Section 118 of the Copyright Act, title 17 of the United States Code, establishes a statutory license for the use of certain copyrighted works in connection with noncommercial television and radio broadcasting. Chapter 8 of the Copyright Act requires the Copyright Royalty Judges ("Judges") to conduct proceedings every five years to determine the rates and terms for the section 118 license. 17 U.S.C. 801(b)(1), 804(b)(6). Accordingly, the Judges commenced a proceeding in January 2021, by publishing notice of the commencement of the proceeding and a request that interested parties submit petitions to participate. 86 FR 325 (Jan. 5, 2021).

The Judges received petitions to participate in the current proceeding from The American Society of Authors, Composers and Publishers (ASCAP); Broadcast Music, Inc. (BMI); Church Music Publishers' Association, Inc. (CMPA); Educational Media Foundation (EMF); Global Music Rights, LLC; National Religious Broadcasters Noncommercial Music License Committee (NRBNMLC); David Powell; Public Broadcasting Entities (Corporation for Public Broadcasting (CPB), National Public Radio (NPR), and Public Broadcasting Service (PBS)); SESAC Performing Rights, LLC (SESAC); and The Harry Fox Agency LLC (HFA).

The Judges gave notice to all participants of the three-month negotiation period required by 17 U.S.C. 803(b)(3) and directed that, if the participants were unable to negotiate a settlement, they should submit Written Direct Statements no later than September 10, 2021. Notice of Participants, Commencement of Voluntary Negotiation Period, and Case Scheduling Order (Feb. 9, 2021).

There are two ways copyright owners and public broadcasting entities<sup>1</sup> may negotiate rates and terms under the section 118 statutory license. First, copyright owners may negotiate rates and terms with specific public broadcasting entities for the use of all of the copyright owners' works covered by

<sup>1</sup> A "public broadcasting entity" is defined as a "noncommercial educational broadcast station as defined in section 397 of title 47 and any nonprofit institution or organization engaged in the activities described in paragraph (2) of subsection (c)" of section 118. 17 U.S.C. 118(f).

the license. Section 118(b)(2) provides that such license agreements "shall be given effect in lieu of any determination by the . . . Copyright Royalty Judges," provided that copies of the agreement are submitted to the Judges "within 30 days of execution." 17 U.S.C. 118(b)(2).

Second, copyright owners and public broadcasting entities may negotiate rates and terms for categories of copyrighted works and uses that would be binding on all owners and entities using the same license and submit them to the Judges for approval. Section 801(b)(7)(A) of the Copyright Act authorizes the Judges to adopt rates and terms negotiated by "some or all of the participants in a proceeding at any time during the proceeding" provided they are submitted to the Judges for approval.

This section provides that the Judges shall provide notice and an opportunity to comment on the agreement to (1) those that would be bound by the terms, rates, or other determination set by the agreement and (2) participants in the proceeding that would be bound by the terms, rates, or other determination set by the agreement. *See* section 801(b)(7)(A). The Judges may decline to adopt the agreement as a basis for statutory terms and rates for participants not party to the agreement if any *participant* objects and the Judges conclude that the agreement does not provide a reasonable basis for setting statutory terms or rates. *Id.*

On June 21, 2021, the Judges received a joint proposal from participants HFA and NRBNMLC regarding fees for recording rights under 37 CFR 381.7(b)(4) for the period 2023-2027. Joint Proposal . . . Regarding Fees for Recording Rights Under 37 CFR 381.7(B)(4) (June 21, 2021) (Proposal). The fees in § 381.7(b)(4) apply to the "recording of nondramatic performances and displays of musical works for the types of uses described in 17 U.S.C. 118(c)(2)-(3) by noncommercial radio stations other than uses in a radio program produced by [NPR] and other than uses subject to voluntary license agreements." Proposal at 2. HFA and NRBNMLC filed a proposal instead of a notice of settlement because NRBNMLC does not represent all radio stations subject to the fees. *Id.* Participant EMF joins in the proposal. *Id.* at 3 n.2.

The Proposal states that the fees in § 381.7(b)(4) should be modified. *See id.* at 2-3. It also proposes carrying forward

unchanged (except to replace “January 1, 2018” with “January 1, 2023” and “December 31, 2022” with “December 31, 2027”) current provisions set forth in §§ 381.1, 381.2, 381.9, and 381.11. *Id.*

The Judges solicit comments on whether they should adopt the proposed regulations as statutory rates and terms relating to the reproduction, distribution, performance or display of certain works by public broadcasting entities (as defined in 17 U.S.C. 118(f)) in the course of the activities described in 17 U.S.C. 118(c).

Comments and objections regarding the proposed changes must be submitted no later than July 30, 2021.

**II. Background**

The EPA granted full approval of the Missouri Operating Permit Program effective June 13, 1997 (*see* 62 FR 26405). Under title 40 Code of Federal Regulations (CFR) 70.9(a) and (b), an approved state’s title V operating permits program must require that the owners or operators of part 70 sources pay annual fees, or the equivalent over some other period, that are sufficient to cover the permit program costs and ensure that any fee required under 40 CFR 70.9 is used solely for permit program costs. The fee schedule must result in the collection and retention of revenues sufficient to cover the permit program implementation and oversight costs.

Missouri has determined that fee adjustments are needed to offset the effect of declining revenues and to maintain the solvency of the Missouri Air Pollution Control Program.

**III. What is being addressed in this document?**

The EPA is proposing to approve revisions to the Missouri State Implementation Plan (SIP) and title V Operating Permits Program, 10–6.110 “Reporting Emission Data, Emission Fees, and Process Information,” submitted to the EPA on May 25, 2021. Revisions to the program include updating emission reporting years and
