

Resources analyzed in the PEA include air quality, airspace, biological resources, cultural resources, soils, land use and compatibility, socioeconomic, traffic and transportation, facilities, and water resources.

Based on the analysis presented in the PEA, effects of the Proposed Action are expected to be negligible, minor, or less than significant.

The Action Alternative may adversely impact wetlands and/or 100-year floodplains at Fort Riley and Fort Stewart. Accordingly, the Army has also prepared a Draft FONPA to comply with Executive Order (E.O.) 11988, *Floodplain Management*, and E.O. 11990, *Protection of Wetlands*. As described in the PEA, environmental protection measures (e.g., buffers from heavy maneuver training and construction best management practices) and regulatory compliance measures (e.g., permitting under Sections 401 and 404 of the Clean Water Act) would be implemented to minimize adverse impacts on these resources.

Government agencies, Native American Tribes, and the public are invited to review and comment on the PEA. The public comment period begins with the publication of this Notice of Availability in the **Federal Register** and will last for 30 days. The PEA, Draft FONSI, and Draft FONPA are available to the public on the U.S. Army Environmental Command web page at <https://aec.army.mil/index.php?CID=352>. If you cannot access the PEA online, please submit a request to the U.S. Army Environmental Command at [usarmy.jbsa.aec.mbx@mail.mil](mailto:usarmy.jbsa.aec.mbx@mail.mil) or via mail at U.S. Army Environmental Command, ATTN: Public Affairs, 2455 Reynolds Rd., Mail Stop 112, JBSA-Fort Sam Houston, TX 78234-7588.

Following the public comment period, the Army will consider all public comments and prepare a Final FONSI or Notice of Intent to prepare an Environmental Impact Statement, and a Final FONPA applying to Fort Riley and Fort Stewart only, prior to making any decision regarding the Proposed Action. Comments must be received or postmarked by June 18, 2021 to be considered during decision-making process.

## DEPARTMENT OF EDUCATION

[Docket No.: ED-2021-SCC-0019]

### Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; 2022 School Survey on Crime and Safety (SSOCS:2022)

**AGENCY:** Institute of Educational Sciences (IES), Department of Education (ED).

**ACTION:** Notice.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, ED is proposing a revision of a currently approved collection.

**DATES:** Interested persons are invited to submit comments on or before June 18, 2021.

**ADDRESSES:** Written comments and recommendations for proposed information collection requests should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this information collection request by selecting "Department of Education" under "Currently Under Review," then check "Only Show ICR for Public Comment" checkbox. Comments may also be sent to [ICDocketmgr@ed.gov](mailto:ICDocketmgr@ed.gov).

**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact Carrie Clarady, 202-245-6347.

**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the

burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* 2022 School Survey on Crime and Safety (SSOCS:2022).

*OMB Control Number:* 1850-0761.

*Type of Review:* A revision of a currently approved collection.

*Respondents/Affected Public:* Individuals and Households.

*Total Estimated Number of Annual Responses:* 11,623.

*Total Estimated Number of Annual Burden Hours:* 4,907.

*Abstract:* The School Survey on Crime and Safety (SSOCS) is a nationally representative survey of elementary and secondary school principals that serves as the primary source of school-level data on crime and safety in public schools, and was conducted in 2000, 2004, 2006, 2008, 2010, 2016, 2018, and 2020 (OMB #1850-0761). Four years separated the first two collections of SSOCS to allow for sufficient time to study the results of the first survey and to allow for necessary redesign work; the next three collections were conducted at 2-year intervals. Due to a reorganization of the sponsoring agency (the Office of Safe and Drug-Free Schools) and funding issues, the 2012 administration of SSOCS, although approved by OMB, was not fielded. With new funding available through the National Institute of Justice (NIJ), SSOCS was conducted again in the spring of the 2015-16 school year. With continued dedicated funding, SSOCS has resumed collection on a biennial basis, with collections during the spring of the 2017-18 and the 2019-20 school years, and the next planned collection during the spring of the 2021-22 school year.

SSOCS is a survey of public schools covering the topic of school crime and violence and is designed to produce nationally representative data on public schools. Historically, it has been conducted by mail, with telephone and email follow-up; however, as an experiment, an internet version was fielded during the SSOCS:2018 administration. For SSOCS:2020, the internet version was initially offered to all respondents, with the paper version sent via mail as a follow-up, and the same methodology will be used for SSOCS:2022. The respondent is the school principal, or a member of the school staff designated by the principal as the person "the most knowledgeable about school crime and policies to provide a safe environment."

The 2022 survey is being funded by the U.S. Department of Education's Office of Safe and Supportive Schools (previously known as the Office of Safe and Healthy Students) and conducted by the National Center for Education Statistics (NCES) of the Institute of Education Sciences (IES), within the U.S. Department of Education. As with prior SSOCS collections, NCES has entered into an interagency agreement with the Census Bureau to administer the 2022 collection.

This request is to conduct the 2022 administration of the School Survey on Crime and Safety (SSOCS). As part of SSOCS:2022 development, cognitive testing on new COVID-19 pandemic items will be conducted during the winter and spring of 2021, scheduled to be completed in late-spring 2021. The wording and design of these items may be modified in response to the findings of this testing and, as such, will be updated in a change request, tentatively scheduled for October 2021.

Dated: May 13, 2021.

**Stephanie Valentine,**

*PRA Coordinator, Strategic Collections and Clearance Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. EL21-58-000]

#### Southwestern Public Service Company, Public Service Company of Colorado, Southwest Power Pool, Inc.; Notice of Institution of Section 206 Proceeding and Refund Effective Date

On April 22, 2021, the Commission issued an order in Docket No. EL21-58-000, pursuant to section 206 of the Federal Power Act (FPA), 16 U.S.C. 824e, instituting an investigation into whether Southwestern Public Service Company and Public Service Company of Colorado's recovery of Advanced Grid Intelligence and Security costs in their wholesale rates may be warranted as unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful. *Southwestern Public Service Company*, 175 FERC ¶ 61,060 (2021).

The refund effective date in Docket No. EL21-58-000, established pursuant to section 206(b) of the FPA, will be the date of publication of this notice in the **Federal Register**.

Any interested person desiring to be heard in Docket No. EL21-58-000 must file a notice of intervention or motion to intervene, as appropriate, with the Federal Energy Regulatory Commission, in accordance with Rule 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.214 (2020), within 21 days of the date of issuance of the order.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (888) 208-3676 or TTY, (202) 502-8659.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFile" link at <http://www.ferc.gov>. In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Dated: May 13, 2021.

**Debbie-Anne A. Reese,**

*Deputy Secretary.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 2790-074]

#### Boott Hydropower, LLC; Notice of Application Tendered for Filing With the Commission and Establishing Procedural Schedule for Licensing and Deadline for Submission of Final Amendments

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

- a. *Type of Application:* New Major License.
- b. *Project No.:* 2790-074.
- c. *Date Filed:* April 30, 2021.
- d. *Applicant:* Boott Hydropower, LLC (Boott).
- e. *Name of Project:* Lowell Hydroelectric Project.
- f. *Location:* The existing project is located on Merrimack River in Middlesex County, Massachusetts and Hillsborough County, New Hampshire. The project does not occupy any federal land but is located within the administrative boundary of the Lowell National Historical Park.
- g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791 (a)-825(r).
- h. *Applicant Contact:* Kevin Webb, Licensing Manager, Boott Hydropower, LLC, 670 N Commercial Street, Suite 204, Manchester, NH 03101; Phone at (978) 935-6039, or email at [kwebb@centralriverspower.com](mailto:kwebb@centralriverspower.com).
- i. *FERC Contact:* Amy Chang, (202) 502-8250 or [amy.chang@ferc.gov](mailto:amy.chang@ferc.gov).
- j. This application is not ready for environmental analysis at this time.
- k. *Project Description:* The existing Lowell Hydroelectric Project consists of: (1) The 1,093-foot-long, 15-foot-high Pawtucket Dam; (2) a 720-acre impoundment with a normal maximum water surface elevation of 92.2 feet National Geodetic Vertical Datum of 1929 (NGVD); (3) the 5.5-mile-long Northern and Pawtucket Canal System that includes several small dams and gatehouses; (4) generating facilities, including: (a) One powerhouse facility located on the mainstem of the Merrimack River (E. L. Field Powerhouse), with a total authorized installed capacity of 15.012 MW and a 440-foot-long tailrace to the Merrimack River; and (b) four power stations located along the canal system (Hamilton Power Station, Assets Power Station, Bridge Street Power Station, and John Street Power Station), with a total combined authorized capacity of 5.152 MW; (5) an approximately 2-mile-
