

such as, but not limited to, security breaches, power outages, and the inability to access electronic portals.

III. Direct Final Rule

We are eliminating the requirements for paper copy submissions in § 655.10(c), § 655.15(a), and § 655.21(a), and clarifying that submissions required under § 655.21(b) should be done electronically, by a direct final rulemaking. The Administrative Conference of the United States recommends direct final rulemaking for Federal agencies to enact noncontroversial regulations on an expedited basis, without the usual notice and comment period.³ This process enables us to reduce the time and resources we need to develop, review, and publish a final rule while still affording the public an adequate opportunity to comment or object to the rule.

In a direct final rulemaking, we notify the public that the rule will become final on a specified date unless we receive a significant adverse comment during the comment period. A significant adverse comment is one where the commenter explains why the rule would be inappropriate (including challenges to its underlying premise or approach), ineffective, or unacceptable without a change. In general, a significant adverse comment would raise an issue serious enough to warrant a substantive response from the FCA in a notice-and-comment proceeding.

We believe that a direct final rulemaking is the appropriate method for amending § 655.10(c), § 655.15(a), and § 655.21(a) and (b) because the changes are administrative in nature and do not substantively alter the rights or responsibilities of any party. We do not anticipate there will be significant adverse comments. If, however, we receive a significant adverse comment during the comment period, we will publish a notice of withdrawal of the relevant provisions of this rule that will also indicate how further rulemaking will proceed. If we receive no significant adverse comments, we will publish notice of the effective date of the rule following the required congressional waiting period under section 5.17(c)(1) of the Act.

IV. Regulatory Flexibility Act Analysis and Major Rule Conclusion

Pursuant to section 605(b) of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.), FCA hereby certifies the final

³ Recommendation 95-4, referencing the Administrative Procedure Act "good cause" exemption at 5 U.S.C. 553(b)(B), adopted June 15, 1995.

rule will not have a significant economic impact on a substantial number of small entities. The Corporation has assets and annual income over the amounts that would qualify it as a small entity. Therefore, the Corporation is not considered a "small entity" as defined in the Regulatory Flexibility Act.

Under the provisions of the Congressional Review Act (5 U.S.C. 801 et seq.), the Office of Management and Budget's Office of Information and Regulatory Affairs has determined that this direct final rule is not a "major rule," as the term is defined at 5 U.S.C. 804(2).

List of Subjects in 12 CFR Part 655

Accounting; Agriculture; Banks, banking; Conflicts of interest; Reporting and recordkeeping requirements; Rural areas.

For the reasons stated in the preamble, part 655 of chapter VI, title 12 of the Code of Federal Regulations is amended as follows:

PART 655—FEDERAL AGRICULTURAL MORTGAGE CORPORATION DISCLOSURE AND REPORTING REQUIREMENTS

■ 1. The authority citation for part 655 continues to read as follows:

Authority: Sec. 5.9, 8.3, 8.11, and 8.12 of Pub. L. 92-181, 85 Stat. 583 (12 U.S.C. 2243, 2279aa-3, 2279aa-11, 2279aa-12).

■ 2. Section 655.10 is amended by revising paragraph (c) introductory text to read as follows:

§ 655.10 Reports of condition.

* * * * *

(c) Distribution. The Corporation must distribute the signed annual report of condition to its shareholders within 120 days of its fiscal year-end. Within 5 days of signing, the Corporation must provide to us an electronic copy of every signed report that is distributed to its shareholders. If it is impossible to provide an electronic copy, a paper copy must be submitted within the required time frame and an electronic copy as soon as possible after that.

* * * * *

■ 3. Section 655.15 is amended by revising paragraph (a) to read as follows:

§ 655.15 Interim reports, notices, and proxy statements.

(a) The Corporation must provide to us an electronic copy of every interim report, notice, and proxy statement filed with the SEC within 1 business day of filing the item with the SEC, including all papers and documents that are a part of the report, notice, or statement. If it

is impossible to provide an electronic copy, a paper copy must be submitted within the required time frame and an electronic copy as soon as possible after that.

* * * * *

■ 4. Section 655.21 is amended by revising paragraphs (a) and (b) to read as follows:

§ 655.21 Filings and communications with the U.S. Treasury, the SEC, and NYSE.

(a) The Corporation must send us an electronic copy of every filing made with U.S. Treasury, the SEC, or NYSE, including financial statements and related schedules, exhibits, and other documents that are a part of the filing. Such items must be filed with us no later than 1 business day after the U.S. Treasury, SEC, or NYSE filing. For those filings with the NYSE that duplicate ones made to the SEC, the Corporation may send only the SEC filing to us. If the filing is one addressed in subpart B of this part, no action under this paragraph is required. If it is impossible to provide an electronic copy, a paper copy must be submitted within the required time frame and an electronic copy as soon as possible after that.

(b) The Corporation must send us, within 3 business days and according to instructions provided by us, electronic copies of all substantive correspondence between the Corporation and the U.S. Treasury, the SEC, or NYSE that are directed at the activities of the Corporation.

BILLING CODE 6705-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2020-0868; Airspace Docket No. 20-AAL-26]

RIN 2120-AA66

Amendment to Alaskan VOR Federal Airway V-319, United States Area Navigation (RNAV) Routes, T-219 and T-269, and Revocation of Federal Colored Airway R-50; Alaska

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action removes Colored Federal airway, R-50, and amends

Alaskan VOR Federal airway, V-319, and United States Area Navigation (RNAV) Routes T-219 and T-269 in Alaska. The modifications are necessary due to the planned decommissioning of the Nanwak Non-Directional Beacon (NDB) and Distance Measuring Equipment (DME) in Mekoryuk, AK, which provides navigation guidance for portions of the affected routes. The Nanwak NDB/DME (AIX) is to be decommissioned effective June 17, 2021 due to the high cost of maintenance.

DATES: Effective date 0901 UTC, August 12, 2021. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11E, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267 8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11E at NARA, email: fedreg.legal@nara.gov or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>

FOR FURTHER INFORMATION CONTACT: Christopher McMullin, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify the route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System.

History

The FAA published a notice of proposed rulemaking for Docket No. FAA-2020-0868 in the **Federal Register** (85 FR 64998; October 14, 2020) removing colored Federal airway, R-50, and amending Alaskan VHF Omnidirectional Radar (VOR) Federal airway, V-319, and United States Area Navigation (RNAV) routes T-219 and T-269 in Alaska. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received.

Colored and Alaskan VOR Federal airways are published in paragraph 6009 and 6010(b), and United States Area Navigation Routes are published in paragraph 2006 of FAA Order 7400.11E dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Colored and Alaskan VOR Federal airways, and United States Area Navigation routes listed in this document will be subsequently published in the Order.

Differences From the NPRM

In the NPRM published in the **Federal Register** (85 FR 64998; October 14, 2020) proposal section, describing T-269, there is a typographical error. The way point CENTA is spelled incorrectly as CENTRA. This rule corrects that error in the Rule section.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends 14 CFR part 71 by removing Colored Federal airway R-50, modifying Alaskan VOR Federal airway V-319, and United States Area Navigation routes T-219 and T-269. The Airway actions are described below.

R-50: R-50 currently extends between the Nanwak, AK, NDB and the Anvik, AK, NDB. This action removes the entire route.

V-319: V-319 currently extends between the Yakutat, AK and the Nanwak, AK, NDB. This action removes the segment from the Hooper Bay, AK,

VOR/DME to the Nanwak, AK, NDB. The unaffected portions of the existing route remain as charted.

T-219: T-219 currently extends between the Nanwak, AK, NDB and the Dillingham, AK, VOR/DME. This action extends the airway from the MKLUK, AK, WP to the Hooper Bay, AK, VOR/DME. Additionally, the FAA is correcting the legal description, to include the NACIP, AK, WP and the ACATE, AK WP. Finally, this action corrects the legal description so that it denotes south to north track as it states in the FAA JO 7400.2M paragraph 20-1-5e2.

T-269: T-269 currently extends between the Annette Island, AK, VOR/DME and the Bethel, AK, VORTAC. This action extends the airway from the Bethel, AK, VORTAC to the MKLUK, AK, WP. Additionally, the FAA is incorporating eight additional waypoints and fixes that were not included in the legal description. These reporting points include TURTY, AK, WP; FLIPS, AK, FIX; HAPIT, AK, FIX; CENTA, AK, WP; KATAT, AK, WP; YONEK, AK, WP; VEILL, AK, WP, and VIDDA, AK, WP that contain a turn and are required to be included in the legal description as per the FAA JO 7400.2M paragraph 20-1-5h2.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this airspace action of removing Colored Federal airway R-50, and modifying Alaskan VOR Federal airway V-319, and United States Area Navigation routes T-219 and T-269 qualifies for

categorical exclusion under the National Environmental Policy Act (42 U.S.C. 4321 et seq.) and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraph 5–6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points). As such, this action is not expected to result in any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5–2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. The FAA has determined that no extraordinary

circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11E,

Airspace Designations and Reporting Points, dated July 21, 2020 and effective September 15, 2020, is amended as follows:

Paragraph 6009 Colored Federal Airways.

BILLING CODE 4910–13–P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

19 CFR Chapter I

Notification of Temporary Travel Restrictions Applicable to Land Ports of Entry and Ferries Service Between the United States and Mexico

AGENCY: Office of the Secretary, U.S. Department of Homeland Security; U.S. Customs and Border Protection, U.S. Department of Homeland Security.

ACTION: Notification of continuation of temporary travel restrictions.

SUMMARY: This document announces the decision of the Secretary of Homeland Security (Secretary) to continue to temporarily limit the travel of individuals from Mexico into the United States at land ports of entry along the United States-Mexico border. Such travel will be limited to “essential travel,” as further defined in this document.

DATES: These restrictions go into effect at 12 a.m. Eastern Daylight Time (EDT) on May 22, 2021 and will remain in
