### Privacy Act of 1974; System of Records

**AGENCY:** Office of Mission Support, Environmental Protection Agency.

**ACTION:** Notice of a modified system of records.

**SUMMARY:** The U.S. Environmental Protection Agency's Office of Mission Support is giving notice that it proposes to modify a system of records pursuant to the provisions of the Privacy Act of 1974. The Office of Mission Support is modernizing the Debarment and Suspension Files system of records by implementing an electronic case management system: Case Application for Debarment and Suspension. Case Application for Debarment and Suspension is an electronic records management system that supports the Environmental Protection Agency in assembling information in order to conduct and document discretionary suspension and debarment proceedings under the Federal Acquisition Regulation or the Non procurement Common Rule (2 CFR part 180), as well as to carry out the Environmental Protection Agency's obligations to process statutory exclusions under Clean Air Act section 306 and Clean Water Act section 508. The Office of Mission Support is accordingly modifying its system of records notice EPA-33 in several respects. All other exemptions and provisions included in the previously published system of records notice for Debarment and Suspension Files will transfer to the modified system of records notice for Case Application for Debarment and Suspension.

**DATES:** Persons wishing to comment on this system of records notice must do so by July 6, 2021. New or modified

routine uses for this modified system of records will be effective July 6, 2021.
