DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Doc. No. AMS-NOP-21-0038; NOP-21-05]

Meeting of the National Organic Standards Board; Meeting

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, as amended, the Agricultural Marketing Service (AMS), U.S. Department of Agriculture (USDA), is announcing a meeting of the National Organic Standards Board (NOSB). The NOSB assists the USDA in the development of standards for substances to be used in organic production and advises the Secretary of Agriculture on any other aspects of the implementation of the Organic Foods Production Act (OFPA).

DATES: An in-person meeting will be held October 19–21, 2021, from 8:30 a.m. to approximately 6:00 p.m. Pacific Time (PT) each day and may include a virtual broadcast. The NOSB will hear oral public comments via webinars on Wednesday, October 13, 2021, and Thursday, October 14, 2021, from 12:00 p.m. to approximately 5:00 p.m. Eastern Time (ET), and at the in-person meeting on Tuesday, October 19, 2021, and Wednesday, October 20, 2021. The deadline to submit written comments and/or sign up for oral comment at either the webinar or in-person meeting is 11:59 p.m. ET, September 30, 2021.

ADDRESSES: The webinars are virtual and will be accessed via the internet and/or phone. Access information will be available on the AMS website prior to the webinars. The in-person meeting will take place at the Holiday Inn Sacramento Downtown—Arena, 300 J Street, Sacramento, California, 95814, United States and may be broadcast virtually. Detailed information pertaining to the webinars and in-person meeting, including potential virtual viewing options, can be found at <https://www.ams.usda.gov/event/>

national-organic-standards-board-nosb-meeting-sacramento-ca.

FOR FURTHER INFORMATION CONTACT: Ms. Michelle Arsenault, Advisory Committee Specialist, National Organic Standards Board, USDA-AMS-NOP, 1400 Independence Avenue SW, Room 2642-S, STOP 0268, Washington, DC 20250-0268; Phone: (202) 997-0115; Email: nosb@usda.gov.

SUPPLEMENTARY INFORMATION: In accordance with the Federal Advisory Committee Act, 5 U.S.C. App. 2 and 7 U.S.C. 6518(e), as amended, AMS is announcing a meeting of the NOSB. The NOSB makes recommendations to USDA about whether substances should be allowed or prohibited in organic production and/or handling, assists in the development of standards for organic production, and advises the Secretary on other aspects of the implementation of the Organic Foods Production Act, 7 U.S.C. 6501 *et seq.* NOSB is holding a public meeting to discuss and vote on proposed recommendations to USDA, to obtain updates from the USDA National Organic Program (NOP) on issues pertaining to organic agriculture, and to receive comments from the organic community. The meeting is open to the public. Registration is only required to sign up for oral comments. All meeting documents and instructions for participating will be available on the AMS website at <https://www.ams.usda.gov/event/national-organic-standards-board-nosb-meeting-sacramento-ca>. Please check the website periodically for updates. Meeting topics will encompass a wide range of issues, including substances petitioned for addition to or removal from the National List of Allowed and Prohibited Substances (National List), substances on the National List that are under sunset review, and guidance on organic policies.

Public Comments: Comments should address specific topics noted on the meeting agenda.

Written comments: Written public comments will be accepted on or before 11:59 p.m. ET on September 30, 2021, via <http://www.regulations.gov> (Docket No. AMS-NOP-21-0038). Comments submitted after this date will be added to the public comment docket, but Board members may not have adequate time to consider those comments prior to making recommendations. NOP strongly prefers comments be submitted electronically. However, written comments may also be submitted (*i.e.*, postmarked) via mail to the person listed under **FOR FURTHER INFORMATION CONTACT** by or before the deadline.

Oral Comments: NOSB will hear oral public comments via webinars on Wednesday, October 13, 2021, and Thursday, October 14, 2021, from 12:00 p.m. to approximately 5:00 p.m. Eastern Time (ET) and at the in-person meeting on Tuesday, October 19, 2021, and Wednesday, October 20, 2021. Each commenter wishing to address the Board must pre-register by 11:59 p.m. ET on September 30, 2021 and can register for only one speaking slot. Instructions for registering and participating in the webinars can be found at <https://www.ams.usda.gov/event/national-organic-standards-board-nosb-meeting-sacramento-ca>.

Meeting Accommodations: The meeting hotel is compliant with the Americans with Disabilities Act, and the USDA provides reasonable accommodation to individuals with disabilities where appropriate. If you are a person requiring reasonable accommodation, please make requests in advance for sign language interpretation, assistive listening devices, or other reasonable accommodation to the person listed under **FOR FURTHER INFORMATION CONTACT**. Determinations for reasonable accommodation will be made on a case-by-case basis.

Dated: May 28, 2021.

Cikena Reid,

USDA Committee Management Officer.

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Notice of Intent To Prepare an Environmental Impact Statement for the Gould Wash Flood Protection Project, Washington County, Utah

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS).

SUMMARY: The Natural Resources Conservation Service (NRCS) Utah State Office announces its intent to prepare an EIS for the Gould Wash Flood Protection Project within the Warner Draw Watershed in Washington County, Utah. NRCS is requesting comments to identify significant issues and alternatives to be addressed in the EIS from all interested all interested individuals. The EIS process will examine existing flood control measures

and evaluate additional (new) alternatives identified during scoping.

DATES: We will consider comments that we receive by July 6, 2021. Comments received after this date will be considered to the extent possible.

ADDRESSES: We invite you to submit formal scoping comments. Comments may be submitted by any of the following methods:

- *Email:* gouldwash@mcmjac.com;
- *Mail or hand delivery to:* Ms. Bobbi Preite, McMillen Jacobs Associates, 1471 Shoreline Dr., Suite 100, Boise, ID 83702; or

- *Telephone:* (208) 985-1542.

To be included on the EIS mailing list, please provide your contact information through any of the comment options above. Please note that any respondent's entire scoping comment, including their personal contact information, may be made publicly available at any time during the EIS process.

FOR FURTHER INFORMATION CONTACT: Mr. Norm Evenstad; telephone: (801) 524-4569; or email at norm.evenstad@usda.gov.

SUPPLEMENTARY INFORMATION

Purpose and Need

The primary purpose for watershed planning and preparation of an EIS is flood prevention and flood damage reduction in Hurricane City, Utah. NRCS will provide technical assistance and financial support for the EIS process and the implementation of the selected alternative. Watershed planning was authorized under Public Law 83-566, the Watershed Protection and Flood Prevention Act of 1954, as amended, and Public Law 78-534, the Flood Control Act of 1944.

This action is needed because 50 percent of all the properties or portions of properties that adjoin Gould Wash through the town of Hurricane, Utah are flooded in any given year. Gould Wash has an uncontrolled drainage area of approximately 64.5 square miles. A total of 650 residences, 99 commercial businesses or offices, and 82 roads currently would be inundated during a 100-year flood. Flood control of Gould Wash is critical to prevent future flood damage and loss of property and life.

Initial agency scoping of this federally assisted action indicates that proposed alternatives may have significant local and regional impacts to the environment. Norm Evenstad, State Conservationist, has determined that the preparation of an EIS is needed. This EIS will be prepared as required by section 102(2)(C) of the National Environmental Policy Act of 1969

(NEPA); the Council on Environmental Quality Regulations (40 CFR parts 1500-1508); and NRCS regulations that implement NEPA in 7 CFR part 650.

Consultation with Tribal Nations and interested parties will be conducted as required by the National Historic Preservation Act of 1966 (as amended through 1992) (16 U.S.C. 470f).

Description

In efforts to control Gould Wash as it traverses through Hurricane City, various steps have been taken including hardening the stream banks to prevent erosion and straightening the channel to avoid private property and buildings. During small events these measures suffice in protecting property, however, during a 100-year flood event the channel is overtopped and flooding is widespread throughout Hurricane City. Watershed planning under the EIS will evaluate the effectiveness, environmental effects, and the socio-economic impacts of the original channelization efforts. The results of these analyses will provide the context for determining the environmental, economic, and social effects of considered alternatives for additional (new) flood prevention or flood damage reduction measures for the Gould Wash Flood Protection Project within the Warner Draw Watershed in Washington County, Utah. The focused planning area is 64.5 square miles.

Scoping Process

NRCS invited all interested individuals and organizations, public agencies, and Tribes to comment on the scope of the EIS, including the project's purpose and need, alternatives proposed to date, new alternatives that should be considered, specific areas of study that might be needed, and evaluation methods to be used. One scoping meeting to present the project and develop the scope of the EIS was held on Tuesday, February 4, 2020, in the Bryce Canyon Room at the Hurricane Community Center in Hurricane, Utah. A presentation was conducted followed by a group question-and-answer period. Project team members were available for individual questions and discussions.

Alternatives

The objective of the EIS is to formulate and evaluate alternatives for flood prevention or flood damage reduction in the Gould Wash channel through the Town of Hurricane City. Alternatives to be evaluated include the development of dam(s) in the Gould Wash headwaters and modifications of the channel through Hurricane City. The actions will require upland watershed

treatments to reduce runoff, major rehabilitation of the channel through town and land use changes in the floodplain.

Potential impacts include wetland and flood plain alteration. Permitting with the U.S. Army Corps of Engineers regarding potential wetland impacts will be pursued prior to final design and construction. A draft EIS will be prepared and circulated for review and comment by agencies and the public per 40 CFR 1503.1, 1502.20, 1506.11, and 1502.17, and 7 CFR 650.13. NRCS invites agencies and individuals who have special expertise, legal jurisdiction, or interest in the Gould Wash Watershed to participate and identify potential alternatives.

Federal Assistance Programs

The title and number of the Federal assistance program in the Catalog of Federal Domestic Assistance to which this NOFA applies: 10.904 Watershed Protection and Flood Prevention and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.

Emily Fife,

State Conservationist, Utah, Natural Resources Conservation Service.
