RIN 1625-AA00

Safety Zone; M/V ZHEN HUA 26 Transit; Everport Container Terminal, San Pedro, California

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary final rule.

SUMMARY: The U.S. Coast Guard is establishing a temporary moving safety zone around the M/V ZHEN HUA 26 while it transits through the navigation channel during its transit to Everport Container Terminal, Berth 227, in San Pedro, California. This safety zone is necessary to protect personnel, vessels, and the marine environment from hazards associated with the arms of three ship-to-shore gantry cranes which will extend more than 200 feet out from the transiting vessel when the arms are lowered, and from the vessel's stability condition due to an air draft greater than 300 feet when the cranes are in the up position. Unauthorized persons or vessels are prohibited from entering into, transiting through, or remaining in the safety zone without permission of the Captain of the Port Los Angeles-Long Beach or a designated representative.

DATES: This rule is effective without actual notice from June 17, 2021, through 11:59 p.m. on June 21, 2021. For the purposes of enforcement, actual notice will be from 12:01 a.m. on June 11, 2021, until June 17, 2021.

CFR Code of Federal Regulations
 DHS Department of Homeland Security
 Pub. L. Public Law
 § Section
 U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking with respect to this rule because it is impracticable. The Coast Guard received notification and details of the transit on May 15, 2021, and therefore lacks sufficient time to provide a reasonable comment period and respond to comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. It is contrary to the public interest to delay the effective date of this rule because the safety zone must be effective by June 11, 2021 to protect vessels and persons during the upcoming transit.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Los Angeles-Long Beach has determined that potential hazards associated with the transit of the M/V ZHEN HUA 26 between June 11, 2021 through June 21, 2021, will be a safety concern for anyone within a

500-foot radius of the vessel during its transit to Everport Container Terminal, Berth 227, while the vessel is within the Port of Los Angeles-Long Beach and the waters inside the Federal breakwaters bounding San Pedro Bay or on the waters within three nautical miles seaward of the Federal breakwaters, respectively. The effect of the safety zone is to restrict navigation in the vicinity of the M/V ZHEN HUA 26. For this reason, a safety zone is needed to protect personnel, vessels, and the marine environment in the navigable waters around the M/V ZHEN HUA 26 during its transit to Berth 227 at the Everport Container Terminal in San Pedro, CA.

IV. Discussion of the Rule

This rule establishes a temporary safety zone from 12:01 a.m. on June 11, 2021 through 11:59 p.m. on June 21, 2021 during the transit of the M/V ZHEN HUA 26. While the M/V ZHEN HUA 26 is within the Port of Los Angeles-Long Beach and the waters inside the Federal breakwaters bounding San Pedro Bay or on the waters within three nautical miles seaward of the Federal breakwaters, respectively, the safety zone will encompass the navigable waters around and under the vessel, from surface to bottom, within a circle formed by connecting all points 500 feet out from the vessel. The safety zone is needed to protect personnel, mariners, and vessels from hazards associated with ship-to shore gantry crane arms which will extend more than 200 feet out from the transiting vessel.

Vessel traffic will be able to safely transit around the M/V ZHEN HUA 26 and the safety zone. Moreover, the Coast Guard will issue Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone, and the rule allows vessels to seek permission to enter the zone.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not

been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the limited duration and narrowly tailored geographic area of the safety zone. This safety zone impacts a 500-foot-radius area of the Port of Los Angeles-Long Beach and the waters inside the Federal breakwaters bounding San Pedro Bay or on the waters within three nautical miles seaward of the Federal breakwaters, respectively for a limited duration. While the safety zone encompasses a eleven-day period to account for uncertain transit delays of the M/V ZHEN HUA 26, the safety zone will only be enforced for the duration of the vessel’s inbound transit, which is expected to last less than 24 hours, and that period will be announced via Broadcast Notice to Mariners. Vessels desiring to transit through the safety zone may do so upon express permission from the COTP or the COTP’s designated representative.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator. Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees

who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under E.O. 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in E.O. 13132.

Also, this rule does not have tribal implications under E.O. 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01, Rev. 1,

associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f) and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves establishment of a temporary safety zone, limited in duration and size. This rule is categorically excluded from further review under paragraph L60(a) of Section L of the Department of Homeland Security Instruction Manual 023-01-001-01 (series). A Record of Environmental Consideration (REC) supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
