Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the ARP-AIRE program is to support Tribal educational agencies (TEAs) in the provision of direct services to Indian children and youth. Projects must include one or more of the activities authorized under section 6121(c) of the Elementary and Secondary Education Act of 1965, as amended (ESEA).

Background: ARP-AIRE is a one-time discretionary grant competition

authorized under Section 11006(1) of the American Rescue Plan Act of 2021 (ARP) to provide awards to TEAs for activities authorized under section 6121(c) of the ESEA in order to meet the urgent needs of students in response to the Coronavirus 2019 (COVID-19) pandemic. Those activities include a broad range of direct services to Indian children and youth, their teachers, and families.

In accordance with the Department's commitment to engage in regular and meaningful consultation and collaboration with Indian Tribes, the Office of Elementary and Secondary Education's (OESE) Office of Indian Education (OIE) and the White House Initiative on American Indian and Alaska Native Education (WHIAIANE) conducted a virtual Tribal consultation session regarding the ARP-AIRE program on April 26, 2021. Consistent with the Department's trust responsibility to Tribes and its Tribal consultation Policy, the Department consulted with elected officials of federally recognized Tribes to ensure that their views inform the Department's policy decisions related to the priorities, requirements, and definitions that govern this competition. In addition to the virtual Tribal consultation, Tribal leaders and others had an opportunity to submit written comments to the Department by email. We solicited feedback on specific questions related to the design of this grant program during this Tribal consultation opportunity. A summary of the feedback to these questions and how we incorporated the feedback into this NIA follows.

1. We asked whether we should adopt the definition of TEA used in the State Tribal Education Partnership (STEP) program for the ARP-AIRE program, which is: "the agency, department, or instrumentality of an Indian Tribe that is primarily responsible for supporting Tribal students' elementary and secondary education." A significant number of comments from both Tribal leaders and others expressed interest in using the same definition from the STEP program. A commenter expressed interest in adding postsecondary education, and another proposed adding online students, to the definition. Because the activities in ESEA section 6121(c) are focused on pre-kindergarten (Pre-K) to grade 12 education, we are limiting the scope of this program to students in those grade levels. This scope covers students in a TEA's geographic area, regardless of whether students attend school in person or online. Thus, we are using the STEP definition of TEA in this ARP-AIRE program competition.
