² *Id.*

ARLANXEO Brasil filed case briefs,³ and on March 4, 2021, the petitioner filed a rebuttal brief.⁴ Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise covered by the order is certain ESB rubber from Brazil. The merchandise subject to this order is currently classifiable under subheadings 4002.19.0015 and 4002.19.0019 of the Harmonized Tariff Schedule of the United States (HTSUS). ESB rubber is described by Chemical Abstract Services (CAS) Registry No. 9003–55–8. This CAS number also refers to other types of styrene butadiene rubber. Although the HTSUS subheadings and CAS registry number are provided for convenience and customs purposes, the written description of the scope of this order is dispositive. For a full description of the scope of the order, see the Issues and Decision Memorandum.⁵

Analysis of Comments Received

All issues raised by parties in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>.

Disclosure of Calculations

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results of an administrative review within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the *Federal Register*, in accordance with 19 CFR 351.224(b). However, as noted above, Commerce has made no changes to its margin calculations since the *Preliminary Results*. Commerce disclosed its preliminary margin calculations to interested parties, and there are no additional calculations to disclose.⁶

Assessment Rates

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b).

Pursuant to 19 CFR 351.212(b)(1), where the respondent reported the entered value of their U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where the respondent did not report entered value, we calculated the entered value in order to calculate the assessment rate. Where an importer-specific assessment rate is *de minimis* (*i.e.*, less than 0.5 percent), the entries by that importer will be liquidated without reference to antidumping duties.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of
