#### I. Proceedings in the Investigation

Italy has adopted a DST that applies to companies that during the previous calendar year, generated €750 million or more in worldwide revenues and €5.5 million or more in revenues deriving from the provision of digital services in Italy. On June 2, 2020, the U.S. Trade Representative initiated an investigation of Italy's DST pursuant to section 302(b)(1)(A) of the Trade Act of 1974, as amended (Trade Act). See 85 FR 34709 (June 5, 2020) (notice of initiation). The notice of initiation solicited written comments on, *inter alia*, the following aspects of Italy's DST: Discrimination against U.S. companies; retroactivity; and possibly unreasonable tax policy. With respect to tax policy, USTR solicited comments on, *inter alia*, whether the DST diverged from principles reflected in the U.S. and international tax systems including extraterritoriality; taxing revenue not income; and a purpose of penalizing particular technology companies for their commercial success. Interested persons filed over 380 written submissions in response. The public submissions are available on [www.regulations.gov](http://www.regulations.gov) in docket number USTR-2020-0022.

Under section 303 of the Trade Act, the U.S. Trade Representative requested consultations with the government of Italy regarding the issues involved in the investigation. Consultations were held on November 10, 2020. Based on information obtained during the investigation, USTR prepared a comprehensive report on Italy's DST, which is posted on the USTR website at <https://ustr.gov/issue-areas/enforcement/section-301-investigations/section-301-digital-services-taxes>. The report includes a full description of Italy's DST, and supports findings that Italy's DST is unreasonable and discriminatory and burdens or restricts U.S. commerce. On January 6, 2021, based on the information obtained during the investigation and the advice of the Section 301 Committee, the U.S. Trade Representative determined that Italy's DST is unreasonable or discriminatory and burdens or restricts U.S. commerce, and therefore is actionable under sections 301(b) and 304(a) of the Trade Act. See 86 FR 2477 (January 12, 2021).

On March 31, 2021, USTR issued a notice proposing that appropriate action would include additional *ad valorem* duties of up to 25 percent on products of Italy to be drawn from a list of 59 tariff subheadings of the Harmonized Tariff Schedule of the United States

(HTSUS) included in the annex to that notice. The March 31, 2021 notice requested comments on the proposed action as well as on other potential actions in the investigation. Witnesses provided testimony at public hearings on May 3 and May 6, 2021, and interested persons filed written comments. Transcripts from the hearings are available on the USTR website at: <https://ustr.gov/issue-areas/enforcement/section-301-investigations/section-301-digital-services-taxes>. The written public submissions are available at: <https://comments.ustr.gov/s/docket?docketNumber=USTR-2021-0004> and <https://comments.ustr.gov/s/docket?docketNumber=USTR-2021-0008>.

#### II. Determination of Action To Be Taken in the Investigation

In accordance with section 301(b) of the Trade Act, the U.S. Trade Representative has determined that action is appropriate in this investigation. Section 301(b) provides that upon determining that the acts, policies, and practices under investigation are actionable and that action is appropriate, the U.S. Trade Representative shall take all appropriate and feasible action authorized under section 301(c) of the Trade Act, subject to the specific direction, if any, of the President regarding such action, and all other appropriate and feasible action within the power of the President that the President may direct the U.S. Trade Representative to take under section 301(b), to obtain the elimination of that act, policy, or practice. Section 304(a)(2)(B) provides that the U.S. Trade Representative shall make the determination of what action to take on or before the date that is 12 months after the date on which the investigation was initiated, or in this case, by June 2, 2021.

Pursuant to sections 301(b) and (c) of the Trade Act, and in accordance with the advice of the Section 301 Committee, the U.S. Trade Representative has determined that appropriate action is the imposition of *ad valorem* duties of 25 percent on products of Italy specified in Annex A to this notice. Annex A contains a list of 44 tariff subheadings, with an estimated trade value for calendar year 2019 of approximately \$386 million. In making this determination, the U.S. Trade Representative considered the public comments submitted in the investigation, as well as advice of advisory committees. In determining the level of trade covered by the additional duties, the U.S. Trade Representative considered the value of digital

transactions covered by Italy's DST and the amount of taxes assessed by Italy on U.S. companies. Estimates indicate that the value of the DST payable by U.S.-based company groups to Italy will be up to approximately \$140 million per year. The level of trade covered by the action takes into account estimates of the amount of tariffs to be collected on goods of Italy and the estimates of the amount of taxes assessed by Italy.

Section 305(a) of the Trade Act provides, in pertinent part, that the U.S. Trade Representative may delay implementation of the action to be taken for up to 180 days "if the Trade Representative determines that substantial progress is being made, or that a delay is necessary or desirable . . . to obtain . . . [a] satisfactory solution with respect to the acts, policies, or practices that are the subject of the action." Pursuant to section 305(a), the U.S. Trade Representative has determined to suspend the additional duties for up to 180 days (that is, up to November 29, 2021) to allow additional time for multilateral and bilateral discussions that could lead to a satisfactory resolution of this matter.

In order to implement this determination, subchapter III of chapter 99 of the HTSUS is modified by Annex A of this notice. Annex A is effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern standard time on November 29, 2021, which is 180 days after the determination of action. In the event the U.S. Trade Representative determines that the suspension of the additional duties should be for less than a period of 180 days, USTR will issue a subsequent notice amending the effective date. For informational purposes, Annex B contains a list of the tariff subheadings covered by the tariff action along with short product descriptions. In all cases, the formal language in Annex A governs the tariff treatment of products covered by the action. As specified in Annex A, products provided for in new HTSUS heading 9903.90.04 will be subject to an additional *ad valorem* duty of 25 percent. The additional duties provided for in the new HTSUS heading established by Annex A apply in addition to all other applicable duties, fees, exactions, and charges.

Any product listed in Annex A, except any product that is eligible for admission under 'domestic status' as defined in 19 CFR 146.43, which is subject to the additional duty imposed by this determination, and is admitted into a U.S. foreign trade zone on or after

12:01 a.m. eastern standard time on November 29, 2021, only may be admitted as 'privileged foreign status' as defined in 19 CFR 146.41. Such products will be subject upon entry for consumption to any *ad valorem* rates of duty or quantitative limitations related to the classification under the applicable HTSUS subheading.

The U.S. Trade Representative will continue to monitor the effect of the trade action, the progress of discussions in the Organisation for Economic Co-operation and Development and G20, the progress of discussions with Italy, and may adopt appropriate modifications. If a modification to the action may be appropriate, the U.S. Trade Representative will consider the comments received in response to the March 31, 2021 notice.

**Greta Peisch,**

*General Counsel, Office of the United States Trade Representative.*

#### I. Proceedings in the Investigation

Turkey has adopted a DST that applies to companies that during the previous calendar year, generated €750 million or more in worldwide revenues and TRY 20 million or more in revenues deriving from the provision of digital services in Turkey. On June 2, 2020, the U.S. Trade Representative initiated an investigation of Turkey's DST pursuant to section 302(b)(1)(A) of the Trade Act of 1974, as amended (Trade Act). *See* 85 FR 34709 (June 5, 2020) (notice of initiation). The notice of initiation solicited written comments on, *inter alia*, the following aspects of Turkey's DST: Discrimination against U.S. companies; retroactivity; and possibly unreasonable tax policy. With respect to tax policy, USTR solicited comments on, *inter alia*, whether the DST diverged from principles reflected in the U.S. and international tax systems including extraterritoriality; taxing revenue not income; and a purpose of penalizing particular technology companies for their commercial success. Interested persons filed over 380 written submissions in response. The public submissions are available on [www.regulations.gov](http://www.regulations.gov) in docket number USTR-2020-0022.

Under section 303 of the Trade Act, the U.S. Trade Representative requested consultations with the government of Turkey regarding the issues involved in the investigation. Consultations were held on September 29, 2020. Based on information obtained during the investigation, USTR prepared a comprehensive report on Turkey's DST, which is posted on the USTR website at <https://ustr.gov/issue-areas/enforcement/section-301-investigations/section-301-digital-services-taxes>. The report includes a full description of Turkey's DST, and supports findings

that Turkey's DST is unreasonable and discriminatory and burdens or restricts U.S. commerce. On January 6, 2021, based on the information obtained during the investigation and the advice of the Section 301 Committee, the U.S. Trade Representative determined that Turkey's DST is unreasonable or discriminatory and burdens or restricts U.S. commerce, and therefore is actionable under sections 301(b) and 304(a) of the Trade Act. *See* 86 FR 2480 (January 12, 2021).

On March 31, 2021, USTR issued a notice proposing that appropriate action would include additional *ad valorem* duties of up to 25 percent on products of Turkey to be drawn from a list of 45 tariff subheadings of the Harmonized Tariff Schedule of the United States (HTSUS) included in the annex to that notice. The March 31, 2021 notice requested comments on the proposed action as well as on other potential actions in the investigation. Witnesses provided testimony at public hearings held on May 3 and May 7, 2021, and interested persons filed written comments. #### II. Determination of Action To Be Taken in the Investigation

In accordance with section 301(b) of the Trade Act, the U.S. Trade Representative has determined that action is appropriate in this investigation. Section 301(b) provides that upon determining that the acts, policies, and practices under investigation are actionable and that action is appropriate, the U.S. Trade
