

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](https://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to the complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

C. How can I get copies of this document and other related information?

A copy of the CBD's Petition, "Re: Petition to Cancel Registration of PNR1427 (Brand Name Seresto) under the Federal Insecticide, Fungicide, and Rodenticide Act; Reg. No. 11556-155", is available in the docket under docket identification (ID) number EPA-HQ-OPP-2021-0409.

II. What does this action do?

EPA seeks public comment during the next 60 days on a petition received from the CBD requesting that the Agency cancel the Seresto registration, and to suspend Seresto's registration pending such requested cancellation. The petition was submitted under the Administrative Procedure Act (APA), 5 U.S.C. 553(e). The petition argues that Seresto must be cancelled because it poses an unreasonable risk to human health, pets, and the environment. The petition states that, "according to a recent aggregate incident summary report, since this product was introduced in 2012, EPA has received over 75,000 adverse incident reports, including at least 1,698 reports linking the use of this product to pet deaths and at least 700 involving human harm." CBD asserts that the incidents pose unreasonable adverse effects under FIFRA, and that "cancellation of this product is not only warranted but essential for protecting public health, consumers, imperiled wildlife, and companion animals."

The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2021-0409 is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), EPA West Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460-0001. Please note that due to the public health emergency the EPA Docket Center (EPA/DC) and Reading Room was closed to public visitors on March 31, 2020. Our EPA/DC staff will continue to provide customer service via email, phone, and webform. For further information on EPA/DC services, docket contact information and the current status of the EPA/DC and Reading Room, please visit <https://www.epa.gov/dockets>.
