

(DRC) and in the Republic of Guinea. These restrictions directed such flights to land only at a limited set of United States airports where the United States government had focused public health resources to implement enhanced public health measures.

DATES: The arrival restrictions applicable to flights to the United States carrying persons who have recently traveled from, or were otherwise present within, the Republic of Guinea are terminated as of 12:01 a.m. Eastern Daylight Time on May 14, 2021.

FOR FURTHER INFORMATION CONTACT: Alyce Modesto, Office of Field Operations, U.S. Customs and Border Protection at 202-286-8995.

SUPPLEMENTARY INFORMATION:

Background

On March 4, 2021, the Secretary of Homeland Security (Secretary) announced arrival restrictions applicable to flights carrying persons who have recently traveled from, or were otherwise present within, the Democratic Republic of the Congo (DRC) or the Republic of Guinea, consistent with 6 U.S.C. 112(a), 19 U.S.C. 1433(c), and 19 CFR 122.32, in a **Federal Register** document titled “Arrival Restrictions Applicable to Flights Carrying Persons Who Have Recently Traveled From or Were Otherwise Present Within the Democratic Republic of the Congo or the Republic of Guinea” (86 FR 12534). On May 3, 2021, the Secretary terminated the arrival restrictions applicable to flights carrying persons who have recently traveled from, or were otherwise present within, the DRC in a **Federal Register** document titled “Termination of Arrival Restrictions Applicable to Flights Carrying Persons Who Have Recently Traveled From or Were Otherwise Present Within the Democratic Republic of the Congo” (86 FR 23277). However, the May 3, 2021 **Federal Register** notification did not terminate the arrival restrictions for flights carrying persons who have recently traveled from, or were otherwise present within, the Republic of Guinea because the most recent case of EVD in the Republic of Guinea was confirmed on April 3, 2021.

For the reasons set forth below, the Secretary has decided to terminate the arrival restrictions applicable to flights carrying persons who have recently traveled from, or were otherwise present within, the Republic of Guinea. These restrictions funnel relevant arriving air passengers to one of six designated airports of entry where the United States is implementing enhanced public health measures. Since April 3, 2021, there

have been no new confirmed EVD cases reported in the Republic of Guinea and all contacts of cases that were being monitored for EVD have passed the 21-day incubation period. With no new hospitalized patients with EVD and no contacts of confirmed EVD cases still requiring monitoring, the potential risk for Ebola virus exposure in the Republic of Guinea has greatly diminished. Therefore, flight restrictions are no longer required for flights carrying persons who have recently traveled from, or were otherwise present within, the Republic of Guinea.

Notice of Termination of Arrival Restrictions Applicable to All Flights Carrying Persons Who Have Recently Traveled From or Were Otherwise Present Within the Republic of Guinea

Pursuant to 6 U.S.C. 112(a), 19 U.S.C. 1433(c), and 19 CFR 122.32, and effective as of 12:01 a.m. Eastern Daylight Time on May 14, 2021, for all affected flights arriving at a United States airport, I hereby terminate the arrival restrictions applicable to flights carrying persons who have recently traveled from, or were otherwise present within, the Republic of Guinea announced in the Arrival Restrictions document published at 86 FR 12534 (March 4, 2021).

Alejandro Mayorkas,

Secretary, U.S. Department of Homeland Security.

BILLING CODE 9111-14-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG-2021-0014]

RIN 1625-AA00

Safety Zones; Coast Guard Sector Ohio Valley Annual and Recurring Safety Zones Update

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Final rule.

SUMMARY: The Coast Guard is amending and updating its safety zone regulations for annual events that take place in the Coast Guard Sector Ohio Valley area. This action is necessary to update the current list of recurring safety zones with revisions, additional events, and removal of events that no longer take place in the Sector Ohio Valley. When these safety zones are enforced, certain

restrictions are placed on marine traffic in specified areas.

DATES: This rule is effective May 18, 2021.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG-2021-0014 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Petty Officer Christopher Roble, Sector Ohio Valley, U.S. Coast Guard; telephone (502)-779-5336, email SECOHV-WWM@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

AOR Area of Responsibility
CFR Code of Federal Regulations
COTP Captain of the Port Sector Ohio Valley
DHS Department of Homeland Security
E.O. Executive Order
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Captain of the Port Sector Ohio Valley (COTP) is amending 33 CFR 165.801 to update the table of annual fireworks displays and other events in Coast Guard Sector Ohio Valley Area of Responsibility (AOR). These events include air shows, fireworks displays, and other events requiring a safety zone.

On February 24, 2021, the Coast Guard published a notice of proposed rulemaking (NPRM) titled, “Safety Zones; Coast Guard Sector Ohio Valley Annual and Recurring Safety Zones Update” (86 FR 11198). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to those recurring safety zones. During the comment period that ended on March 26, 2021, no comments were received.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to the public interest because immediate action is necessary to respond to the potential safety hazards associated with these events.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Coast

Guard is amending and updating the safety zones under 33 CFR part 165 to include the most up to date list of recurring safety zones for events held on or around navigable waters within the Sector Ohio Valley AOR. These events include fireworks displays, air shows, and festivals. The current list in 33 CFR 165.801 requires amending to provide new information on existing safety zones and to include new safety zones expected to recur annually or biannually. Issuing individual regulations for each new safety zone, amendment of existing safety zones creates unnecessary administrative costs and burdens. This rulemaking reduces administrative overhead and provides the public with notice through publication in the **Federal Register** of the upcoming recurring safety zones. Based on the nature of these events, large numbers of participants and spectators, and event locations, the COTP has determined that the events listed in this rule could pose a risk to participants or waterway users if the normal vessel traffic were to interfere with the events. Possible hazards include risks of injury or death from near or actual contact among participant vessels and spectators or mariners traversing through the regulated area. This purpose of this rule is to ensure the safety of all waterway users, including event participants and spectators, during the scheduled events.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published February 24, 2021. There are no changes in the regulatory text of this rule from the proposed rule on the NPRM.

This rule amends and updates part 165 of 33 CFR by revising the current table for Sector Ohio Valley, and by adding two new recurring safety zones as described in the NPRM. Vessels intending to transit the designated waterway through the safety zone will only be allowed to transit the area when the COTP, or a designated representative, has deemed it safe to do so or at the completion of the event.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and

benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, and duration of the safety zones. These safety zones are limited in size and duration, and are usually positioned away from high vessel traffic areas. Moreover, the Coast Guard would issue a Broadcast Notices to Mariners, Local Notices to Mariners, and Marine Safety Information Broadcasts to inform the community of these safety zones.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zones may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions

annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a

category of actions that do not individually or cumulatively have a significant effect on the human environment. It is categorically excluded from further review under paragraph L of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 1. A Record of Environmental Consideration supporting this determination for each of the safety zones will be made available in the docket before the event. For instructions on locating the docket, see the ADDRESSES section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters.

Protesters are asked to call or email the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. In § 165.801, revise table 1 to read as follows:

§ 165.801 Annual fireworks displays and other events in the Eighth Coast Guard District recurring safety zones.

* * * * *

TABLE 1 OF § 165.801—SECTOR OHIO VALLEY ANNUAL AND RECURRING SAFETY ZONES

Date	Sponsor/name	Sector Ohio Valley location	Safety zone
1. 3 days—Third or Fourth weekend in April	Henderson Breakfast Lions Club Tri-Fest	Henderson, KY	Ohio River, Miles 802.5–805.5 (Kentucky).
2. Multiple days—April through November ...	Pittsburgh Pirates Season Fireworks	Pittsburgh, PA	Allegheny River, Miles 0.2–0.9 (Pennsylvania).
3. Multiple days—April through November ...	Cincinnati Reds Season Fireworks	Cincinnati, OH	Ohio River, Miles 470.1–470.4; extending 500 ft. from the State of Ohio shoreline (Ohio).
4. Multiple days—April through November ...	Pittsburgh Riverhounds Season Fireworks ..	Pittsburgh, PA	Monongahela River, Miles 0.22–0.77 (Pennsylvania).
5. 1 day—First week in May	Belterra Park Gaming Fireworks	Cincinnati, OH	Ohio River, Miles 460.0–462.0 (Ohio).
6. 3 days in May	US Rowing Southeast Youth Championship Regatta.	Oak Ridge, TN	Clinch River, Miles 48.5–52 (Tennessee).
7. 1 day—One Friday in May prior to memorial day.	Live on the Levee Memorial Day Fireworks/ City of Charleston.	Charleston, WV	Kanawha River, Mile 58.1–59.1 (West Virginia).
8. 1 day—Saturday before Memorial Day ...	Venture Outdoors Festival	Pittsburgh, PA	Allegheny River, Miles 0.0–0.25; Monongahela River, Miles 0.0–0.25 (Pennsylvania).
9. 3 days in June	CMA Festival	Nashville, TN	Cumberland River, Miles 190.7–191.1 extending 100 feet from the left descending bank (Tennessee)
10. 1 day in June	Cumberland River Compact/Nashville Splash Bash.	Nashville, TN	Cumberland River, Miles 189.7–192.1 (Tennessee).

RIN 2010-AA15

EPA Guidance; Administrative Procedures for Issuance and Public Petitions; Rescission**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule; rescission of regulations.

SUMMARY: In accordance with the Presidential directive of January 20, 2021, “Revocation of Certain Executive Orders Concerning Federal Regulation,” the Environmental Protection Agency (EPA) is rescinding its October 19, 2020, final rule establishing administrative procedures for issuing Agency guidance documents.

DATES: This final rule is effective on May 18, 2021.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-HQ-OA-2020-0128. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available electronically through <https://www.regulations.gov>. For information on the EPA Docket Center services and the current status, please visit us online at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Sharon Cooperstein, Policy and Regulatory Analysis Division, Office of Regulatory Policy and Management (Mail Code 1803A), Environmental Protection Agency, 1200 Pennsylvania Avenue Northwest, Washington, DC 20460; telephone number: 202-564-7051; email address: cooperstein.sharon@epa.gov.

SUPPLEMENTARY INFORMATION:**I. General Information***A. What action is the Agency taking?*

In accordance with E.O. 13992, “Revocation of Certain Executive Orders Concerning Federal Regulation,” issued by President Biden on January 20, 2021 (86 FR 7049, January 25, 2021), the EPA is rescinding the final rule (85 FR 66230, October 19, 2020) that established the procedures and requirements regarding the issuance, revision, and withdrawal of guidance documents. The prior final rule was promulgated to implement E.O. 13891, “Promoting the Rule of Law Through Improved Agency Guidance Documents” (84 FR 55235, October 15, 2019).

B. What is the Agency’s authority for taking this action?

The revisions to the EPA’s policies and requirements surrounding guidance are matters of agency organization, procedure, or practice that lack the force and effect of law. Accordingly, the EPA is not required to engage in a notice and comment process to issue or revise internal procedures under the Administrative Procedure Act (APA). See 5 U.S.C. 553(b)(3)(A), which provides that an agency may issue interpretive rules, general statements of policy, or rules of agency organization, procedure, or practice without providing notice and an opportunity for public comment. The EPA is providing an immediate effective date for this rulemaking because it is procedural rather than substantive. The APA’s requirement, 5 U.S.C. 553(d), that substantive rules not be effective until at least 30 days after publication in the **Federal Register** is inapplicable because this rulemaking is procedural.

II. Background

On October 9, 2019, President Trump issued E.O. 13891, “Promoting the Rule of Law Through Improved Agency Guidance Documents.” The now revoked E.O. 13891 provided a specific definition of guidance documents and required Federal agencies to finalize regulations or amend existing regulations to establish processes and procedures for issuing guidance documents, among other actions. On October 19, 2020, the EPA published a final rule consistent with E.O. 13891. The final rule, codified at 40 CFR part 2, subpart D, established the EPA’s policy and internal procedures for issuing, modifying, withdrawing, and using guidance documents; making guidance documents available to the public; and receiving and responding to

petitions about guidance documents (85 FR 66230).

On January 20, 2021, President Biden issued E.O. 13992, “Revocation of Certain Executive Orders Concerning Federal Regulation,” which revoked E.O. 13891. E.O. 13992 states that it is the policy of the Administration “to use available tools to confront the urgent challenges facing the Nation, including the coronavirus disease 2019 (COVID-19) pandemic, economic recovery, racial justice, and climate change. To tackle these challenges effectively, executive departments and agencies (agencies) must be equipped with the flexibility to use robust regulatory action to address national priorities. This order revokes harmful policies and directives that threaten to frustrate the Federal Government’s ability to confront these problems, and empowers agencies to use appropriate regulatory tools to achieve these goals.” Section 3 of E.O. 13992 directs agencies to take steps to rescind any orders, rules, regulations, guidelines or policies, or portions thereof, implementing or enforcing the revoked Executive orders.

III. Discussion

After consideration and review, the EPA has concluded that the internal rule on guidance deprives the EPA of necessary flexibility in determining when and how best to issue public guidance based on particular facts and circumstances, and unduly restricts the EPA’s ability to provide timely guidance on which the public can confidently rely. Therefore, in accordance with E.O. 13992, the EPA is issuing this final rule to rescind the subpart D regulations.

The EPA’s stated purpose in issuing subpart D was to promote transparency and public involvement in the development and amendment of EPA guidance documents. The EPA notes, however, that the Agency has historically employed procedures for public transparency and involvement in the development of all Agency actions, including guidance, and will continue these practices. The EPA will continue to make Agency guidance available to the public on the Agency’s website at <https://www.epa.gov>. In addition, the EPA will comply with all statutory obligations pertaining to posting documents for public accessibility. The EPA will also continue its practice, as appropriate, of soliciting stakeholder input on guidance of significant stakeholder and public interest. Consistent with the APA, stakeholders may still petition the EPA at any time regarding our regulatory programs, including requests to issue, amend, or repeal EPA guidance, by contacting the
