

Consolidated Appropriations Act of 2019.

Mary B. Jones,

ACF/OPRE Certifying Officer.

[FR Doc. 2021–15568 Filed 7–21–21; 8:45 am]

BILLING CODE 4184–22–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; ACF–901—American Rescue Plan (ARP) Stabilization Grants Provider-Level Data (New Collection)

AGENCY: Office of Child Care, Administration for Children and Families, Health and Human Services (HHS).

ACTION: Request for public comment.

SUMMARY: The Office of Child Care, Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), is proposing to collect data for a new collection, ACF–901—American Rescue Plan (ARP) Stabilization Grants Provider-Level Data. The data collection will provide numbers and characteristics of child care providers receiving ARP Act stabilization grant awards.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: The proposed collection of information will be posted at www.acf.hhs.gov/occ. Comments may be submitted by emailing

infocollection@acf.hhs.gov. Alternatively, a copy can also be obtained by emailing infocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The ARP Act of 2021 (Sec. 2202, Pub. L. 117–2) included approximately \$24 billion in funding for child care stabilization grants. State and territory lead agencies must spend at least 90 percent of the stabilization funds as subgrants to qualified child care providers to support the stability of the child care sector during and after the COVID–19 public health emergency. Data collection will include child care provider-level information about the numbers and characteristics of child care providers receiving stabilization grant awards.

Respondents: State and Territory Lead Agencies.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Annual number of responses per respondent	Average burden hours per response	Annual burden hours
ACF–901: American Rescue Plan (ARP) Stabilization Grants Provider-Level Data	56	4	20	4,480

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: The Child Care and Development Block Grant Act (42 U.S.C. 9857 *et seq.*); 45 CFR parts 98 and 99; the ARP Act of 2021 (Sec. 2202, Pub. L. 117–2).

Mary B. Jones,

ACF/OPRE Certifying Officer.

BILLING CODE 4184–84–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; The Study of Disability Services Coordinators and Inclusion in Head Start (New Collection)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: This is a new request for data collection for the Study of Disability Services Coordinators and Inclusion in Head Start. The study aims to provide a nationally representative picture of the Early Head Start (EHS) and Head Start (HS) Disability Services Coordinator (DSC) workforce, as well as services provided to children with disabilities and their families within these programs and how EHS/HS collaborates with services in the community, including health providers, Local Education Agencies, and Part C. This is the first study of the HS/EHS DSC workforce and will contain three waves of data collection using surveys and qualitative interviews.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, the Administration for Children and Families (ACF) is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing OPREinfocollection@acf.hhs.gov. Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation, 330 C Street SW, Washington, DC 20201, Attn: OPRE Reports Clearance Officer. All requests, emailed or written, should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Study of DSCs and Inclusion in Head Start will support ACF in better understanding the implementation of EHS/HS policies and practices for delivering disability services. This study aims to present a nationally representative description of the characteristics and work of DSCs and related staff in EHS/HS programs and how EHS/HS serves children with

disabilities and their families. The study will not allow for statistical generalization beyond EHS/HS and their service populations.

The study will report on inclusive practices, staffing, professional development, and collaboration with local education agencies, early intervention programs, health providers, and other community stakeholders who serve young children with disabilities and their families.

ACF aims to address the research questions through a national survey of EHS/HS program directors (Wave 1), a

survey with DSCs identified by the directors (Wave 2), and a one-time qualitative interview with a subset of DSCs who respond to the web-based survey (Wave 3). There are no data regarding the population of the DSC workforce and subgroups, preventing the team from setting a frame for selecting a nationally representative sample. Given the lack of administrative data and contact information about DSCs, it is essential that a national survey of EHS/HS directors (Wave 1) be conducted to identify DSC respondents. A purposive sample of DSCs who

completed the Wave 2 survey will be asked to participate in a semi-structured, qualitative interview.

Data collection activities will occur over 15 months, shortly after OMB approval. The three waves of data collection will occur concurrently—the Wave 1 survey will be fielded for approximately 8 months; the Wave 2 survey will be fielded for approximately 12 months; and the Wave 3 interviews will be conducted over 4 months.

Respondents: Head Start Directors, Head Start Disability Services Coordinators.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents (total over request period)	Number of responses per respondent (total over request period)	Average burden per response (in hours)	Total burden (in hours)	Annual burden (in hours)
Survey of EHS/HS Program Directors (Wave 1)	1,600	1	0.42	672	336
Survey of EHS/HS DSCs (Wave 2)	1,200	1	0.75	900	450
DSC Interview (Wave 3)	36	1	0.75	27	13.5

Estimated Total Annual Burden Hours: 799.5.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: 42 U.S.C. 9835; 42 U.S.C. 9844.

BILLING CODE 4184-22-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Office of Child Care Data Collection for ACF-218: FFY 2021 Quality Progress Report (QPR)

AGENCY: Office of Child Care, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Office of Child Care (OCC) is requesting a 1-year extension of the form ACF-218: Quality Progress Report (QPR) (OMB #0970-0517, expiration 9/30/2021). There are minor changes requested to the form related to COVID-19 pandemic supplemental funding increases.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: The proposed collection of information will be posted at www.acf.hhs.gov/occ. Comments may be submitted by emailing infocollection@acf.hhs.gov. Alternatively, a copy can also be obtained by emailing infocollection@acf.hhs.gov. All requests should be

identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: Lead Agencies are required to spend a certain percent of their Child Care and Development Fund (CCDF) awards on activities to improve the quality of child care. Lead Agencies are also required to invest in at least 1 of 10 allowable quality activities included in the Child Care and Development Block Grant (CCDBG) Act of 2014. In order to ensure that states and territories are meeting these requirements, the CCDBG Act and the CCDF final rule require Lead Agencies to submit an annual report that describes how quality funds were expended. The CCDF final rule named this the QPR. The report must describe how quality funds were expended, including what types of activities were funded and measures used to evaluate progress in improving the quality of child care programs and services. The QPR increased transparency on quality spending and will continue to gather detailed information on how states and territories are spending their quality funds, as well as more specific data points to reflect the requirements in the CCDBG Act and the CCDF final rule. The annual data provided by the QPR will be used to describe how lead agencies are spending a significant investment per year to key stakeholders, including Congress, federal, state and territory administrators, providers, parents, and the public.
