Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, an agreement containing a proposed consent order ("Proposed Order") from MoviePass, Inc., a corporation, Helios and Matheson Analytics, Inc. ("Helios"), a corporation, Mitchell Lowe, individually and as an officer of MoviePass, Inc., and Theodore Farnsworth, individually and as an officer of Helios ("Respondents"). The Proposed Order has been placed on the public record for 30 days to receive comments by interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's Proposed Order.

This matter involves Respondents' advertising, promotion and sale of the movie-viewing subscription service "MoviePass," which offered consumers access to one movie per day at their local movie theaters for a monthly subscription price. The FTC complaint challenges two aspects of Respondents' marketing of MoviePass:

First, the complaint alleges that Respondents' offer of one movie per day was deceptive due to several measures Respondents took to prevent consumers from using the service as promised—measures that included invalidating certain consumers' passwords, adding a difficult and defective ticket verification procedure to view movies, and placing undisclosed usage caps on frequent users.

The complaint alleges that this conduct violated two laws the FTC enforces. First, the FTC alleges the conduct to be a "deceptive act[] or practice[]" that violates Section 5(a) of the Federal Trade Commission Act ("FTC Act"), 15 U.S.C. 45(a). The conduct described above was deceptive because Respondents engaged in it to prevent consumers from using MoviePass once per day as advertised. Second, the FTC alleges that Respondents violated the Restore Online Shoppers' Confidence Act ("ROSCA"), 15 U.S.C. 8403, through the same conduct by failing to disclose the

steps that they took to prevent consumers from using MoviePass once per day. This failure violated ROSCA in two ways—by failing to disclose all material terms of the transaction as required by 15 U.S.C. 8403(1) and by failing to secure consumers' express informed consent to the transaction before charging their financial accounts as required by 15 U.S.C. 8403(2).

In addition to the deceptive marketing of MoviePass's "one movie per day" service, the complaint further alleges that Respondents MoviePass, Inc., Helios, and Lowe misrepresented the data security measures they took to protect consumers' personal information against unauthorized access. The complaint alleges that Respondents' actions constitute unfair or 1 deceptive acts or practices and the making of false advertisements, in violation of Section 5(a) of the FTC Act.

The Proposed Order is designed to prevent Respondents from engaging in similar acts or practices in the future. It includes injunctive relief to address these alleged violations and to prohibit similar and related conduct:

- Part I prohibits Respondents from future misrepresentations similar to those at issue in the complaint by prohibiting them from misrepresenting that:
 - A service will allow consumers to view one movie per day at their local theaters;
 - A service will allow consumers to view any movie, in any theater, at any time; and
 - Respondents will take reasonable administrative, technical, physical, or managerial measures to protect consumers' personal information from unauthorized access.
- Part I also features ancillary relief relating to the challenged conduct by prohibiting misrepresentations relating to (1) the total costs to purchase, receive, or use, and the quantity of, any good or service, (2) any material restrictions, limitations, or conditions to purchase, receive, or use the product or service, (3) the extent to which Respondents otherwise protect the privacy, security, availability, confidentiality, or integrity of consumers' personal information, and (4) any other material fact.
- Parts II–VI provide ancillary relief relating to the data security practices of MoviePass, Inc., Helios, and Lowe. The provisions thus only apply to businesses these three respondents operate.
 - Part II requires a comprehensive information security program for any enterprise that collects consumers' personal information, requiring among other things:

- That the information security program contain safeguards that are based on the volume and sensitivity of the personal information at risk;

- That testing and monitoring of the safeguards are conducted regularly but no less often than once a year; and

- That the information security program be documented, evaluated, and adjusted in light of any changes to business operations or new technological advancements.

- Parts III and IV respectively require the three respondents (1) to obtain an initial and then biennial third-party information security assessments and (2) to cooperate with the third parties conducting the assessments.

- Part V requires the three respondents to report to the Commission any event involving consumers' personal information that constitutes a reportable event to any U.S. federal, state, or local government authority.

- Part VI mandates that the three respondents submit an annual certification regarding their compliance with the Proposed Order's data security requirements.

- Parts VII through XI are reporting and compliance provisions. Part VII mandates that all Respondents acknowledge receipt of the Proposed Order and, for 20 years, distribute the Proposed Order to certain employees and agents and secure acknowledgments from recipients of the Proposed Order. Part VIII requires that Respondents submit compliance reports to the FTC one year after the order's issuance and submit additional reports when certain events occur. Part IX requires that, for 20 years, Respondents create certain records and retain them for at least 5 years. Part X provides for the FTC's continued compliance monitoring of Respondents' activity during the Proposed Order's effective dates. Part XI is a provision "sunsetting" the Proposed Order after 20 years, with certain exceptions. Respondents MoviePass, Inc. and Helios are exempt from Sections II–X of the Proposed Order until their bankruptcy cases are closed, and these bankruptcies led the FTC to not seek a monetary judgment in this matter.

The purpose of this analysis is to facilitate public comment on the Proposed Order. It is not intended to constitute an official interpretation of the complaint or Proposed Order, or to modify in any way the Proposed Order's terms.

By direction of the Commission.

Joel Christie,

Acting Secretary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Temporary Suspension of Dogs Entering the United States From High-Risk Rabies Countries

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Disease Control and Prevention (CDC) within the Department of Health and Human Services (HHS) announces a temporary suspension in the importation of dogs from high-risk rabies-enzootic countries (hereinafter referred to as high-risk country or countries) into the United States. Due to the unprecedented global response to the Coronavirus Disease 2019 (COVID–19) pandemic and limited availability of public health resources at the Federal, state, and local level, this action is necessary to protect the public health against the reintroduction of canine rabies virus variant (CRVV) into the United States and to ensure the welfare of dogs being imported into the U.S. This suspension, with limited exceptions, includes dogs imported from low-risk or CRVV-free countries if the dogs have been in any high-risk countries during the previous six months.

DATES: This notice is effective July 14, 2021.

FOR FURTHER INFORMATION CONTACT: For information regarding this notice contact: Ashley C. Altenburger, J.D., Division of Global Migration and Quarantine, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS–H16–4, Atlanta, GA 30329 or 404–498–1600.

For information regarding HHS/CDC regulations for the importation of dogs, please contact: Dr. Emily Pieracci, D.V.M., Division of Global Migration and Quarantine, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS–V–18–2, Atlanta, GA 30329 or 404–498–1600. Either Mrs. Altenburger or Dr. Pieracci may also be reached by email at CDCAAnimalImports@cdc.gov.

SUPPLEMENTARY INFORMATION:

I. Background and Authority

Rabies, one of the deadliest zoonotic diseases, accounts for an estimated 59,000 human deaths globally each year¹—which equates to one human death every 9 minutes. Canine rabies virus variant (CRVV) is responsible for 98% of these deaths.² The rabies virus can infect any mammal, and once clinical signs appear, the disease is almost always fatal.² In September 2007, at the Inaugural World Rabies Day Symposium, HHS/CDC declared the United States to be free of CRVV. However, this rabies virus variant is still a serious public health threat in the more than 120 countries where CRVV remains enzootic. Preventing the entry of animals infected with CRVV into the United States is a public health priority.

Under section 361 of the Public Health Service Act (PHS Act) (42 U.S.C. 264), the Secretary of Health and Human Services may make and enforce such regulations as in the Secretary's judgment are necessary to prevent the introduction, transmission, or spread of communicable diseases from foreign countries into the United States and from one State or possession into any other State or possession.³ Since at least 1956, Federal quarantine regulations (currently found at 42 CFR 71.51) have controlled the entry of dogs into the United States. *See* 21 FR 9870, Dec. 12, 1956. One of the principal goals of these regulations is to prevent the reintroduction and spread of CRVV into the United States. While the United States continues to have bat rabies lyssavirus (rabies viruses that are enzootic to bat populations) and multiple terrestrial variants of rabies circulating in wildlife species (*e.g.* fox, raccoon, skunk), it has been free of CRVV since 2007 and now focuses its regulatory efforts on preventing the reintroduction of this rabies variant.

Under 42 CFR 71.51, all dogs admitted into the United States must be accompanied by a valid rabies vaccination certificate.⁴ This

³ Although the statute assigns authority to the Surgeon General, all statutory powers and functions of the Surgeon General were transferred to the Secretary of HHS in 1966, 31 FR 8855, 80 Stat. 1610 (June 25, 1966), *see also* Public Law 96–88, 509(b), October 17, 1979, 93 Stat. 695 (codified at 20 U.S.C. 3508(b)). The Secretary has retained these authorities despite the reestablishment of the Office of the Surgeon General in 1987.
