

Riverdale, MD 20737–1236; (318) 288–4083. For more detailed information on the information collection, contact Mr. Joseph Moxey, APHIS' Paperwork Reduction Act Coordinator, at (301) 851–2483.

SUPPLEMENTARY INFORMATION:

Title: Emergency Management Response System.

OMB Control Number: 0579–0071.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is authorized, among other things, to protect the health of U.S. livestock and poultry populations by preventing the introduction and interstate spread of diseases and pests of livestock and by eradicating such diseases from the United States when feasible.

The Emergency Management Response System (EMRS) is a web-based system that helps APHIS manage and investigate potential incidents of foreign animal diseases in the United States.

When a potential foreign animal disease incident is reported, APHIS or State animal health officials dispatch a foreign animal disease veterinary diagnostician to the premises of the reported incident to conduct an investigation. The diagnostician obtains vital epidemiological data by conducting field investigations, including sample collection, and by interviewing the owner or manager of the premises being investigated. These important data, submitted electronically by the diagnostician into EMRS, include such items as the purpose of the diagnostician's visit and suspected disease, type of operation on the premises, the number and type of animals on the premises, the number of sick or dead animals on the premises, the results of physical examinations of affected animals and necropsy examinations, vaccination information on the animals in the herd or flock, biosecurity practices at the site, whether any animals were recently moved out of the herd or flock, whether any new animals were recently introduced into the herd or flock, the number and kinds of test samples taken, and detailed geographic data concerning the premises location. EMRS allows these epidemiological and diagnostic data to be documented and transmitted more efficiently.

We are asking the Office of Management and Budget (OMB) to approve our use of these information

collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 1 hour per response.

Respondents: Owners or operators of livestock and poultry facilities and State animal health officials.

Estimated annual number of respondents: 158.

Estimated annual number of responses per respondent: 156.

Estimated annual number of responses: 24,703.

Estimated total annual burden on respondents: 24,703 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 2nd day of June 2021.

Mark Davidson,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410–34–P

DEPARTMENT OF AGRICULTURE

Forest Service

Information Collection; Community Forest and Open Space Program

AGENCY: Forest Service, USDA.

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the

Forest Service is seeking comments from all interested individuals and organizations on the extension with revision of a currently approved information collection, Community Forest and Open Space Program.

DATES: Comments must be received in writing on or before August 6, 2021 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

ADDRESSES: Comments concerning this notice should be addressed:

Email: SM.FS.CFP@usda.gov.

Mail: Steve Koehn, Director, Cooperative Forestry Staff, Forest Service, USDA, Mail Stop 1123, 1400 Independence Avenue SW, Washington, DC 20250–1123.

Please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comments that may be made available to the public notwithstanding the inclusion of the routine notice.

The public may request an electronic copy of the draft supporting statement and/or any comments received be sent via return email. Requests should be emailed to *scott.stewart@usda.gov*.

FOR FURTHER INFORMATION CONTACT: Scott Stewart, Program Manager, State and Private Forestry, Cooperative Forestry Staff, 202–205–1618. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 twenty-four hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION:

Title: Community Forest and Open Space Program.

OMB Number: 0596–0227.

Expiration Date of Approval: December 31, 2021.

Type of Request: Renewal with revisions of a currently approved information collection.

Abstract: The Forest Service is authorized to implement the Community Forest and Open Space Program (CFP) under Section 8003 of the Food, Conservation, and Energy Act of 2008 (Pub. L. 110–246; 122 Stat. 2043; 7 U.S.C. 8701), which amends the Cooperative Forestry Assistance Act of

1978 (16 U.S.C. 2103d). The purpose of the Community Forest Program is to achieve community benefits through grants to local governments, Tribal Governments, and qualified nonprofit organizations to establish community forests by acquiring and protecting private forestlands. The information requirements will be used to help the Forest Service in the following areas: (1) To determine that the applicant is eligible to receive funds under the program, (2) to determine if the proposal meets the qualifications in the law and regulations, (3) to evaluate and rank the proposals based on a standard, consistent information; and (4) to determine if the project costs are allowable and sufficient cost share is provided.

Local governmental entities, Tribal Governments, and qualified nonprofit organizations are the only entities eligible for the program, and therefore are the only organizations from which information will be collected.

The information collection currently required for a request for proposals and grant application is approved and has been assigned the OMB Control No. 0596-0227.

Estimated Annual Number of Respondents: 50.

Estimated Burden per Response: 24 hours.

Estimated Number of Responses per Respondent: 1.

Estimated Number of Total Annual Responses: 50.

Estimated Total Annual Burden on Respondents: 1,200 hours.

Comment is Invited: Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will

be summarized and included in the submission request for Office of Management and Budget approval.

Jaelith Hall-Rivera,

Acting Deputy Chief, State & Private Forestry.

BILLING CODE 0099-10-D

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-44-2021]

Foreign-Trade Zone (FTZ) 136—Brevard County, Florida; Notification of Proposed Production Activity; Airbus OneWeb Satellites North America LLC (Satellites and Satellite Systems); Merritt Island, Florida

Airbus OneWeb Satellites North America LLC (Airbus OneWeb) submitted a notification of proposed production activity to the FTZ Board for its facility in Merritt Island, Florida. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 26, 2021.

Airbus OneWeb already has authority to produce satellites for commercial, private, and military applications within FTZ 136. The current request would add a finished product and foreign status materials/components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components and specific finished product described in

the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Airbus OneWeb from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, for the foreign-status materials/components noted below and in the existing scope of authority, Airbus OneWeb would be able to choose the duty rate during customs entry procedures that applies to unfinished satellites—modules of communication satellites (duty-free). Airbus OneWeb would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad include: Adhesives of silicone; propulsion piping of nickel alloy steel; assorted steel fasteners—shanks (less than 6mm diameter); threaded articles of bronze or brass; support stands of hall effect thrusters; magnetotors; thermistors; cylindrical electrical plugs, sockets, or connectors for cables or wires; electrical sockets or connectors; star tracker connection boxes; and, solar array panels (duty rate ranges from duty-free to 6.2%). The request indicates that certain materials/components are subject to duties under Section 232 of the Trade Expansion Act of 1962 (Section 232) or Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 232 and Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is July 19, 2021.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Wedderburn at Chris.Wedderburn@trade.gov.

Dated: June 1, 2021.

Andrew McGilvray,

Executive Secretary.
