The Act mandates VA to establish the Staff Sergeant Parker Gordon Fox Suicide Prevention Grant Program (SSG Fox SPGP) to reduce Veteran suicide through a 3-year community-based grant program that would provide financial

assistance to eligible entities to provide or coordinate providing suicide prevention services to eligible Veterans and their families. VA is required to consult with certain entities related to administering this new grant program. VA previously published a request for information on April 1, 2021, seeking written comments from these entities to help inform VA's development of the SSG Fox SPGP and its implementing regulations. These public virtual listening sessions serve as additional means for VA to consult with these same entities.

DATES: VA will hold the first public virtual listening session on May 25, 2021, and the second public virtual listening session on May 26, 2021. Each meeting will start at 10:00 a.m. and conclude on or before 5:00 p.m. Eastern Standard Time (EST). There will be limited space for participants to speak at the public virtual listening sessions. To accommodate as many speakers as possible, participants will have no more than 20 minutes to provide oral comments, testimonies and/or technical remarks. SUPPLEMENTARY INFORMATION:

Background

Section 201 of the *Commander John Scott Hannon Veterans Mental Health Care Improvement Act of 2019* (the Act), Public Law 116-171, enacted on October 17, 2020, requires VA to create a new community-based suicide prevention grant program to reduce

Veteran suicide. Section 201 authorizes the award of grants for no more than \$750,000 per grantee per fiscal year to eligible entities to provide or coordinate providing suicide prevention services to eligible individuals and their families. An eligible individual is a person at risk of suicide who is a Veteran as defined in 38 U.S.C. 101, an individual described in 38 U.S.C. 1720I(b) or an individual described in 38 U.S.C. 1712A(a)(1)(C)(i)–(iv).

Consultation With Interested Parties

In administering the SSG Fox SPGP, VA is required to consult with certain entities to:

1. Establish the criteria for selecting eligible entities that have submitted applications;
2. Develop a framework for collecting and sharing information about eligible entities receiving grants; and
3. Develop the measures and metrics eligible entities receiving grants will use to determine the effectiveness of programming provided to improve mental health status, well-being and reduce suicide risk and deaths by suicide.

VA is also required to consult with entities in developing a plan for the design and implementing the provision of grants, including criteria for awarding such grants, and on non-traditional and innovative approaches and treatment practices. The Act requires VA to specifically consult with the following entities: (1) Veterans Service Organizations; (2) National organizations representing potential community partners in providing supportive services to address the needs of Veterans and their families, including national organizations that advocate for the needs of individuals with or at risk of behavioral health conditions as well as national organizations representing mayors, unions, first responders, chiefs of police and sheriffs, governors, a territory of the United States or representing a Tribal alliance; (3) National organizations representing members of the Armed Forces; (4) National organizations representing counties; (5) Organizations with which VA has a current memorandum of agreement or understanding related to mental health or suicide prevention; (6) State Departments of Veterans Affairs; (7) National organizations representing members of the Reserve Components of the Armed Forces; (8) National organizations representing members of the Coast Guard; (9) Organizations, including institutions of higher education, with experience in creating measurement tools for purposes of advising the Secretary on the most

appropriate existing measurement tool or protocol for VA to utilize; (10) The National Alliance on Mental Illness; (11) a labor organization (as such term is defined in 5 U.S.C. 7103(a)(4)); (12) The Centers for Disease Control and Prevention (CDC), the Substance Abuse and Mental Health Services Administration and PREVENTS; and (13) Such other organizations as the Secretary deems appropriate.

On April 1, 2021, VA published a request for information in the **Federal Register** seeking input from these groups and entities. See 86 FR 17268.

These public virtual listening sessions serve as an additional means for VA to consult with these entities. Responses will be used to inform development of the SSG Fox SPGP and its implementing regulations. Oral comment, testimonies and technical remarks are encouraged to be concise and directed toward specific virtual public listening session topics. Please note that VA will not respond to comments or other questions regarding policy plans, decisions or issues regarding this notice.

Comments received in response to this notice will be evaluated and, as appropriate, incorporated into a proposed rulemaking for grants under this law.

Registration

Individual registration: VA encourages individual registrations for those not affiliated with or representing a group, association or organization.

Group registration: Identification of the name of the group, association or organization should be indicated in your registration request. Due to virtual platform meeting limitations of WebEx and the statutory mandate that VA consult with certain entities, VA may select certain entities to speak or may limit the size of a group's registration to allow receipt of testimonies and/or technical remarks from a broad, diverse group of stakeholders. Oral comments, testimonies and/or technical remarks may be limited from a group, association or organization to no more than two (2) individuals representing the same group, association or organization. Efforts will be made to accommodate all attendees who wish to participate. However, VA will give priority to representatives of the stakeholders enumerated in the statute who request registration before May 19, 2021, 4:00 p.m. EST, and wish to provide oral comments, testimonies and/or technical remarks. The length of time allotted for participants to provide oral comments, testimonies and/or technical remarks during the meeting will be no more than 20 minutes and is

subject to the total number of participants speaking, to ensure time is allotted to selected registered speakers. There will be no opportunity for audio-visual presentations during the meeting.

Audio (For listening purposes only): Limited to the first 200 participants, on a first-come, first-served basis. Advanced registration is not required. Audio attendees will not be allowed to offer oral comments, testimonies and/or technical remarks as the phone line will be muted.

Note: Should it be necessary to cancel the meeting due to technical issues or other emergencies, VA will take available measures to notify registered participants. VA will conduct the public meeting informally, and technical rules of evidence will not apply. VA will arrange for a written transcript of the meeting and keep the official record open for 15 days after the meeting to allow submission of supplemental information. You may make arrangements for copies of the transcript directly with the reporter, and the transcript will also be posted in the docket of the rule as part of the official record when the rule is published.
