SUPPLEMENTARY INFORMATION:

I. Abstract

The Annual Survey of U.S. Direct Investment Abroad (BE-11) obtains sample data on the financial structure and operations of U.S. parents and their foreign affiliates. The data are needed to provide reliable, useful, and timely measures of U.S. direct investment abroad to assess its impact on the U.S. and foreign economies. The sample data are used to derive universe estimates in non-benchmark years from similar data

reported in the BE-10, Benchmark Survey of U.S. Direct Investment Abroad, which is conducted every five years. The data collected include balance sheets; income statements; property, plant, and equipment; employment and employee compensation; merchandise trade; sales of goods and services; taxes; and research and development activity.

The Bureau of Economic Analysis (BEA) is not proposing any changes to the BE-11 survey.

II. Method of Collection

BEA contacts potential respondents by mail in March of each year; responses covering a reporting company's fiscal year ending during the previous calendar year are due by May 31. Reports are required from each U.S. person that has a direct and/or indirect ownership interest of at least 10 percent of the voting stock in an incorporated foreign business enterprise, or an equivalent interest in an unincorporated foreign business enterprise, and that meets the additional conditions detailed in the BE-11 forms and instructions. Entities required to report will be contacted individually by BEA. Entities not contacted by BEA have no reporting responsibilities.

BEA offers electronic filing through its eFile system for use in reporting on the BE-11 annual survey forms. In addition, BEA posts all its survey forms and reporting instructions on its website (www.bea.gov/dia). These may be downloaded, completed, printed, and submitted via fax or mail.

Potential respondents of the BE-11 are selected from those U.S. parents that reported owning foreign business enterprises in the 2019 BE-10, Benchmark Survey of U.S. Direct Investment Abroad, along with entities that subsequently entered the direct investment universe. The BE-11 is a sample survey; universe estimates are developed from the reported sample data.

III. Data

OMB Control Number: 0608-0053.

Form Number: BE-11.

Type of Review: Regular submission, reinstatement without change.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 3,500 respondents (U.S. parents). A complete response includes a BE-11 A form for the U.S. parent's domestic operation and one or more BE-11 B, C, or D forms for its foreign affiliates that meet the BE-11 survey requirements. BEA estimates that U.S. parents will submit 3,500 A forms, 24,000 B forms,

1,900 C forms, 100 D forms, and 500 Claim for Exemption forms.

Estimated Total Annual Burden Hours: 316,900 hours. Total annual burden is calculated by multiplying the estimated number of submissions of each form by the average hourly burden per form, which is 7 hours for the A form, 12 hours for the B form, 2 hours for the C form, 1 hour for the D form, and 1 hour for the Claim for Exemption form.

Estimated Time per Respondent: 90.5 hours per respondent (316,900 hours/3,500 U.S. parents) is the average but may vary considerably among respondents because of differences in company structure, complexity, and the number of foreign affiliates each U.S. parent must report.

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Mandatory.

Legal Authority: International Investment and Trade in Services Survey Act (Pub. L. 94-472, 22 U.S.C. 3101-3108, as amended).

Background: The CINTAC was established under the discretionary authority of the Secretary of Commerce and in accordance with the Federal Advisory Committee Act, as amended (5 U.S.C. App.), in response to an identified need for consensus advice from U.S. industry to the U.S. Government regarding the development and administration of programs to expand United States exports of civil nuclear goods and services in accordance with applicable U.S. laws and regulations, including advice on how U.S. civil nuclear goods and

services export policies, programs, and activities will affect the U.S. civil nuclear industry's competitiveness and ability to participate in the international market.

Any member of the public may submit written comments concerning the CINTAC's affairs at any time before or after the meeting.
