ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 271

[EPA-R04-RCRA-2021-0229; FRL-10021-98-Region 4]

Georgia: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to authorize changes to Georgia's hazardous waste program under the Resource Conservation and Recovery Act (RCRA). These changes were outlined in an application to the EPA and correspond to certain Federal rules promulgated between July 1, 2004 and June 30, 2020. The EPA reviewed Georgia's application and has determined that these changes satisfy all requirements needed to qualify for final authorization. Therefore, in the "Rules and Regulations" section of this **Federal Register**, we are authorizing Georgia for these changes as a direct final rule without a prior proposed rule. If we receive no adverse comment, we will not take further action on this proposed rule.

DATES: Comments must be received on or before May 27, 2021.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R04-RCRA-2021-0229, at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from www.regulations.gov. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will

generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). SUPPLEMENTARY INFORMATION: This document proposes to take action on Georgia's changes to its hazardous waste management program under the Resource Conservation and Recovery Act (RCRA), as amended. We have published a direct final rule authorizing these changes in the "Rules and Regulations" section of this **Federal Register** because we view this as a noncontroversial action and anticipate no adverse comment. We have explained our reasons for this action in the preamble to the direct final rule.

If we receive no adverse comment, we will not take further action on this proposed rule. If we receive adverse comment, we will withdraw the direct final rule and it will not take effect. We would then address all public comments in a subsequent final rule and base any further decision on the authorization of the State program changes after considering all comments received during the comment period.

We do not intend to institute a second comment period on this action. Any parties interested in commenting must

do so at this time. For further information, please see the information provided in the **ADDRESSES** section of this document.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MB Docket No. 21-151; RM-11898; DA 21-423; FR ID 22592]

Television Broadcasting Services Eugene, Oregon

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: In this document, the Federal Communications Commission (Commission) has before it a petition for rulemaking filed by Sinclair Eugene Licensee, LLC (Petitioner), the licensee of KVAL-TV (CBS), channel 13, Eugene, Oregon. The Petitioner requests the substitution of channel 28 for channel 13 at Eugene, Oregon in the DTV Table of Allotments.

DATES: Comments must be filed on or before May 27, 2021 and reply comments on or before June 11, 2021.

ADDRESSES: You may submit comments, identified by MB Docket No. 21-151, by any of the following methods:

- *Federal Communications Commission's website:* <http://apps.fcc.gov/ecfs/>. Follow the instructions for submitting comments.
- *People with Disabilities:* Contact the FCC to request reasonable accommodations (accessible format documents, sign language interpreters, CART, etc.) by email: FCC504@fcc.gov or phone: 202-418-0530 or TTY: 202-418-0432.

In addition to filing comments with the FCC, interested parties should serve counsel for the Petitioner as follows: Paul A. Cicelski, Esq., Lerman Senter, PLLC, 2001 L Street NW, Washington, DC 20036.

FOR FURTHER INFORMATION CONTACT: Andrew Manley, Media Bureau, at (202) 418-0596; or Andrew Manley, Media Bureau, at Andrew.Manley@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's Notice of Proposed Rulemaking, in MB Docket No. 21-151; RM-11898; DA 21-423, adopted and released on April 14, 2021.

The full text of this document is available for download at <https://docs.fcc.gov/public/attachments/DA-21-423A1.pdf>. To request materials in accessible formats (braille, large print, computer diskettes, or audio recordings), please send an email to FCC504@fcc.gov or call the Consumer & Government Affairs Bureau at (202) 418-0530 (VOICE), (202) 418-0432 (TTY).

In support of its channel substitution request, the Petitioner states that the reception of VHF signals require larger antennas relative to UHF channels, that studies suggest a large variability in indoor antennas, with most receiving fairly well at UHF and the substantial majority not so well to very poor for high-VHF channels. Petitioner further states that KVAL has received numerous complaints from viewers unable to receive that Station's over-the-air signal, despite being able to receive signals from other stations. In its Amended Engineering Exhibit, the Petitioner demonstrated that while the noise limited contour of the proposed channel 28 facility does not completely encompass the licensed channel 13 contour, there are three other CBS affiliated stations that, together, overlap all areas where the channel 28 noise limited contour does not extend beyond the channel 13 noise limited contour, except in one small geographic area with no population. Accordingly, there would be no loss of CBS network service.
