

If EPA does not receive a timely and appropriate request for a hearing and the Regional Administrator does not elect to hold a hearing on her own motion, this determination shall become final and effective on June 10, 2021, and no further public notice will be issued.

Authority: Section 1413 of the Safe Drinking Water Act, as amended, 42 U.S.C. 300g-2 (1996), and 40 CFR part 142 of the National Primary Drinking Water Regulations.

Dated: April 30, 2021.

Deborah Jordan,

Acting Regional Administrator, EPA Region 9.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10022-08-OMS]

Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of New Hampshire

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the Environmental Protection Agency's (EPA) approval of the State of New Hampshire's request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA approves the authorized program revisions/modifications as of May 10, 2021.

FOR FURTHER INFORMATION CONTACT: Shirley M. Miller, CROMERR Program Manager, U.S. Environmental Protection Agency, Office of Information Management, Mail Stop 2824T, 1200 Pennsylvania Avenue NW, Washington, DC 20460, (202) 566-2908, miller.shirley@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of Title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval.

Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On September 17, 2020, the New Hampshire Department of Environmental Services (NHDES) submitted two applications titled NH Online Forms (nForm) and State and Local Emissions Inventory System (SLEIS) for revisions/modifications to its EPA-approved programs under title 40 CFR to allow new electronic reporting. EPA reviewed NHDES's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the applications met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve New Hampshire's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 52, 60, 62, 63, 70, 142, 145, 239, 271, 281, and 763 to allow electronic reporting under 40 CFR parts 50-52, 60-65, 70, 141, 144, 146, 240-259, 260-270, 272-280 and 763 is being published in the **Federal Register**:

Part 52: Approval and Promulgation of Implementation Plans (SIP/Clean Air Act Title II) Reporting under CFR 50-52

Part 60: Standards of Performance for New Stationary Sources (NSPS/CAR/Clean Air Act Title III) Reporting under CFR 60 & 65

Part 62: Approval and Promulgation of State Plans for Designated Facilities and Pollutants (NSPS/Clean Air Act Title III—Hospital/Medical) Reporting under CFR 62

Part 63: National Emission Standards for Hazardous Air Pollutants for Source Categories (NESHAP MACT/Clean Air Act Title III) Reporting under CFR 61, 63 & 65

Part 70: State Operating Permit Programs (Clean Air Act Title V) Reporting under CFR 64 & 70

Part 142: National Primary Drinking Water Regulations Implementation (NPDWR) Reporting under CFR 141

Part 145: State Underground Injection Control Programs (UIC) Reporting under CFR 144 & 146

Part 239: Requirements for State Permit Program Determination of Adequacy (RCRA Subtitle C) Reporting under CFR 240-259

Part 271: Requirements for Authorization of State Hazardous Waste Programs (RCRA Subtitle C) Reporting under CFR 260-270, 272-279

Part 281: Technical Standards and Corrective Action Requirements for Owners and Operators of Underground Storage Tanks (UST) Reporting under CFR 280

Part 763: Asbestos Reporting under CFR 763NHDES was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Also, in this notice, EPA is informing interested persons that they may request a public hearing on EPA's action to approve the State of New Hampshire's request to revise its authorized public water system program under 40 CFR part 142, in accordance with 40 CFR 3.1000(f). Requests for a hearing must be submitted to EPA within 30 days of publication of this **Federal Register** notice. Such requests should include the following information:

(1) The name, address and telephone number of the individual, organization or other entity requesting a hearing;

(2) A brief statement of the requesting person's interest in EPA's determination, a brief explanation as to why EPA should hold a hearing, and any other information that the requesting person wants EPA to consider when determining whether to grant the request;

(3) The signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

In the event a hearing is requested and granted, EPA will provide notice of the hearing in the **Federal Register** not less than 15 days prior to the scheduled hearing date. Frivolous or insubstantial requests for hearing may be denied by EPA. Following such a public hearing, EPA will review the record of the hearing and issue an order either affirming this determination or rescinding such determination. If no timely request for a hearing is received and granted, EPA's approval of the State

of New Hampshire’s request to revise its part 142—National Primary Drinking Water Regulations Implementation program to allow electronic reporting will become effective 30 days after this notice is published, pursuant to CROMERR section 3.1000(f)(4).

Dated: May 3, 2021.

Jennifer Campbell,

Director, Office of Information Management.

BILLING CODE 6560–50–P

FEDERAL DEPOSIT INSURANCE CORPORATION

Notice of Termination of Receiverships

The Federal Deposit Insurance Corporation (FDIC or Receiver), as Receiver for each of the following insured depository institutions, was charged with the duty of winding up the affairs of the former institutions and liquidating all related assets. The Receiver has fulfilled its obligations and

made all dividend distributions required by law.

NOTICE OF TERMINATION OF RECEIVERSHIPS

Fund	Receivership name	City	State	Termination date
10311	Cooper Star Bank	Scottsdale	AZ	05/01/2021
10313	Tifton Banking Company	Tifton	GA	05/01/2021
10353	Bartow County Bank	Cartersville	GA	05/01/2021
10371	McIntosh State Bank	Jackson	GA	05/01/2021
10377	High Trust Bank	Stockbridge	GA	05/01/2021
10419	The First State Bank	Stockbridge	GA	05/01/2021
10426	Central Bank of Georgia	Ellaville	GA	05/01/2021

The Receiver has further irrevocably authorized and appointed FDIC-Corporate as its attorney-in-fact to execute and file any and all documents that may be required to be executed by the Receiver which FDIC-Corporate, in its sole discretion, deems necessary, including but not limited to releases, discharges, satisfactions, endorsements, assignments, and deeds. Effective on the termination dates listed above, the Receiverships have been terminated, the Receiver has been discharged, and the Receiverships have ceased to exist as legal entities.

(Authority: 12 U.S.C. 1819)

Federal Deposit Insurance Corporation.

Dated at Washington, DC, on May 5, 2021.

Debra A. Decker,

Deputy Executive Secretary.

BILLING CODE 6714–01–P

Services (HHS), announces the availability of additional technical instructions and documents released under its Framework for Conditional Sailing Order (CSO). These documents apply to cruise ship operators with cruise ships operating in U.S. waters and cruise ship operators who are operating cruise ships outside of U.S. waters, but intend for their cruise ships to return to operating in U.S. waters while CDC’s Conditional Sailing Order remains in effect.

DATES: These documents were available April 2, 2021 and May 5, 2021.

FOR FURTHER INFORMATION CONTACT:

Jennifer Buigut, Division of Global Migration and Quarantine, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H16–4, Atlanta, GA 30329. Phone: 404–498–1600. Email: dgmqpolicyoffice@cdc.gov.

SUPPLEMENTARY INFORMATION: On October 30, 2020 CDC issued an Agency Order establishing a framework for a phased approach to resuming cruise ship passenger operations in U.S. waters (85 FR 70153). The phased approach includes: (1) Establishment of laboratory testing of crew onboard cruise ships in U.S. waters; (2) simulated voyages designed to test a cruise ship operators’ ability to mitigate COVID–19 onboard cruise ships; (3) a certification process; and (4) a return to passenger voyages in a manner that mitigates the risk of COVID–19 introduction, transmission, or spread among passengers and crew onboard ships and ashore to communities.

In the initial crew testing phase, the Order additionally contained requirements for: (1) Shoreside COVID–19 laboratory screening testing of all crew currently onboard cruise ships; (2) onboard diagnostic testing capabilities for symptomatic travelers (crew and future passengers); (3) shoreside COVID–19 laboratory screening testing of all newly embarking crew; and (4) continued compliance with complete, accurate, and acknowledged, No Sail Order Response Plans.

On April 2, 2021 CDC released Phase 2A Technical Instructions. Phase 2A Technical Instructions assists cruise ship operators in documenting the approval of U.S. port and local health authorities as a condition of receiving or retaining controlled free pratique to conduct a simulated voyage or to obtain a COVID–19 Conditional Sailing Certificate to commence restricted passenger voyages. This includes documenting the approval of U.S. port and local health authorities in developing medical care, housing, and port components (including a vaccination component).

On May 5, 2021 CDC released two documents under Phase 2B and Phase 3 of the Conditional Sailing Framework: Technical Instructions for Simulated Voyages by Cruise Ship Operators under CDC’s Framework for Conditional Sailing Order and COVID–19 Operations Manual for Simulated and Restricted Voyages under the Framework for Conditional Sailing Order.

The Technical Instructions for Simulated Voyages provides technical instructions for Phase 2B of CDC’s CSO
