[FR Doc. 2021-09860 Filed 5-7-21; 8:45 am]

**BILLING CODE 9110-12-P**

**FEDERAL COMMUNICATIONS COMMISSION**

**47 CFR Part 73**

**[MB Docket No. 21-57; RM-11882; DA 21-480; FR ID 24753]**

**Television Broadcasting Services Savannah, Georgia**

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** On February 22, 2021, the Media Bureau, Video Division (Bureau) issued a *Notice of Proposed Rulemaking* in response to a petition for rulemaking filed by Gray Television Licensee, LLC (Gray), the licensee of WTOG-TV, channel 11 (CBS), Savannah, Georgia,

requesting the substitution of channel 23 for channel 11 at Savannah in the DTV Table of Allotments. For the reasons set forth in the *Report and Order* referenced below, the Bureau amends FCC regulations to substitute channel 23 for channel 11 at Savannah.

**DATES:** Effective May 10, 2021.

**FOR FURTHER INFORMATION CONTACT:** Andrew Manley, Media Bureau, at (202) 418-0596 or [AndrewManley@fcc.gov](mailto:AndrewManley@fcc.gov).

**SUPPLEMENTARY INFORMATION:** The proposed rule was published at 86 FR 12898 on March 5, 2021. Gray filed comments in support of the petition reaffirming its commitment to applying for channel 23. No other comments were received. In support, Gray states that the Commission has recognized that VHF channels have certain propagation

characteristics which may cause reception issues for some viewers, and that many of its viewers experience significant difficulty receiving WTOC's signal. Gray also demonstrated that all of the terrain-limited service area of WTOC's licensed channel 11 will receive terrain-limited service from the proposed channel 23, and that operation on channel 23 will not result in any predicted loss of service. The Bureau believes the public interest would be served by the channel substitution because it will result in improved service.

This is a synopsis of the Commission's *Report and Order*, MB Docket No. 21-61; RM-11885; DA 21-477, adopted April 26, 2021, and released April 26, 2021. The full text of this document is available for download at <https://www.fcc.gov/edocs>. To request materials in accessible formats for people with disabilities (braille, large print, electronic files, audio format), send an email to [fcc504@fcc.gov](mailto:fcc504@fcc.gov) or call the Consumer & Governmental Affairs Bureau at 202-418-0530 (voice), 202-418-0432 (tty).

This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, do not apply to this proceeding.

The Commission will send a copy of this *Report and Order* in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A).

Television.  
Federal Communications Commission.  
**Thomas Horan,**  
*Chief of Staff, Media Bureau.*

**Final Rule**

For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 73 as follows:

**PART 73—RADIO BROADCAST SERVICE**

■ 1. The authority citation for part 73 continues to read as follows:

**Authority:** 47 U.S.C. 154, 155, 301, 303, 307, 309, 310, 334, 336, 339.

■ 2. In § 73.622(i), amend the Post-Transition Table of DTV Allotments, under Georgia, by revising the entry for Savannah to read as follows:

**§ 73.622 Digital television table of allotments.**

[Docket No. 210504-0099]

**RIN 0648-BK22**

**Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Dolphin and Wahoo Fishery of the Atlantic; Amendment 12**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule.

**SUMMARY:** NMFS issues regulations to implement Amendment 12 to the Fishery Management Plan (FMP) for the Dolphin and Wahoo Fishery of the Atlantic (Dolphin Wahoo FMP), as prepared and submitted by the South Atlantic Fishery Management Council (Council). This final rule adds bullet mackerel and frigate mackerel to the Dolphin Wahoo FMP and designates them as ecosystem component (EC) species. The purpose of this final rule and Amendment 12 is to acknowledge the ecological role of bullet mackerel and frigate mackerel as forage fish and to achieve the ecosystem management objectives in the Dolphin Wahoo FMP. **DATES:** This final rule is effective June 9, 2021.

**ADDRESSES:** Electronic copies of Amendment 12, which includes a fishery impact statement and a regulatory impact review, may be

obtained from the Southeast Regional Office website at <https://www.fisheries.noaa.gov/action/amendment-12-add-bullet-mackerel-and-frigate-mackerel-ecosystem-component-species>.

**FOR FURTHER INFORMATION CONTACT:** Nikhil Mehta, telephone: 727-824-5305, or email: [nikhil.mehta@noaa.gov](mailto:nikhil.mehta@noaa.gov).

**SUPPLEMENTARY INFORMATION:** The dolphin and wahoo fishery of the Atlantic is managed under the FMP. The FMP was prepared by the Council and implemented through regulations at 50 CFR part 622 under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act).

On January 29, 2021, NMFS published a notice of availability for Amendment 12 and requested public comment (86 FR 7524). NMFS approved Amendment 12 on April 26, 2021. On March 2, 2021, NMFS published a proposed rule for Amendment 12 and requested public comment (86 FR 12166). The proposed rule and Amendment 12 outline the rationale for the actions contained in this final rule. A summary of the management measures described in Amendment 12 and implemented by this final rule is described below.

**Background**

The Council manages dolphin and wahoo under the Dolphin Wahoo FMP in Federal waters off the Atlantic states from Maine south to the Florida Keys in the Atlantic. In the western North Atlantic, bullet mackerel are found from Cape Cod to the Gulf of Mexico, and frigate mackerel are found mostly from North Carolina to Florida. As described in Amendment 12, both bullet mackerel and frigate mackerel are found in the diets of dolphin and wahoo in the North Atlantic. In particular, wahoo has been demonstrated to have a strong dietary reliance on bullet mackerel and frigate mackerel, indicating that these mackerel species are the most dominant forage species observed in the diets of wahoo. Dolphin tend to have more diverse diets than wahoo and have a lower reliance on these mackerel species as prey. Additionally, bullet mackerel and frigate mackerel have been identified as important forage species for other offshore pelagic predatory species in the Atlantic such as blue marlin and yellowfin tuna. Bullet mackerel feed on a variety of prey, especially clupeoids (*i.e.*, herrings and sardines), crustaceans, and squids. Frigate mackerel feed on a variety of fish, squid, and small crustaceans. Therefore, given their presence as a common forage fish and
