ENVIRONMENTAL PROTECTION AGENCY

[FRL-10023-06-OMS]

Privacy Act of 1974; System of Records

AGENCY: Office of Mission Support,
 Environmental Protection Agency
 (EPA).

ACTION: Notice of a modified system of
 records.

SUMMARY: The U.S. Environmental
 Protection Agency's (EPA or Agency),
 Office of Mission Support (OMS) is
 giving notice that it proposes to modify
 a system of records pursuant to the
 provisions of the Privacy Act of 1974.
 The Integrated Grants Management
 System (IGMS) is being modified to
 update and modernize the grants
 management suite. These updates
 include amending the name to
 Integrated Grants Management System
 (IGMS)/Next Generation Grants System
 (NGGS) and informing the public that
 the grants management module
 originally in IGMS Lotus Notes is now
 in NGGS, which is a modern platform
 employing Java/Oracle technologies.
 IGMS and NGGS are computer systems
 that the Agency uses to process grant
 applications and issue grants to
 recipients. The Agency will also use
 IGMS (without NGGS) to process
 interagency agreements, which are
 assistance agreements between Federal
 agencies. This System of Records Notice
 (SORN) modification updates all SORN
 sections.

DATES: Persons wishing to comment on
 this system of records notice must do so
 by July 6, 2021. New routine uses for
 this modified system of records will be
 effective July 6, 2021.

SUPPLEMENTARY INFORMATION: OMS is
 modifying the IGMS system of records
 to modernize the grants management
 suite. These updates include
 modernizing the grants module in
 NGGS that was originally in IGMS,
 while maintaining the interagency
 agreements functionality in IGMS. IGMS
 and NGGS are computer systems that
 the Agency uses to process grant
 applications and issue grants to
 recipients. As a result, the processing of
 grants may involve retrieval of
 information from both IGMS and NGGS.
 The Agency will use IGMS alone to
 process interagency agreements and
 thus will only retrieve information from
 IGMS for this purpose.

CATEGORIES OF RECORDS IN THE SYSTEM:

EPA uses IGMS and NGGS to collect and maintain information on applicants for EPA grants. This includes recipient organization names, names of grant applicants, phone numbers, emails, and addresses. EPA also uses IGMS to collect and maintain information on applicants for EPA interagency agreements. This includes recipient organization names, names of interagency agreement applicants, phone numbers, email, and addresses.

RECORD SOURCE CATEGORIES:

The sources of information come from recipient organizations, Federal, State or local agencies. This information is collected from grant and interagency agreement applicants for the EPA grants and interagency agreements programs within the agency.

Disclosure for Law Enforcement Purposes: Information may be disclosed to the appropriate Federal, State, local, tribal, or foreign agency responsible for investigating, prosecuting, enforcing, or implementing a statute, rule, regulation, or order, if the information is relevant to a violation or potential violation of civil or criminal law or regulation within the jurisdiction of the receiving entity.

B. Disclosure Incident to Requesting Information: Information may be disclosed to any source from which additional information is requested (to the extent necessary to identify the individual, inform the source of the purpose of the request, and to identify the type of information requested), when necessary to obtain information relevant to an agency decision concerning retention of an employee or other personnel action (other than hiring), retention of a security clearance, the letting of a contract, or the issuance or retention of a grant, or other benefit.

C. Disclosure to Requesting Agency: Disclosure may be made to a Federal, State, local, foreign, or tribal or other public authority of the fact that this system of records contains information relevant to the retention of an employee, the retention of a security clearance, the letting of a contract, or the issuance or retention of a license, grant, or other benefit. The other agency or licensing organization may then make a request supported by the written consent of the individual for the entire record if it so chooses. No disclosure will be made unless the information has been determined to be sufficiently reliable to support a referral to another office within the agency or to another Federal agency for criminal, civil, administrative, personnel, or regulatory action.

D. Disclosure to Office of Management and Budget: Information may be disclosed to the Office of Management and Budget at any stage in the legislative coordination and clearance process in connection with private relief legislation as set forth in OMB Circular No. A-19.

G. Disclosure to the National Archives: Information may be disclosed to the National Archives and Records Administration in records management inspections.

H. Disclosure to Contractors, Grantees, and Others: Information may be disclosed to contractors, grantees, consultants, or volunteers performing or working on a contract, service, grant, cooperative agreement, job, or other activity for the Agency and who have a need to have access to the information in the performance of their duties or activities for the Agency. Additional identity verification procedures may be required, as warranted. Requests must meet the requirements of EPA regulations that implement the Privacy Act of 1974, at 40 CFR part 16.

CONTESTING RECORDS PROCEDURES:

Requests for correction or amendment must identify the record to be changed and the corrective action sought. Complete EPA Privacy Act procedures are described in EPA's Privacy Act regulations at 40 CFR part 16.
