

having a drug conviction while receiving federal Title IV aid will no longer impact a student's Title IV aid eligibility.

For the 2021–2022 award year, institutions will still see Comment Codes 30, 33, or 57 for Selective Service issues and Comment Codes 53, 54, 56, or 58 for drug convictions. Each Comment Code will still include messaging that a resolution is required to regain eligibility for federal student aid. For Institutional Student Informational Reports (ISIRs) received on or after the implementation date, institutions must ignore the Comment Codes and the messaging requiring resolution and proceed to award and disburse aid to students if they are otherwise eligible. However, while recommended, institutions are not required to go back and reprocess, package, or award aid for ISIRs they received for the 2021–2022 award year prior to the implementation date unless requested by the student.

Federal Student Aid will be proactively sending emails to students who are associated with 2021–2022 ISIRs received prior to the implementation date and who were determined to be ineligible based on their answers to Selective Service and drug conviction questions informing them about the change in the law and their potential eligibility for Title IV aid. Emails will direct students to contact their institution's financial aid office.

2022–2023 Award Year

For the 2022–2023 award year, we will enhance implementation of the removal of Selective Service and drug conviction requirements for federal Title IV eligibility. Similar to the 2021–2022 award year:

- The Selective Service and drug conviction questions (as well as the option to register with the Selective Service via the FAFSA) will remain on the FAFSA;
- Failing to register with the Selective Service or having a drug conviction while receiving federal Title IV aid will no longer affect a student's Title IV aid eligibility; and
- Institutions will still see Comment Codes 30, 33, or 57 for Selective Service issues and Comment Codes 53, 54, 56, or 58 for drug convictions, which institutions must ignore and may not use as a reason to deny Title IV aid to a student.

However, for the 2022–2023 award year, the Department will include language in the Comment Codes stating that no further action is necessary on the part of the student or the institution.

2023–2024 Award Year

For the 2023–2024 award year, the Department plans to completely remove both the Selective Service and drug conviction questions from the FAFSA, as well as the option to register with the Selective Service via the FAFSA. We will also remove any associated Comment Codes and messaging that indicate a resolution is required for federal Title IV eligibility.

Questions about our early implementation of these provisions of the FAFSA Simplification Act should be referred to our Contact Customer Support outreach site within FSA's Help Center, located in the new Knowledge Center. To submit a question,

please enter your name, email address, topic, and question. When submitting a question related to this Dear Colleague Letter, please select the topic "FSA Ask-A-FED/Policy."

Thank you for your continued support of the Title IV federal student aid programs.

Sincerely,

Richard Cordray, Chief Operating Officer,
Federal Student Aid.

Annmarie Weisman, Deputy Assistant,
Secretary for Policy, Planning, and
Innovation, Office of Postsecondary
Education.

[Docket No. CP21-57-000]

Mountain Valley Pipeline, LLC; Notice of Schedule for the Preparation of an Environmental Assessment for the Proposed Amendment to the Certificate of Public Convenience and Necessity for the Mountain Valley Pipeline Project

On February 19, 2021, Mountain Valley Pipeline, LLC (Mountain Valley) filed an application in Docket No. CP21-057-000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(c) of the Natural Gas Act amending Mountain Valley's certificate of public convenience and necessity for the Mountain Valley Pipeline Project (Amendment to the Certificate of Public Convenience and Necessity for the Mountain Valley Pipeline Project or Amendment Project) to grant Mountain Valley the ability to change the crossing method for specific wetlands and waterbodies yet to be crossed by the project from the open-cut crossings to one of several trenchless methods. The Amendment Project would affect certain natural gas pipeline facilities in Wetzell, Lewis, Webster, Nicholas, Greenbrier, Summers, and Monroe Counties, West Virginia and Giles, Montgomery, Roanoke, Franklin, and Pittsylvania Counties, Virginia. Mountain Valley also proposes two minor route adjustments to avoid crossing wetlands and waterbodies.

On March 1, 2021, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Amendment Project and the planned schedule for the completion of the environmental review.¹

Schedule for Environmental Review

Issuance of EA—August 13, 2021
90-day Federal Authorization Decision
Deadline—November 11, 2021

If a schedule change becomes necessary, an additional notice will be

¹ 40 CFR 1501.10 (2020).
