Request for Information on Drinking Water Contaminants of Emerging Concern for the National Emerging Contaminant Research Initiative; Reopening of Comment Period

AGENCY: National Institutes of Health, HHS.

ACTION: Notice; reopening of comment period.

SUMMARY: The Department of Health and Human Services (HHS), National Institutes of Health (NIH), National Institute of Environmental Health Sciences (NIEHS), on behalf of the Office of Science and Technology Policy (OSTP), published a Notice in the **Federal Register** on May 25, 2021, requesting input from all interested parties on research needed to identify, analyze, monitor, and mitigate drinking water contaminants of emerging concern (DW CECs). Comments provided through this Request for Information (RFI) will inform the development of a National Emerging Contaminant Research Initiative (NECRI). The NECRI will be the precursor to Federal coordination of DW CEC research; and agencies will publish external grant solicitations that align with the goals of the NECRI. The purpose of this Notice is to provide a reopening of the comment period for an additional 30 days to provide more time to receive comments by interested parties.

DATES: This Request for Information has been reopened for public comment for 30 days. Responses must be received by August 2, 2021 to ensure consideration.

ADDRESSES: Responses to this RFI may be submitted online to NIEHSCEC@nih.gov. Email submissions should be machine-readable [PDF, Word] and should not be copy-protected. Submissions should include “RFI Response: Drinking Water Contaminants of Emerging Concern” in the subject line of the email.

Response to this RFI is voluntary. Each individual or organization is requested to submit only one response. Please feel free to respond to one or as many statements as you choose. Responses must not exceed 10 pages in 12 point or larger font (exclusive of attachments), with a page number provided on each page. Responses should include the name of the person(s) or organization(s) filing the response.

Responses containing references, studies, research, and other empirical data that are not widely published should include copies of or electronic links to the referenced materials. Responses containing profanity, vulgarity, threats, or other inappropriate language or content will not be considered.

Comments submitted in response to this RFI are subject to the Freedom of Information Act (FOIA). Responses to this RFI may also be posted, without change, on a Federal website. Therefore, we request that any proprietary information, copyrighted information, or personally identifiable information be omitted from your response to this RFI.

This RFI is for planning purposes only and should not be construed as a solicitation for applications or proposals, or as an obligation in any way on the part of the United States Federal government. The Federal government will not pay for the preparation of any information submitted or for the government’s use. Additionally, the government cannot guarantee the confidentiality of the information provided.

FOR FURTHER INFORMATION CONTACT:

Questions about this request for information should be directed to Christopher P. Weis, Ph.D., DABT, National Institute of Environmental Health Sciences (NIEHS), Telephone: 301-496-3512, Email: Christopher.Weis@nih.gov; or David M. Balshaw, National Institute of Environmental Health Sciences (NIEHS), Telephone: 984-287-3234, Email: balshaw@niehs.nih.gov.

SUPPLEMENTARY INFORMATION: The Department of Health and Human Services (HHS), National Institutes of Health (NIH), National Institute of Environmental Health Sciences (NIEHS), on behalf of the Office of Science and Technology Policy (OSTP), published a Notice in the **Federal Register** on May 25, 2021, pages (28120-28121), 86 FR 28120, requesting input from all interested parties on research needed to identify, analyze, monitor, and mitigate drinking water contaminants of emerging concern (DW
