

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 64

[WC Docket No. 17–97; FCC 20–136; FRS 29244]

Call Authentication Trust Anchor

AGENCY: Federal Communications Commission.

ACTION: Final rule; announcement of effective date.

SUMMARY: In this document, the Commission announces that the Office of Management and Budget (OMB) has approved, for a period of three years, the information collection associated with the Commission's *Call Authentication Trust Anchor*, Second Report and Order (*Order*)'s caller ID authentication rules. This document is consistent with the *Order*, which stated that the Commission would publish a document in the **Federal Register** announcing the effective date of those rules.

DATES: The additions of 47 CFR 64.6303(b) (instruction 6) and 64.6305(b) and (c) (instruction 9), published at 85 FR 73360 on November 17, 2020, are effective June 4, 2021. This rule is effective June 4, 2021.

FOR FURTHER INFORMATION CONTACT: Jonathan Lechter, Competition Policy Division, Wireline Competition Bureau, at (202) 418–0984, or email: jonathan.lechter@fcc.gov.

SUPPLEMENTARY INFORMATION: This document announces that, on May 13, 2021, OMB approved, for a period of three years, the information collection requirements relating to the caller ID identification rules contained in the Commission's *Order*, FCC 20–136, published at 85 FR 73360 on November 17, 2020 (47 CFR 64.6303(b), 64.6305(b) and (c), and 64.6306(e)). The OMB Control Number is 3060–1285. The Commission publishes this document as an announcement of the effective date of §§ 64.6303(b) and 64.6305(b) and (c). In the *Order* and the text of §§ 64.6305(b) and (c) and 64.6306(e), the Commission directed the Wireline Competition Bureau to set the compliance dates for these rules. On April 20, 2021, the Wireline Competition Bureau released a Public Notice, DA 21–454, setting the date by which voice service providers submit information into the Commission's Robocall Mitigation Database (database) (§ 64.6305(b)) and the date by which intermediate providers may no longer accept voice traffic from any provider that does not appear in the database (§ 64.6305(c)). Voice service providers must submit

information into the database by June 30, 2021 and intermediate providers may no longer accept voice traffic from any provider that does not appear in the database by September 28, 2021. We therefore modify the text of § 64.6305(b) and (c), previously published at 85 FR 73360, to incorporate these compliance dates announced by the Wireline Competition Bureau. The amendment to § 64.6306(e), published at 85 FR 73360 on November 17, 2020, remains delayed indefinitely pending further Commission action setting the compliance date for exemption certifications filed under § 64.6306(e) and subsequent publication of the effective date and conforming amendments to the rule in the **Federal Register**.
