

“usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the FTZ Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on June 22, 2021.

FTZ 145 was approved by the FTZ Board on January 7, 1988 (Board Order 370, 53 FR 1503, January 20, 1988) and expanded on March 25, 1996 (Board Order 809, 61 FR 15217, April 5, 1996). The current zone includes the following sites: *Site 1* (262 acres)—Shreveport Industrial Park, 2929 Baird Road, Shreveport; and, *Site 2* (2,000 acres)—Port of Shreveport-Bossier Terminal Complex, 6000 Doug Attaway Boulevard, Shreveport.

The grantee’s proposed service area under the ASF would be Caddo and Bossier Parishes, Louisiana, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The application indicates that the proposed service area is within and adjacent to the Shreveport Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone to include both of the existing sites as “magnet” sites. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 2 be so exempted. No subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 145’s previously authorized subzones.

In accordance with the FTZ Board’s regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is August 27, 2021. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to September 13, 2021.

A copy of the application will be available for public inspection in the “Reading Room” section of the FTZ Board’s website, which is accessible via www.trade.gov/ftz.

For further information, contact Camille Evans at Camille.Evans@trade.gov.

Dated: June 23, 2021.

Executive Secretary.

Certain Cold-Drawn Mechanical Tubing of Carbon and Alloy Steel From India: Preliminary Results of Antidumping Duty Administrative Review; 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that sales of certain cold-drawn mechanical tubing of carbon and alloy steel (cold-drawn mechanical tubing) from India were made at less than normal value during the period of review (POR) June 1, 2019, through May 31, 2020. We invite interested parties to comment on these preliminary results.

DATES: Applicable June 28, 2021.

FOR FURTHER INFORMATION CONTACT: Alexis Cherry or Samantha Kinney, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0607 or (202) 482–2285, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 11, 2018, Commerce published the antidumping duty order on cold-drawn mechanical tubing from India.¹ On August 6, 2020, in accordance with 19 CFR 351.221(c)(i), Commerce initiated an administrative review of the *Order*, covering three producers/exporters.² On October 7, 2020, Pennar Industries Limited (a mandatory respondent) withdrew its request for administrative review of

² See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 85 FR 47734 (August 6, 2020).

itself.³ Based on this request, we rescinded this review with respect to Pennar Industries Limited, in accordance with 19 CFR 351.213(d)(1).⁴ The administrative review remains active with respect to the two remaining companies for which a review was initiated, *i.e.*, Goodluck India Limited (Goodluck)⁵ and Tube Products of India, Ltd., a unit of Tube Investments of India Limited (collectively, TII). For details regarding the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁶

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), Commerce determined that it was not practicable to complete the preliminary results of this review within 245 days and extended the deadline for the preliminary results of this review by 120 days, until June 30, 2021.⁷

Scope of the Order

The product covered by this *Order* is cold-drawn mechanical tubing from India. For a full description of the scope, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Act. For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. A list of topics included in the Preliminary Decision

⁵ Commerce is only reviewing entries that were produced, but not exported, by Goodluck, and/or entries that were exported, but not produced, by Goodluck. Pursuant to a Court of International Trade decision, effective May 10, 2020, Commerce excluded from the antidumping duty order certain cold-drawn mechanical tubing of carbon and alloy steel that was produced and exported by Goodluck. ⁶ See Memorandum, “Certain Cold-Drawn Mechanical Tubing of Carbon and Alloy Steel from India: Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2018–2019,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

⁷ See Memorandum, “Extension of Deadline for Preliminary Results of Antidumping Duty Administrative Review; 2019–2020,” dated February 9, 2021.

Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum is available at <http://enforcement.trade.gov/frn/>.

Preliminary Results of the Review

We preliminarily determine that the following weighted-average dumping margin exists for the period June 1, 2019, through May 31, 2020:

Exporter/producer	Weighted-average dumping margin (percent)
Tube Products of India, Ltd., a unit of Tube Investments of India Limited	13.06

Preliminary Determination of No Shipments

We preliminarily determine that Goodluck had no shipments of the subject merchandise to the United States during the POR.⁸ Consistent with its practice, Commerce finds that it is not appropriate to preliminarily rescind the review with respect to Goodluck, but rather to complete the review and issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on the final results of this review.

Disclosure and Public Comment

We intend to disclose the calculations performed to parties within five days after public announcement of the preliminary results.⁹ Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than seven days after the date for filing case briefs.¹⁰ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to

submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹¹ Executive summaries should be limited to five pages total, including footnotes. Case and rebuttal briefs should be filed using ACCESS¹² and must be served on interested parties.¹³ Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁴

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. An electronically-filed document must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice. Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP 35 days after the date of publication of the final results of this administrative review in the **Federal Register**.

For any individually examined respondent whose weighted-average dumping margin is above *de minimis* (i.e., 0.50 percent), upon completion of the final results, Commerce will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total entered value of sales. Where we do not have entered values for all U.S. sales to a particular importer/customer, we will calculate a per-unit assessment rate by

¹¹ See 19 CFR 351.303 (for general filing requirements).

¹² See generally 19 CFR 351.303.

¹³ See 19 CFR 351.303(f).

aggregating the antidumping duties due for all U.S. sales to that importer (or customer) and dividing this amount by the total quantity sold to that importer (or customer).¹⁵ To determine whether the duty assessment rates are *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculate importer- (or customer-) specific *ad valorem* ratios based on the estimated entered value. Where either a respondent's weighted-average dumping margin is zero or *de minimis*, or an importer- (or customer-) specific *ad valorem* rate is zero or *de minimis*, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁶

For each company which we determined had "no shipments" of the subject merchandise during the POR, upon completion of the final results, we will instruct CBP to liquidate all POR entries associated with that company at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction, consistent with Commerce's reseller policy.¹⁷

For entries of subject merchandise during the POR produced by each individually examined respondent for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹⁸

As noted in the *Timken Notice* regarding Goodluck, the suspension of liquidation of Goodluck's entries must continue during the pendency of the process of appealing the Court of International Trade's ruling. If the ruling is upheld by the Court of Appeals for the Federal Circuit, Commerce will instruct CBP to terminate the suspension of liquidation and liquidate entries produced and exported by Goodluck without regard to antidumping duties.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for TII will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which they were reviewed; (3) if the exporter is not a firm covered in this review or the original investigation but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 5.87 percent,¹⁹ the all-others rate established in the less-than-fair-value investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of our analysis of issues raised by the parties in the written comments, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

These preliminary results are being issued and published in accordance

with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: June 22, 2021.

James Maeder,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Preliminary Results of Changed Circumstances Reviews, and Intent To Revoke the Antidumping and Countervailing Duty Orders, in Part

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) intends to revoke, in part, the antidumping duty (AD) and countervailing duty (CVD) orders on crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells), from the People's Republic of China (China) with respect certain off-grid small portable CSPV panels. Interested parties are invited to comment on these preliminary results.

DATES: Applicable June 28, 2021.

FOR FURTHER INFORMATION CONTACT: Thomas Hanna, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0835.

SUPPLEMENTARY INFORMATION:

Background

On December 7, 2012, Commerce published the AD and CVD orders on solar cells from China.¹ On December 4,

¹ See *Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value, and Antidumping Duty Order*, 77 FR 73018

2020, SOURCE Global, PBC (SOURCE Global), a U.S. importer of subject merchandise, requested, through changed circumstance reviews (CCRs), revocation of the *Solar Cells Orders* with respect to certain off-grid small portable CSPV panels, pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216(b).²

On March 15, 2021, we initiated the requested CCRs.³ In the *Initiation Notice*, we invited interested parties to provide comments and/or factual information regarding these CCRs, including comments on industry support and the proposed partial revocation language. We received no comments or factual information.

Scope of the Solar Cells Orders

The merchandise covered by these orders is crystalline silicon photovoltaic cells, and modules, laminates, and panels, consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including, but not limited to, modules, laminates, panels and building integrated materials.

These orders cover crystalline silicon photovoltaic cells of thickness equal to or greater than 20 micrometers, having a p/n junction formed by any means, whether or not the cell has undergone other processing, including, but not limited to, cleaning, etching, coating, and/or addition of materials (including, but not limited to, metallization and conductor patterns) to collect and forward the electricity that is generated by the cell.

Merchandise under consideration may be described at the time of importation as parts for final finished products that are assembled after importation, including, but not limited to, modules, laminates, panels, building-integrated modules, building-integrated panels, or other finished goods kits. Such parts that otherwise meet the definition of merchandise
