

On June 24, 2019, the U.S. Trade Representative established a process by which stakeholders could request exclusion of particular products classified within an eight-digit HTSUS subheading covered by the \$200 billion action from the additional duties. See 84 FR 29576. In August 2019, the U.S. Trade Representative granted an initial set of exclusion requests. See 84 FR 38717. The U.S. Trade Representative granted additional exclusions in September, October, November and December 2019, and January, February, March, April and May 2020. See 84 FR 49591; 84 FR 57803; 84 FR 61674; 84 FR 65882; 84 FR 69012; 85 FR 549; 85 FR 6674; 85 FR 9921; 85 FR 15015; 85 FR 17158; 85 FR 23122; 85 FR 27489; and 85 FR 32094.

Published exclusions under the \$200 billion action were to apply as of September 24, 2018, the effective date of the \$200 billion action, and extend to August 7, 2020. However, the implementing language used in the exclusions notices did not include a reference to HTSUS heading 9903.88.09 and therefore did not have the effect of excluding products that were exported before May 10, 2019, and entered into the United States on or after May 10, 2019, and before June 15, 2019. The annex to this notice makes a technical correction to the exclusions granted under the \$200 billion action to include HTSUS heading 9903.88.09. Like all exclusions under this Section 301 investigation, this technical correction applies to entries of goods that are not liquidated or to entries that are liquidated but not final.

Annex

Effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption under Harmonized Tariff Schedule of the United States (HTSUS) heading 9903.88.09, note 20(l) to subchapter III of chapter 99 of the Harmonized Tariff Schedule of the United States is modified by inserting the following sentence after the first paragraph:

“The product exclusions provided by headings 9903.88.13, 9903.88.18, 9903.88.33, 9903.88.34, 9903.88.35, 9903.88.36, 9903.88.37, 9903.88.38, 9903.88.40, 9903.88.41, 9903.88.43, 9903.88.45, 9903.88.46 and 9903.88.48 shall apply to articles the product of China that were entered under heading 9903.88.09 and that are provided for in this subdivision.”

Greta Peisch,

General Counsel, Office of the United States Trade Representative.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Request for public comments.

SUMMARY: Notice is being given that the FAA is considering a request from the Town of Pittsfield, MA to change 16.2 acres of land from aeronautical to non-aeronautical use for non-aeronautical revenue generation at Pittsfield Municipal Airport, Pittsfield, MA. The airport has two projects. The first project is the installation of a solar farm and the second is a municipal water tank that will service the airport. The solar facility will be built on three on airport sites, totaling 15.5 acres, and will produce 6 mW of energy. The power produced will go into the electrical grid, however, the airport will have a long term land lease with the solar utility, generating a long term revenue stream for the airport. The lease revenue will be placed in the airport's operating and maintenance fund. The municipal water tank will serve the community as well as the airport, significantly enhancing the existing airport water system and serve future development on the airport as well. The tank and access road requires approximately .73 acres and will not interfere with future development of the airport.

Wing intends to locate regional pilot in commands (PICs) in a central hub, where the PIC may be located away from the given operating area. Wing also intends to stage unmanned aircraft (UA) at multiple sites throughout the operating area rather than centralizing all UA in a single ground operating site. the governing part 135 regulation that necessitates line checks of their operations staff every 12 months.

Rescinding a Notice of Intent To Prepare an Environmental Impact Statement for the Long Island Rail-Truck Intermodal Facility

AGENCY: Federal Highway Administration (FHWA), Department of Transportation.

ACTION: Notice to rescind a notice of intent to prepare an environmental impact statement.

SUMMARY: The FHWA is issuing this Notice to advise the public that we are rescinding the 2004 Notice of Intent (NOI) to Prepare an Environmental Impact Statement (EIS) for the development of the Long Island Rail-Truck Intermodal Facility (LIRTIF) on a portion of the Pilgrim State Hospital property, located in the Town of Islip, Suffolk County, New York.

FOR FURTHER INFORMATION CONTACT: For FHWA: Richard J. Marquis, Division Administrator, Federal Highway Administration, New York Division, Leo W. O'Brien Federal Building, 7th Floor, Clinton Avenue and North Pearl Street, Albany, New York 12207, Telephone: 518-431-8897, Email: Rick.Marquis@dot.gov. For New York State Department of Transportation: Rich Causin, P.E., Acting Regional Director, New York State Department of Transportation, Region 10, State Office Building, 250 Veterans Memorial Highway, Hauppauge, NY 11788, Telephone: 631-952-6632, Email: Mary.Ricard@dot.ny.gov.

SUPPLEMENTARY INFORMATION: The FHWA, as the lead Federal agency, in cooperation with the New York State Department of Transportation (NYSDOT), published a NOI on June 10, 2004 (69 FR 32656) to prepare an EIS for the development of the LIRTIF on a portion of the Pilgrim State Hospital property, located in the Town of Islip, Suffolk County, New York. Subsequently, FHWA and NYSDOT developed a Draft EIS that was signed on May 22, 2007. FHWA hereby advises the public, after coordination with the NYSDOT, that we are rescinding the NOI for the project and cancelling any work associated with the existing EIS due to the significant time that has passed and the age of the traffic data

utilized for the development of the Draft EIS. The NYSDOT may initiate a new project in the future as they remain committed to advancing strategies that mitigate congestion and reduce greenhouse gas emissions, including increasing the efficiency of freight goods movement in the Long Island Region.

Any future Federal-aided Long Island Rail-Truck Intermodal Facility project will comply with the environmental review requirements of the National Environmental Policy Act (NEPA) (42 U.S.C. 4321 *et seq.*), FHWA environmental regulations (23 CFR part 771), and related authorities, as appropriate. Comments and questions concerning this action should be directed to FHWA at the address provided in the **FOR FURTHER INFORMATION CONTACT** section of this Notice.
