

parcels will be reserved to the United States. The patents, when issued, will contain a mineral reservation to the United States for all minerals.

In response to requests to clarify this mineral reservation as it relates to mineral materials, such as sand and gravel, we refer interested parties to the regulations at 43 CFR 3601.71(b), which provides that the owner of the surface estate of lands with reserved Federal minerals may “use a minimal amount of mineral materials for . . . personal use” within the boundaries of the surface estate without a sales contract or permit. The regulation provides that all other use, absent statutory or other express authority, requires a sales contract or permit. The BLM refers interested parties to the explanation of this regulatory language in the preamble to the final rule published in the **Federal Register** in 2001, available at <https://www.federalregister.gov/d/01-29001>, which stated that minimal use “would not include large-scale use of mineral materials, even within the boundaries of the surface estate” (66 FR 58894). Further explanation is contained in BLM Instruction Memorandum No. 2014-085 (April 23, 2014), available on BLM’s website at <https://www.blm.gov/policy/im-2014-085>.

The parcels are subject to limitations prescribed by law and regulation, and certain encumbrances in favor of third parties. Prior to patent issuance, a holder of any Right-of-way (ROW) within the sale parcels will have the opportunity to amend its ROW for conversion to a new term, including in perpetuity if applicable, or to an easement. The BLM will notify valid existing ROW holders of record of their ability to convert their compliant ROWs to perpetual ROWs or easements. In accordance with Federal regulations at 43 CFR 2807.15, once notified, each valid holder may apply for the conversion of their current authorization.

The following numbered terms and conditions will appear on the conveyance documents for the sale parcels:

1. All mineral deposits in the lands so patented, and to it, or persons authorized by it, the right to prospect for, mine, and remove such deposits from the same under applicable law and regulations to be established by the Secretary are reserved to the United States, together with all necessary access and exit rights;

2. A right-of-way is reserved for ditches and canals constructed by authority of the United States under the Act of August 30, 1890 (43 U.S.C. 945);

3. The parcels are subject to valid existing rights;

4. The parcels are subject to reservations for roads, public utilities, and flood control purposes, both existing and proposed, in accordance with the local governing entities’ transportation plans; and

5. An appropriate indemnification clause protecting the United States from claims arising out of the lessee’s/ patentee’s use, occupancy, or occupations on the leased/patented lands.

To the extent required by law, the parcel is subject to the requirements of Section 120(h) of the CERCLA, as amended. Accordingly, notice is hereby given that the lands have been examined and no evidence was found to indicate that any hazardous substances have been stored for one year or more, nor that any hazardous substances have been disposed of or released on the subject properties.

No warranty of any kind, express or implied, is given by the United States as to the title, whether or to what extent the land may be developed, its physical condition, future uses, or any other circumstance or condition. The conveyance of a parcel will not be on a contingency basis.

**Authority:** 43 CFR 2711.1-2.

### Bureau of Land Management

**[LLHQ310000.L1310000.PP0000; OMB Control No. 1004-0162]**

#### Agency Information Collection Activities; Onshore Geophysical Exploration

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Information Collection; request for comment.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) proposes to renew an information collection.

**DATES:** Interested persons are invited to submit comments on or before July 19, 2021.

**ADDRESSES:** Send your written comments on this information collection request (ICR) by mail to Darrin King, Information Collection Clearance Officer, U.S. Department of

the Interior, Bureau of Land Management, Attention PRA Office, 440 W 200 S #500, Salt Lake City, UT 84101; or by email to [BLM\\_HQ\\_PRA\\_Comments@blm.gov](mailto:BLM_HQ_PRA_Comments@blm.gov). Please reference Office of Management and Budget (OMB) Control Number 1004-0162 in the subject line of your comments. Please note that due to COVID-19, the electronic submission of comments is recommended.

**FOR FURTHER INFORMATION CONTACT:** To request additional information about this ICR, contact Jennifer Spencer by email at [j35spenc@blm.gov](mailto:j35spenc@blm.gov), or by telephone at 202-912-7146. Individuals who are hearing or speech impaired may call the Federal Relay Service at 1-800-877-8339 for TTY assistance. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

**SUPPLEMENTARY INFORMATION:** In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor, and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Abstract:** This information collection pertains to onshore geophysical exploration on Federal lands. Federal land-management agencies are responsible for regulating geophysical exploration on the Federal surface estate. The BLM regulates exploration for oil and gas on lands it manages, and on occasion regulates such exploration on lands managed by other Federal land-management agencies. The U.S. Forest Service (USFS) regulates exploration for various types of minerals, including oil and gas, on lands it manages. The BLM and the USFS propose to revise the accuracy and usefulness of the forms they use for this collection of information. OMB Control Number 1004–0162 is currently scheduled to expire on October 31, 2021. The BLM plans to request that OMB renew this Control Number for an additional three years.

**Title of Collection:** Onshore Geophysical Exploration (43 CFR part 3150 and 36 CFR parts 228 and 251).

**OMB Control Number:** 1004–0162.

**Form Numbers:** BLM Form 3150–4/FS Form 2800–16 and BLM Form 3150–5/FS Form 2800–16a.

**Type of Review:** Extension of a currently approved collection.

**Respondents/Affected Public:** The respondents for this collection of information are businesses that seek to conduct geophysical exploration on Federal lands.

**Total Estimated Number of Annual Respondents:** 68.

**Total Estimated Number of Annual Responses:** 68.

**Estimated Completion Time per Response:** Varies from 20 minutes to 1 hour, depending on activity.

**Total Estimated Number of Annual Burden Hours:** 27.

**Respondent's Obligation:** Required to obtain or retain a benefit.

**Frequency of Collection:** On occasion.

**Total Estimated Annual Non-hour Burden Cost:** \$25.

An agency may not conduct or sponsor and, notwithstanding any other provision of law, a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).
