

that may duplicate, overlap, or conflict with the proposed rule.

While the Service believes that certification under section 605(b) of the RFA is likely appropriate in regard to the May 7, 2021, proposed rule and consistent with our analysis of economic impacts under the January 7 rule, we have developed an IRFA out of an abundance of caution to ensure that economic impacts on small entities are fully accounted for in this rulemaking process.

The Service is making available to the public for review and comment both the revised RIA and the IRFA for the May 7, 2021, proposed rule (86 FR 24573) to revoke the January 7, 2021, rule (86 FR 1134). As noted above, the proposed rule is also available in the same docket for reference when reviewing the RIA and IRFA. Comments on the RIA and IRFA and any additional comments on the proposed rule will be addressed in the final rule.
