DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

June 14, 2021.

The Department of Agriculture has submitted the following information collection requirement(s) to Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by July 19, 2021 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

Rural Utilities Service

Title: Assistance to High Energy Cost Grants Rural Communities.

OMB Control Number: 0572–0136.

Summary of Collection: The Rural Electrification Act of 1936 (RE Act) (7 U.S.C. 901 *et seq.*) as amended in November 2000, to create new grant and loan authority to assist rural communities with extremely high energy costs (Pub. L. 106–472). The amendment authorized the Secretary of the U.S. Department of Agriculture through Rural Development to provide competitive grants for energy generation, transmission, or distribution facilities serving communities in which the national average residential expenditure for home energy is at least 275 percent of the national average residential expenditure for home energy. All applicants are required to submit a project proposal containing the elements in the prescribed format.

Need and Use of the Information: Information is collected by the Rural Utility Service from applicants to confirm that the eligibility requirements and the proposals are consistent with the purposes set forth in the statute. Various forms and progress reports are used to monitor compliance with grant agreements, track expenditures of Federal funds and measure the success of the program. Without collecting the listed information, USDA will not be assured that the projects and communities served meet the statutory requirements for eligibility or that the proposed projects will deliver the intended benefits.

Description of Respondents: Not-for-profit institutions; State, Local or Tribal Government.

Number of Respondents: 100.

Frequency of Responses: Recordkeeping; Reporting: On occasion.

Total Burden Hours: 1,172.

Agricultural Marketing Service

Title: Regulations for the Inspection of Eggs.

OMB Control Number: 0581–0113.

Summary of Collection: Congress enacted the Egg Products Inspection Act

(21 U.S.C. 1031–1056) (EPIA) to provide a mandatory inspection program to assure egg products are processed under sanitary conditions, are wholesome, unadulterated, and properly labeled; to control the disposition of dirty and checked shell eggs; to control unwholesome, adulterated, and inedible egg products and shell eggs that are unfit for human consumption; and to control the movement and disposition of imported shell eggs and egg products that are unwholesome and inedible. Regulations developed under 7 CFR part 57 provide the requirements and guidelines for the Department and industry needed to obtain compliance. The Agricultural Marketing Service (AMS) will collect information using several forms. Forms used to collect information provide method for measuring workload, record of compliance and non-compliance and a basis to monitor the utilization of funds.

Need and Use of the Information: AMS will use the information to assure compliance with the Act and regulations, to take administrative and regulatory action and to develop and revise cooperative agreements with the States, which conduct surveillance inspections of shell egg handlers and processors. If the information is not collected, AMS would not be able to control the processing, movement, and disposition of restricted shell eggs and egg products and take regulatory action in case of noncompliance.

Description of Respondents: Business or other for-profit; Federal Government; State, Local or Tribal Government.

Number of Respondents: 805.

Frequency of Responses: Recordkeeping: Reporting: On occasion; Quarterly.

Total Burden Hours: 1,942.

Foreign Agricultural Service

Notice of Request for Revision of a Currently Approved Information Collection

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces that the Foreign

Agricultural Service (FAS) intends to request a revision of a currently approved information collection for entry of specialty sugars into the United States.

DATES: Comments should be received on or before August 16, 2021 to be assured of consideration.

ADDRESSES: FAS invites interested persons to submit comments on this notice by any of the following methods:

- *Federal eRulemaking Portal:* This website provides the ability to type short comments directly into the comment field or attach a file for lengthier comments. Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

SUPPLEMENTARY INFORMATION:

Title: Specialty Sugar Certificate Application.

OMB Number: 0551–0025.

Expiration Date of Approval: August 31, 2021.

Type of Request: Revision of a currently approved information collection.

Abstract: The quota system established by Presidential Proclamation 4941 of May 5, 1982, prevented imports of certain sugars used for specialized purposes which originated in countries without quota allocations. Therefore, the regulation at 15 CFR part 2011 (Allocation of Tariff-

Rate Quota on Imported Sugars, Syrups and Molasses, subpart B—Specialty Sugar) established terms and conditions under which certificates are issued permitting U.S. importers holding certificates to enter specialty sugars from specialty sugar source countries under the sugar tariff-rate quotas (TRQ). Nothing in this subpart affects the ability to enter specialty sugars at the over-TRQ duty rates. Applicants for certificates for the import of specialty sugars must supply the information required by 15 CFR 2011.205 to be eligible to receive a specialty sugar certificate. The specific information required on an application must be collected from those who wish to participate in the program in order to grant specialty sugar certificates, ensure that imported specialty sugar does not disrupt the current domestic sugar program, and administer the issuance of the certificates effectively.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 2 hours per response.

Respondents: Importers.

Estimated Number of Respondents: 60.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 120 hours.

Request for Comments: The public is invited to submit comments and suggestions on all aspects of this information collection to help us to: (1) Evaluate whether the collection of information is necessary for the proper performance of FAS's functions, including whether the information will have practical utility; (2) Evaluate the accuracy of FAS's estimate of burden including the validity of the methodology and assumptions used; (3) Enhance the quality, utility and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Copies of this information collection can be obtained from Ronald Croushorn, the Agency Information Collection Coordinator, at (202) 720–3038 or e-mail at Ron.Croushorn@usda.gov.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission for Office of Management and Budget approval.
