Because the ITC determined that imports of seamless pipe from the Czech Republic are materially injuring a U.S. industry, unliquidated entries of such merchandise from the Czech Republic, which are entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, for all relevant entries of seamless pipe from the Czech Republic. Antidumping duties will be assessed on unliquidated entries of seamless pipe from the Czech Republic entered, or withdrawn from warehouse, for consumption on or after December 21, 2020, the date of publication of the *Preliminary Determination*.⁴

Continuation of Suspension of Liquidation

In accordance with section 736 of the Act, Commerce will instruct CBP to continue to suspend liquidation on all relevant entries of seamless pipe from the Czech Republic which are entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's notice of final determination in the **Federal Register**. These instructions suspending liquidation will remain in effect until further notice.

We will also instruct CBP to require cash deposits for estimated antidumping duties equal to the amounts as indicated below. Accordingly, effective on the date of publication in the **Federal Register** of the ITC's final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated duties on

this subject merchandise, a cash deposit equal to the cash deposit rates listed below.⁵ The all-others rate applies to all producers or exporters not specifically listed, as appropriate.

Estimated Weighted-Average Dumping Margins

The dumping margins for this antidumping duty order are as follows:

Exporter/producer	Dumping margin (percent)
Liberty Ostrava A.S	51.70
Moravia Steel A.S	51.70
All Others	51.07

Provisional Measures

Section 733(d) of the Act states that suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except that Commerce may extend the four-month period to no more than six months at the request of exporters representing a significant proportion of exports of the subject merchandise. Commerce's *Preliminary Determination* was published on December 21, 2020.⁶ Commerce's *Final Determination* was not extended and was published on March 5, 2021.⁷ As such, the four-month period beginning on the date of publication of the *Preliminary Determination* ended on April 19, 2021.

Therefore, in accordance with section 733(d) of the Act, Commerce will instruct CBP to terminate the suspension of liquidation, and to liquidate, without regard to antidumping duties, unliquidated entries of seamless pipe from the Czech Republic entered or withdrawn from warehouse for consumption after April 19, 2021, the date on which the provisional measures expired, through the day preceding the date of publication of the ITC's final affirmative injury determination in the **Federal Register**. Suspension of liquidation will resume on the date of publication of the ITC's final affirmative injury determination in the **Federal Register**.

Notification to Interested Parties

This notice constitutes the antidumping duty order with respect to seamless pipe from the Czech Republic, pursuant to section 736(a) of the Act. Interested parties can find a list of antidumping duty orders currently in effect at <http://enforcement.trade.gov/stats/iastats1.html>.

⁵ See section 736(a)(3) of the Act.

⁶ See *Preliminary Determination*.

⁷ See *Final Determination*.

This order is published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: April 20, 2021.

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

The Convention and the Commission

The objective of the Convention is to ensure, through effective management, the long-term conservation and sustainable use of highly migratory fish stocks in the western and central Pacific Ocean in accordance with the United Nations Convention on the Law of the Sea of 10 December 1982 (UNCLOS) and the Agreement for the Implementation of the Provisions of the UNCLOS Relating to the Conservation and Management of Straddling Fish Stocks and Highly Migratory Fish Stocks. The Convention establishes the Commission, the Secretariat of which is based in Pohnpei, Federated States of Micronesia.

The Convention applies to all highly migratory fish stocks (defined as all fish stocks of the species listed in Annex I of the UNCLOS occurring in the Convention Area, and such other species of fish as the Commission may determine), except sauries.

The United States actively supported the negotiations and the development of the Convention and signed the Convention when it was opened for signature in 2000. It participated as a cooperating non-member of the Commission since it became operational in 2005. The United States became a Contracting Party to the Convention and a full member of the Commission when it ratified the Convention in January 2007. Under the Act, the United States is to be represented on the Commission by five U.S. Commissioners, appointed by the President.

Permanent Advisory Committee

The Act (16 U.S.C. 6902) provides (in section 6902(d)) that the Secretary of Commerce, in consultation with the U.S. Commissioners to the Commission, will appoint individuals as members of the advisory committee established under the Act, referred to here as the "Permanent Advisory Committee".

On January 4, 2021, NMFS published a notice in the **Federal Register** (86 FR 73) seeking nominations for the advisory committee established under the Act. Nominations had to be received by February 18, 2021. Although NMFS has received a number of nominations, NMFS on behalf of the Secretary of Commerce is reopening the nomination process in order to ensure an equitable balance among representatives of the

fisheries covered by the Convention, as specified in the Act.

The appointed members of the Permanent Advisory Committee are to include not less than 15 nor more than 20 individuals selected from the various groups concerned with the fisheries covered by the Convention, providing, to the extent practicable, an equitable balance among such groups. In addition to the 15-20 appointed members, the Permanent Advisory Committee includes the chair of the Western Pacific Fishery Management Council's Advisory Committee (or designee), and officials of the fisheries management authorities of American Samoa, Guam, and the Commonwealth of the Northern Mariana Islands (or their designees).

Members of the Permanent Advisory Committee will be invited to attend all non-executive meetings of the U.S. Commissioners to the Commission and at such meetings will be given opportunity to examine and be heard on all proposed programs of investigation, reports, recommendations, and regulations of the Commission.

Each appointed member of the Permanent Advisory Committee will serve for a term of 2 years and is eligible for reappointment. This request for nominations is for the term to begin on August 3, 2021, and is for a term of 2 consecutive years.

The Secretaries of Commerce and State will furnish the Permanent Advisory Committee with relevant information concerning fisheries and international fishery agreements.

NMFS, on behalf of the Secretary of Commerce, will provide to the Permanent Advisory Committee administrative and technical support services as are necessary for its effective functioning.

Appointed members of the Permanent Advisory Committee will serve without pay, but while away from their homes or regular places of business in the performance of services for the advisory committee will be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in the Government service are allowed expenses under 5 U.S.C. 5703. They will not be considered Federal employees while performing service as members of the advisory committee except for the purposes of injury compensation or tort claims liability as provided in 5 U.S.C. 18 and 28 U.S.C. 171.

Procedure for Submitting Nominations

Nominations for the Permanent Advisory Committee should be submitted to NMFS (see **ADDRESSES**). This request for nominations is for first-
