

Notification System (July 05, 2013; 78 FR 40447), was established to ensure the OIG has the ability to recall personnel to place of duty when required and for use in emergency notification.

(t) The Defense Intelligence Agency (DIA) system of records LDIA 06-0004, Recall Rosters (September 13, 2012; 77 FR 56625), was established to recall personnel to their place of duty, for use in emergency notifications, and to perform relevant functions, requirements, and actions consistent with managerial functions during an emergency.

(u) The Pentagon Force Protection Agency system of records DPFPA 03, Pentagon Facilities Emergency and Incident Notification Records (May 01, 2014; 79 FR 24686), was established to provide notification to employees and situational awareness during an emergency or incident.

(v) The Defense Finance and Accounting Service (DFAS) system of records T3020, Living Disaster Recovery Planning System (January 22, 2009; 74 FR 3996), was established to provide DFAS with a standardized automated contingency planning process. Personal information in the system was used to publish organizational telephone directories/locators, recall personnel to place of duty when required, for use in emergency notification, and to perform relevant functions requirements consistent with managerial functions during an emergency/disaster.

The following individual system of records notices are being rescinded for the reasons stated in each paragraph below.

(a) The DIA system of records LDIA 12-0001, Unique Identifying Number (UIN) Management Records (April 12, 2012; 77 FR 21975), was established to manage the identification of strategic interrogation and support personnel and their employing U.S. Government agency. The DIA is rescinding LDIA 12-0001 because it determined this system of records is duplicative of the DIA system of records titled LDIA 10-0002, Foreign Intelligence and Counterintelligence Operation Records.

(b) The Department of the Air Force system of records F051 AFJA F, Confidential Financial Disclosure Report (April 16, 2010; 75 FR 19949), was established to determine potential or actual conflicts of interest in the performance of official duties. This system of records is being rescinded because these records are covered under a government-wide system of records titled OGE/GOVT-2, Executive Branch Confidential Financial Disclosure Reports (May 8 2003; 68 FR 24722).

(c) The Department of the Air Force system of records F052 AFHC D, Chaplain Applicant Processing Folder (June 11, 1997; 62 FR 31793), was established to process chaplain applicants to active duty. This system of records is being rescinded because these records are now maintained as part of the Department of the Air Force system of records titled F036 AF PC H, Air Force Enlistment/Commissioning Records System (January 27, 2012; 77 FR 4286). This system covers records maintained by recruiters to determine enlistment/commissioning eligibility, and process qualified applicants.

DoD is issuing a direct final rule, published elsewhere in today's issue of the **Federal Register**, to amend its regulation and remove the Privacy Act exemption rules for five of the Defense Manpower Data Center (DMDC) system of records being rescinded in this notice.

The DoD notices for systems of records subject to the Privacy Act have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Defense Privacy, Civil Liberties and Transparency Division website at <https://dpcl.dod.mil>.

In accordance with 5 U.S.C. 552a(r) and Office of Management and Budget (OMB) Circular No. A-108, DoD has provided a report of the rescindment of these systems of records to the OMB and to Congress.
