**DEPARTMENT OF LABOR**

**Agency Information Collection Activities; Submission for OMB Review; Comment Request; Transition Assistance Program Employment Navigator and Partnership Pilot, New Collection**

**AGENCY:** Office of the Assistant Secretary for Policy, Chief Evaluation Office, Department of Labor.

**ACTION:** Notice of Information Collection; request for comment.

**SUMMARY:** The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with

an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents is properly assessed. Currently, DOL is soliciting comments concerning the collection of data about the Transition Assistance Program Employment Navigator and Partnership Pilot evaluation. A copy of the proposed Information Collection Request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice.

**DATES:** Written comments must be submitted to the office listed in the

addressee section below on or before July 19, 2021.

**ADDRESSES:** You may submit comments by either one of the following methods: *Email:* ChiefEvaluationOffice@dol.gov; *Mail or Courier:* Janet Javar, Chief Evaluation Office, OASP, U.S. Department of Labor, Room S-2312, 200 Constitution Avenue NW, Washington, DC 20210. *Instructions:* Please submit one copy of your comments by only one method. All submissions received must include the agency name and OMB Control Number identified above for this information collection. Comments, including any personal information provided, become a matter of public record. They will also be summarized and/or included in the request for OMB approval of the information collection request.

**FOR FURTHER INFORMATION CONTACT:** Janet Javar by email at

ChiefEvaluationOffice@dol.gov or by phone at (202) 693-5954.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Chief Evaluation Office (CEO) of the U.S. Department of Labor (DOL) intends to design and conduct an evaluation of a new DOL-funded initiative called the Transition Assistance Program (TAP) Employment Navigator and Partnership Pilot (ENPP). The goal of this study is to assess the feasibility of delivering individualized career counseling to transitioning service members (TSMs) and military spouses. The ENPP addresses a requirement of the 2019 National Defense Authorization Act (NDAA) to offer individual counseling as part of the transition process for the TAP.

The ENPP study is comprised of a formative and early implementation evaluation to assess the fidelity of implementation across approximately 13 sites; identify promising practices and challenges that arise during implementation; understand how cooperation and coordination among relevant stakeholder groups can be reinforced to improve program outcomes; and document how trainings, direct services, and warm handovers/connections can be enhanced prior to program expansion to additional military bases. Additionally, findings from the study may be used to add contextual depth and understanding to the interpretation of findings from DOL's measurement of ENPP outcomes.

This **Federal Register** Notice provides the opportunity to comment on proposed data collections that will be used in the evaluation: TAP manager focus group; program partner focus group; military spouse participant focus group; TSM (post-Navigator) participant

focus group; TSM (post-Partner) participant focus group; and program Employment Navigator focus group.

1. *TAP manager focus group.* Virtual focus group with TAP managers to collect perceptions of effectiveness of communication and outreach strategies.

2. *Program partner focus group.* Virtual focus group with partners to collect satisfaction with onboarding process, connections, and data systems.

3. *Military spouse participant focus group.* Virtual focus group with military spouses to collect perceptions of communication and outreach strategies, satisfaction with scheduling logistics, and the services received from the Employment Navigator.

4. *TSM (post-Navigator) participant focus group.* Virtual focus group with enlisted TSMs to collect perceptions of communication and outreach strategies, satisfaction with scheduling logistics, and the services received from the Employment Navigator.

5. *TSM (post-Partner) participant focus group.* Virtual focus group with enlisted TSMs to collect perceptions of match between services desired and received, the appropriateness of the services, and whether they would recommend the program.

6. *Program Employment Navigator focus group.* Virtual focus group with Employment Navigators to collect perceptions of their overall preparedness to deliver services, the data systems they use, and perceptions of the partners they've worked with.

**II. Desired Focus of Comments**

Currently, DOL is soliciting comments concerning the above data collection for the Employment Navigator and Partnership Pilot (ENPP) study. DOL is particularly interested in comments that do the following:

- Evaluate whether the proposed collection of information is necessary for the proper performance functions of the agency, including whether the information will have practical utility;

- evaluate the accuracy of the agency's burden estimate of the proposed information collection, including the validity of the methodology and assumptions;

- enhance the quality, utility, and clarity of the information to be collected; and

- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology—for example, permitting electronic submissions of responses.

**III. Current Actions**

At this time, the Department of Labor is requesting clearance for the TAP manager focus group; program partner focus group; military spouse participant focus group; TSM (post-Navigator) participant focus group; TSM (post-Partner) participant focus group; and program Employment Navigator focus group.

*Type of Review:* New information collection request.

*OMB Control Number:* 1290-NEW.

*Affected Public:* Employment Navigator and Partnership Pilot (ENPP) staff, program partners, and participants.

Comments submitted in response to this request will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

**SUPPLEMENTARY INFORMATION:**

**I. Notice of Final Decision**

OSHA hereby gives notice of the  
 expansion of the scope of recognition of  
 TUV Rheinland of North America, Inc.  
 (TUVRNA), as a NRTL. TUVRNA's  
 expansion covers the addition of nine  
 test standards to the NRTL scope of  
 recognition.

OSHA recognition of a NRTL signifies  
 that the organization meets the  
 requirements specified in 29 CFR  
 1910.7. Recognition is an  
 acknowledgment that the organization  
 can perform independent safety testing  
 and certification of the specific products  
 covered within the scope of recognition.  
 Each NRTL's scope of recognition  
 includes (1) the type of products the  
 NRTL may test, with each type specified  
 by the applicable test standard and (2)  
 the recognized site(s) that has/have the  
 technical capability to perform the  
 product-testing and product-  
 certification activities for test standards  
 within the NRTL's scope. Recognition is  
 not a delegation or grant of government  
 authority; however, recognition enables  
 employers to use products approved by  
 the NRTL to meet OSHA standards that  
 require product testing and certification.

The agency processes applications by  
 a NRTL for initial recognition and for an  
 expansion or renewal of this  
 recognition, following requirements in  
 Appendix A to 29 CFR 1910.7. This  
 appendix requires that the agency  
 publish two notices in the **Federal  
 Register** in processing an application. In  
 the first notice, OSHA announces the  
 application and provides the  
 preliminary finding. In the second  
 notice, the agency provides the final  
 decision on the application. These  
 notices set forth the NRTL's scope of  
 recognition or modifications of that  
 scope. OSHA maintains an  
 informational web page for each NRTL,  
 including TUVRNA, which details the  
 NRTL's scope of recognition. These  
 pages are available from the OSHA  
 website at [http://www.osha.gov/dts/  
 otpca/nrtl/index.html](http://www.osha.gov/dts/otpc/nrtl/index.html).

TUVRNA submitted an application,  
 dated June 19, 2019 (OSHA-2007-  
 0042-0045), to expand recognition to  
 include the addition of nine test  
 standards. OSHA staff performed a  
 detailed analysis of the application  
 packet and reviewed other pertinent  
 information. OSHA did not perform any  
 on-site reviews in relation to this  
 application.

OSHA published the preliminary  
 notice announcing TUVRNA's  
 expansion applications in the **Federal  
 Register** on March 15, 2021 (86 FR  
 14342). The agency requested comments  
 by March 30, 2021, but it received no  
 comments in response to this notice.  
 OSHA now is proceeding with this final  
 notice to grant expansion of TUVRNA's  
 scope of recognition.

To obtain or review copies of all  
 public documents pertaining to  
 TUVRNA's application, go to  
[www.regulations.gov](http://www.regulations.gov) or contact the  
 Docket Office, Occupational Safety and  
 Health Administration, U.S. Department  
 of Labor. Docket No. OSHA-2007-0042  
 contains all materials in the record  
 concerning TUVRNA's recognition.  
 Please note: Due to the COVID-19  
 pandemic, the Docket Office is closed to  
 the public at this time but can be  
 contacted at (202) 693-2350.

**II. Final Decision and Order**

OSHA staff examined TUVRNA's  
 expansion application, their capability  
 to meet the requirements of the test  
 standards, and other pertinent  
 information. Based on its review of this  
 evidence, OSHA finds that TUVRNA  
 meets the requirements of 29 CFR  
 1910.7 for expansion of its recognition,  
 subject to the limitations and conditions  
 listed below. OSHA, therefore, is  
 proceeding with this final notice to  
 grant TUVRNA's scope of recognition.  
 OSHA limits the expansion of  
 TUVRNA's recognition to testing and  
 certification of products for  
 demonstration of conformance to the  
 test standards listed in Table 1 below.
