#### **SUPPLEMENTARY INFORMATION:**

##### **A. OMB Control Number, Title, and Any Associated Form(s)**

9000–0061, Federal Acquisition Regulation Part 47: Transportation Requirements.

##### **B. Need and Uses**

DoD, GSA, and NASA are combining OMB Control Nos. for the FAR by FAR part. This consolidation is expected to improve industry's ability to easily and efficiently identify burdens associated with a given FAR part. The review of the information collections by FAR part allows improved oversight to ensure there is no redundant or unaccounted for burden placed on industry. Lastly, combining information collections in a

given FAR part is also expected to reduce the administrative burden associated with processing multiple information collections.

This justification supports the revision and extension of OMB Control No. 9000–0061, and combines it with the previously approved information collections under OMB Control Nos. 9000–0053, 9000–0054, 9000–0055, 9000–0056 and 9000–0057 with the new title “Federal Acquisition Regulation Part 47: Transportation Requirements.” Upon approval of this consolidated information collection, OMB Control Nos. 9000–0053, 9000–0054, 9000–0055, 9000–0056 and 9000–0057 will be discontinued. The burden requirements previously approved under the discontinued numbers will be covered under OMB Control No. 9000–0061.

This clearance covers the information that offerors and contractors must submit to comply with the following requirements in FAR part 47:

- *FAR 52.247–2, Permits, Authorities, or Franchises.* The clause requires an offeror to indicate whether it has the proper authorization from the Federal Highway Administration (or other cognizant regulatory body) before it can be allowed to move material under any contract for regulated freight transportation or transportation-related services. The offeror may also be requested to furnish a copy of the authorization before moving material under the contract. The contracting officer and transportation office review the information to ensure that the offeror has complied with all regulatory requirements and has obtained any permits, licenses, or franchises that are needed to transport the supplies.

- *FAR 52.247–6, Financial Statement.* This provision requires an offeror to furnish the Government with a current certified statement of the offeror's financial condition and such data as the Government may request with respect to the offeror's operations. The contracting officer uses this information to determine whether a potential awardee is responsible in accordance with FAR part 9.

- *FAR 52.247–48, F.o.b. Destination—Evidence of Shipment.* This clause requires the contractor to retain and make available to the Government for review, as necessary, evidence of free on board (f.o.b.) destination shipment documentation for a period of three years after final payment of the contract. The Government may request this information from the contractor while auditing a contract or to resolve disputes.

- *FAR 52.247–51, Evaluation of Export Offers.* This provision requires
