

necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to [www.ed.gov/fund/grant/apply/appforms/appforms.html](http://www.ed.gov/fund/grant/apply/appforms/appforms.html).

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

*Note:* In addition, under 34 CFR 75.591, all TSL grantees must cooperate in any evaluation of the program conducted by the Department.

5. *Performance Measures:* The goal of TSL is to support educators, particularly those in High-Need Schools, to raise student academic achievement and close the achievement gap between high- and low-performing students. We have established performance measures for this program: (a) The percentage of teachers and School Leaders within the TSL-assisted schools rated effective or higher by their districts' evaluation and support systems; (b) the percentage of teachers and School Leaders across the participating district(s) that show improvements, over the previous year, on the student growth component of their evaluation rating; (c) the percentage of teachers and School Leaders within the TSL-assisted schools that show improvements, over the previous year, on the student growth component of their evaluation rating; (d) the percentage of teachers and School Leaders in TSL-assisted schools for whom evaluation ratings were used to inform decisions regarding recruitment, hiring, placement, retention, dismissal, professional development, tenure, promotion, or all of the above; (e) the percentage of teachers and School Leaders within the participating district(s) who earned performance-based compensation based on their individual evaluation ratings; (f) the percentage of teachers and School Leaders in TSL-funded schools who earned performance-based

compensation based on their individual evaluation ratings; (g) the number of teachers receiving performance compensation disaggregated by race, gender, and where available, disability status; (h) the number of School Leaders receiving performance compensation disaggregated by race, gender, and where available, disability status; and (i) the number of teachers receiving performance compensation for leadership responsibilities disaggregated by race, gender, and where available, disability status.

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

## VII. Other Information

*Accessible Format:* On request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this document and a copy of the application package in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, or compact disc, or other accessible format.

*Electronic Access to This Document:* The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at [www.govinfo.gov](http://www.govinfo.gov). At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal**

**Register** by using the article search feature at [www.federalregister.gov](http://www.federalregister.gov). Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

## DEPARTMENT OF ENERGY

[EERE-2021-BT-BC-0013]

### Future of Energy Codes Workshop; Reopening of the Public Comment Period

**AGENCY:** Office of Energy Efficiency and Renewable Energy, Department of Energy.

**ACTION:** Reopening of the public comment period.

**SUMMARY:** The U.S. Department of Energy (DOE) is reopening the public comment period for the request for public comments on its public stakeholder workshop on the Future of Energy Codes held June 22 and 24, 2021. DOE published notice of the workshop on June 14, 2021 and requested comments by July 8, 2021. On June 30, 2021, DOE received a request from the American Gas Association, American Public Gas Association, National Association of Home Builders, and National Propane Gas Association to extend the public comment period by 45 days. DOE is reopening the public comment period until July 31, 2021.

**DATES:** The comment period associated with the Future of Energy Codes Workshop, held on June 22 and 24, 2021 (86 FR 31491) is reopened. DOE will accept stakeholder comments and feedback from the Workshop on or before July 31, 2021.

**ADDRESSES:** Interested persons are encouraged to submit comments using the Federal eRulemaking Portal at [www.regulations.gov](http://www.regulations.gov). Follow the instructions for submitting comments. Alternatively, interested persons may submit comments, identified by docket number EERE-2021-BT-BC-0013 by any of the following methods:

1. *Federal eRulemaking Portal:* [www.regulations.gov](http://www.regulations.gov). Follow the instructions for submitting comments.

2. *Email:* To [buildingenergycodesworkshop2021BC0013@ee.doe.gov](mailto:buildingenergycodesworkshop2021BC0013@ee.doe.gov). Include docket number EERE-2021-BT-

BC-0013 in the subject line of the message.

No telefacsimilies (“faxes”) will be accepted.

Although DOE has routinely accepted public comment submissions through a variety of mechanisms, including postal mail and hand delivery/courier, the Department has found it necessary to make temporary modifications to the comment submission process in light of the ongoing COVID-19 pandemic. DOE is currently suspending receipt of public comments via postal mail and hand delivery/courier. If a commenter finds that this change poses an undue hardship, please contact the parties listed below to discuss the need for alternative arrangements. Once the COVID-19 pandemic health emergency is resolved, DOE anticipates resuming all of its regular options for public comment submission, including postal mail and hand delivery/courier.

*Docket:* The docket for this activity, which includes **Federal Register** notices, comments, and other supporting documents/materials, is available for review at [www.regulations.gov](http://www.regulations.gov). All documents in the docket are listed in the [www.regulations.gov](http://www.regulations.gov) index. However, not all documents listed in the index may be publicly available, such as information that is exempt from public disclosure. The docket web page can be found at: [www.regulations.gov/docket/EEER-2021-BT-BC-0013](http://www.regulations.gov/docket/EEER-2021-BT-BC-0013). The docket web page contains instructions on how to access all documents, including public comments, in the docket.

**FOR FURTHER INFORMATION CONTACT:**

Jeremiah Williams; U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, 1000 Independence Avenue SW, EE-5B, Washington, DC 20585; (202) 287-1941; [Jeremiah.Williams@ee.doe.gov](mailto:Jeremiah.Williams@ee.doe.gov).

For legal issues, please contact Matthew Ring; U.S. Department of Energy, Office of the General Counsel, 1000 Independence Avenue SW, GC-33, Washington, DC 20585; (202) 586-2555; [Matthew.Ring@hq.doe.gov](mailto:Matthew.Ring@hq.doe.gov).

**SUPPLEMENTARY INFORMATION:** On June 14, 2021, DOE published notice of a stakeholder workshop on the Future of Energy Codes (86 FR 31491), which was subsequently held on June 22 and 24, 2021. The workshop highlighted leading advancements in energy codes, bringing together key stakeholders from across the design and construction industry to discuss recent code updates, upcoming trends, as well as opportunities and challenges facing code implementation. In parallel with the workshop, a public docket was made available to provide

interested stakeholders the option of submitting written comments, in addition to participating directly in the workshop, with comments requested by July 8, 2021. (86 FR 31491) On June 30, 2021, DOE received a request from the American Gas Association, American Public Gas Association, National Association of Home Builders, and National Propane Gas Association to extend the public comment period by 45 days. These interested parties asked for additional time to review the workshop materials, consider the questions presented, and in recognition that the original comment period included a federal holiday.

After considering the request, DOE finds that a 45-day extension of the initial comment period would unnecessarily delay DOE’s ability to utilize information provided in the workshop and in comments. Such delay would also hinder its ability to effectively participate in and support the processes for updating building energy codes. However, DOE recognizes the concerns presented in the request, and DOE believes that a brief reopening of the comment period will enable the public to better review and comment on the information presented at the workshop. Accordingly, DOE finds it appropriate to reopen the comment period and will accept comments until July 31, 2021. DOE will consider any comments received by this date to be timely submitted.

**Signing Authority**

This document of the Department of Energy was signed on July 2, 2021, by Kelly Speakes-Backman, Principal Deputy Assistant Secretary and Acting Assistant Secretary for Energy Efficiency and Renewable Energy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on July 2, 2021.

**Treena V. Garrett,**

*Federal Register Liaison Officer, U.S. Department of Energy.*

[Project No. 1061-103]

**Pacific Gas and Electric Company; Notice of Application Ready for Environmental Analysis and Soliciting Comments, Recommendations, Terms and Conditions, and Prescriptions**

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* Major, new license.

b. *Project No.:* P-1061-103.

c. *Date filed:* August 24, 2020.

d. *Applicant:* Pacific Gas and Electric Company.

e. *Name of Project:* Phoenix Hydroelectric Project.

f. *Location:* The existing project is located on the South Fork Stanislaus River and in the Tuolumne River Basin, in Tuolumne County, California. The project occupies 26.99 acres of federal land administered by the U.S. Forest Service and 0.59 acres administered by the Bureau of Land Management.

g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791a-825r.

h. *Applicant Contact:* Jan Nimick, Vice President, Power Generation, Pacific Gas and Electric Company, 245 Market Street, San Francisco, CA 94105, (415) 973-0629.

i. *FERC Contact:* Jim Hastreiter, (503) 552-2760 or [james.hastreiter@ferc.gov](mailto:james.hastreiter@ferc.gov).

j. *Deadline for filing comments, recommendations, terms and conditions, and prescriptions:* 60 days from the issuance date of this notice; reply comments are due 105 days from the issuance date of this notice.

The Commission strongly encourages electronic filing. Please file comments, recommendations, terms and conditions, and prescriptions using the Commission’s eFiling system at <https://ferconline.ferc.gov/FEROnline.aspx>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at [FEROnlineSupport@ferc.gov](mailto:FEROnlineSupport@ferc.gov), (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room
