Federal Register

Vol. 86, No. 87

Friday, May 7, 2021

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

May 4, 2021.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques and other forms of information technology.

Comments regarding this information collection received by June 7, 2021 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Forest Service

Title: Federal and Non-Federal Financial Assistance Instruments.

OMB Control Number: 0596–0217.

Summary of Collection: In order to carry out specific Forest Service (FS) activities, Congress created several authorities to assist the Agency in carrying out its mission. Authorized by the Federal Grants and Cooperative Agreements Act (FGCAA), the FS issues Federal Financial Assistance awards, (*i.e.*, grants and cooperative agreements). Agency specific authorities and appropriations also support use of Federal Financial Assistance awards. In addition to FFA, Congress created specific authorizations for acts outside the scope of the FGCAA. Appropriations language was developed to convey authority for the Forest Service to enter into relationships that are outside the scope of the FGCAA. Information in this request is collected from individuals; non-profit and for-profit institutions; institutions of higher education and state, local, and Native American tribal governments etc. Multiple options are available for respondents to respond including forms, non-forms, electronically, face-to-face, by telephone and over the internet.

Need and Use of the Information: In addition to Federal Financial Assistance (FFA), Congress created specific authorizations for acts outside the scope of the FGCAA. Appropriations language was developed to convey authority for the Forest Service to enter relationships that are outside the scope of the FGCAA. The Forest Service implements these authorizations using instruments such as collection agreements, FGCAA exempted agreements, memorandums of understanding, and other agreements which mutually benefit participating parties. These instruments fall outside the scope of the Federal Acquisition Regulations (FAR) and often require financial plans and statements of work. Forest Service employees collect information from cooperating parties from the pre-award to the closeout stage via telephone calls, emails, postal mail, and person-to-person meetings to create, develop, and administer these funded and non-funded agreements. The multiple means for respondents to communicate their responses include forms, non-forms, electronic documents,

face-to-face, telephone, and internet. The scope of information collected varies; however, it typically includes the project type, project scope, financial plan, statement of work, and cooperator's business information.

The Forest Service would not be able to create, develop, and administer these funded and non-funded agreements without the collected information. The Agency would also be unable to develop or monitor projects, make or receive payments, or identify financial and accounting errors.

Description of Respondents: Business or other for-profit; Not-for-profit Institutions; State, Local or Tribal Government; Individuals.

Number of Respondents: 4,890.

Frequency of Responses: Recordkeeping; Reporting: Quarterly; On occasion.

Total Burden Hours: 42,445.

Levi S. Harrell,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Redistricting Data Program

AGENCY: Census Bureau, Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act (PRA) of 1995, invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment on the proposed revision of the Redistricting Data Program (RDP) prior to the submission of the information collection request (ICR) to OMB for approval.

DATES: To ensure consideration, comments regarding this proposed

information collection must be received on or before July 6, 2021.

ADDRESSES: Interested persons are invited to submit written comments by email to rdo@census.gov. Please reference “Redistricting Data Program (RDP)” in the subject line of your comments. You may also submit comments, identified by Docket Number USBC–2021–0010, to the Federal e-Rulemaking Portal: <http://www.regulations.gov>. All comments received are part of the public record. No comments will be posted to <http://www.regulations.gov> for public viewing until after the comment period has closed. Comments will generally be posted without change. All Personally Identifiable Information (for example, name and address) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information. You may submit attachments to electronic comments in Microsoft Word, Excel, or Adobe PDF file formats.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to James Whitehorne, Chief, Redistricting & Voting Rights Data Office, by phone 301–763–4039 or by email rdo@census.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Census Bureau is requesting a three-year clearance to continue the phases of the Redistricting Data Program (RDP). The current three-year RDP clearance and the project specific Office of Management and Budget (OMB) Control Number 0607–0988 will expire in November 2021. The new clearance allows the Census Bureau to provide RDP specific materials, burden hours, and procedures to fifty-two state liaisons to complete Phase 4: Collection of Post 2020 Census Redistricting Data Plans and Phase 5: Review of the 2020 Census RDP and Recommendations for the 2030 RDP. RDP is executed under the provisions of Title 13, Section 141(c) of the United States Code (U.S.C.).

Under the provisions of Public Law 94–171, as amended (Title 13, United States Code (U.S.C.), Section 141(c)), “[t]he officers or public bodies having initial responsibility for the legislative apportionment or districting of each State may, not later than 3 years before the decennial census date, submit to the Secretary a plan identifying the geographic areas for which specific tabulations of population are desired.”

“Tabulations of population for the areas identified in any plan approved by the Secretary shall be completed by [her] as expeditiously as possible after the decennial census date and reported to the Governor of the State involved and to the officers or public bodies having responsibility for legislative apportionment or districting of such State, except that such tabulations of population of each State requesting a tabulation plan, and basic tabulations of population of each other State, shall, in any event, be completed, reported, and transmitted to each respective State within one year after the decennial census date.”

II. Method of Collection

The Census Bureau develops and uses different methods to collect data from program participants. The Census Bureau issued invitations letters by mail (U.S. Postal Service) and follow-up emails to the officers or public bodies having initial responsibility for legislative reapportionment and redistricting. Fifty-two states and state equivalents, including the District of Columbia and the Commonwealth of Puerto Rico, have identified non-partisan liaisons that are already working directly with the Census Bureau on the 2020 Census RDP.

Phase 1: Block Boundary Suggestion Project was conducted and completed in fiscal years 2015 through 2017.

Phase 2: The Voting District Project was conducted and completed in fiscal years 2018 through 2020.

Phase 3: Delivery of the 2020 Decennial Census Redistricting Data was originally scheduled for completion on April 1, 2021. Due to COVID–19-related delays and prioritizing the delivery of the apportionment results, the Census Bureau will deliver the redistricting data to all states and state equivalents as Legacy Format Summary File by August 16, 2021, and with the full redistricting data toolkit for easier access and use of the data by Sept. 30, 2021.

Phase 4: Collection of Post Census Redistricting Data Plans. Between January 2022 and July 2022, the Census Bureau will solicit from each state the newly drawn 118th Congressional Districts and State Legislative Districts. This effort will occur every two years in advance of the 2030 Census in order to update these boundaries with new or changed plans. A verification phase will occur with each update.

Phase 5: Review of the 2020 Census RDP and Recommendations for the 2030 Census RDP (2020 post-data collection). As the final phase of the 2020 Census RDP, the Census Bureau will work with

the states to conduct a thorough review of the RDP. The intent of this review, and the final report that results, is to provide guidance to the Secretary and the Census Bureau Director in planning the 2030 Census RDP.

III. Data

OMB Control Number: 0607–0988.
Form Number(s): Phase 4 Yes/No Participation Form.

Type of Review: Regular submission, Request for a Revision of a Currently Approved Collection.

Affected Public: All fifty states, the District of Columbia, and the Commonwealth of Puerto Rico.

Estimated Number of Respondents: 52.

Estimated Time per Response:

Phase 4: 8 hours.

Phase 5: 2 hours.

Estimated Total Annual Burden Hours: 520 hours.

Phase 4: 416 hours.

Phase 5: 104 hours.

Estimated Total Annual Cost to Public: \$0 (This is not the cost of respondents’ time, but the indirect costs respondents may incur for such things as purchases of specialized software or hardware needed to report, or expenditures for accounting or records maintenance services required specifically by the collection.)

Respondent’s Obligation: Voluntary.

Legal Authority: Public Law 94–171, as amended (Title 13, United States Code (U.S.C.), Section 141(c)).

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include, or summarize, each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your

personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Report of Building or Zoning Permits Issues for New Privately-Owned Housing Units (Building Permits Survey)

AGENCY: Census Bureau, Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act (PRA) of 1995, invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment on the proposed extension of the Report of Building or Zoning Permits Issues for New Privately-Owned Housing Units (Building Permits Survey), prior to the submission of the information collection request (ICR) to OMB for approval.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before July 6, 2021.

ADDRESSES: Interested persons are invited to submit written comments by email to Thomas.J.Smith@census.gov. Please reference the Building Permits Survey in the subject line of your comments. You may also submit comments, identified by Docket Number USBC-2021-0013, to the Federal e-Rulemaking Portal: <http://www.regulations.gov>. All comments received are part of the public record. No comments will be posted to <http://www.regulations.gov> for public viewing until after the comment period has closed. Comments will generally be

posted without change. All Personally Identifiable Information (for example, name and address) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information. You may submit attachments to electronic comments in Microsoft Word, Excel, or Adobe PDF file formats.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or specific questions related to collection activities should be directed to Aidan Smith, Construction Indicator Programs, Economic Indicators Division, U.S. Census Bureau, 301-763-2972, aidan.d.smith@census.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau plans to request a three-year extension of Form C-404, "Report of Building or Zoning Permits Issued for New Privately-Owned Housing Units", otherwise known as the Building Permits Survey. The Census Bureau uses this survey to produce statistics to monitor activity in the large and dynamic construction industry. For New Residential Construction (which includes Housing Units Authorized by Building Permits, Housing Starts, and Housing Completions), form C-404 is used to collect the estimate for Housing Units Authorized by Building Permits. For New Residential Construction and Sales, the number of housing units authorized by building permits is a key component utilized in the estimation of housing units started, completed, and sold.

These statistics help state and local governments, the Federal Government, and private industry, analyze the housing and construction industry sector of the economy. Building permits for new private housing units also are a component of The Conference Board's Leading Economic Index.

The Census Bureau uses Form C-404 to collect information on changes to the geographic coverage of permit-issuing places, the number and valuation of new residential housing units authorized by building permits, and additional information on residential permits valued at \$2 million or more, including, but not limited to, site address and type of building. The Census Bureau uses these data to estimate the number of housing units started, the number of housing units completed, the number of single-family houses sold, and to select samples for the Census Bureau's demographic surveys. The Building Permits Survey is

the only source of statistics on residential construction for states and smaller geographic areas. The Census Bureau uses the detailed geographic data collected from state and local officials on new residential construction authorized by building permits in the development of annual population estimates that are used by government agencies to allocate funding and other resources to local areas. Policymakers, planners, businesses, and others also use the detailed geographic data to monitor growth, plan for local services, and to develop production and marketing plans.

II. Method of Collection

Respondents may submit their data via internet or a mailed or faxed form. Some respondents choose to report over the phone or to send proprietary files containing permit information in lieu of returning the form.

The survey universe is comprised of approximately 19,998 local governments that issue building permits. Due to resource availability and the time required to complete the data review and analysis, the Census Bureau collects data from a selection of permit-issuing jurisdictions monthly, and the remainder of the jurisdictions annually. We collect this information monthly for about 8,385 permit-issuing jurisdictions who respond via internet or who mail or fax the provided form. Another 228 jurisdictions have established reporting arrangements that allow them to submit their responses monthly via proprietary electronic files or mailed printouts using their own file format. We collect this information annually for about 10,509 permit-issuing jurisdictions who respond via internet or who mail or fax the provided form. Another 878 jurisdictions chose to submit their responses to the annual survey via telephone, proprietary electronic files or mailed printouts using their own file format.

III. Data

OMB Control Number: 0607-0094.
Form Number(s): C-404.

Type of Review: Regular submission, Request for an Extension, without Change, of a Currently Approved Collection.

Affected Public: State and Local governments.

Estimated Number of Respondents: 19,998.

Estimated Time per Response: 8 minutes for monthly respondents who report via internet, mail or faxing the form, 23 minutes for annual respondents who report via internet, mail or faxing the form and 3 minutes
