Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondents' answer, motions to intervene, and protests must be served on the Complainant.

**Abstract:** This information collection  
activity notifies the EPA of  
supplemental distribution of registered  
pesticide products. As mandated by  
FIFRA, as amended, EPA is responsible  
for the regulation of pesticides. FIFRA  
section 3(e) (7 U.S.C. 136a(e)) allows  
pesticide products with the same  
formulation, label claims, and  
manufacturer as a registered product to  
be distributed under the same  
registration as the basic product.  
Pesticide registrants may distribute or  
sell registered pesticides under a  
different product name in addition to  
the registered name, or under a different  
entity's name and address. Such  
distribution and sale are termed  
"supplemental distribution" and the  
product is termed a "distributor  
product." EPA requires pesticide  
registrants who enter into supplemental  
distribution agreements with other  
companies to submit EPA Form 8570–  
5, Notice of Supplemental Distribution  
of a Registered Pesticide Product.  
Supplemental registrations are only an  
extension of a currently federally  
registered pesticide product.

*Form Number:* 8570–5.

*Respondents/Affected Entities:*  
Pesticide and other agricultural  
chemical manufacturing.

*Respondent's obligation to respond:*  
Mandatory pursuant to Section 3(e) of  
FIFRA, as amended. Regulations  
pertaining to supplemental distribution  
of pesticide products are contained in  
Title 40 CFR part 152.132.

*Estimated number of respondents:*  
1,885 (total).

*Frequency of response:* On occasion.

*Total estimated burden:* 603 hours  
(per year). Burden is defined at 5 CFR  
1320.03(b).

*Total estimated costs:* \$54,463 (per  
year), includes \$0 annualized capital or  
operation & maintenance costs.

*Changes in the estimates:* There are  
no changes in the estimated respondent  
burden compared with that identified in  
the ICR currently approved by OMB.
